AAPLU calls for regularization of casual staffs

Claiming that 90 percent of contingency staffs working in various departments of the state government have not been regularized even after 15/20 years of service, the All Arunachal Pradesh Labour Union (AAPLU) has demanded for regularizing their services.

Government should make provision for regularizing all APST casual employees who have crossed 15 years and non-APSTs who have completed 18 years of casual service in the department.

Further, the new departmental vacancies should be filled up with the working casual employees in the ratio of 80:20 percent; 80% seats for the working employees and 20% for new candidates, it suggested in its memorandum to the chief minister.

AAPLU's other demands include inclusion of its president/secretary as members in DPC meeting, labour colony in all districts, grant of chief minister's relief fund to board registered labourers and construction of private labour stand at Nirjuli, Naharlagun, Ganga and Gohpur Tinali among others.
