

J&K govt aims to create 15,000 jobs annually through New Industrial Policy

Srinagar, Jun 10 (UNI) With the number of registered unemployed youth growing many folds in the last couple of years, the Jammu and Kashmir government is intending to create 15,000 jobs annually for the educated youth through the New Industrial Policy.

Minister for Industries and Commerce Chander Parkash, while replying to a question by MLA Ghulam Nabi Monga yesterday, informed the Lower House that the New Industrial Policy envisages industrial growth and development of all the regions of the state with focus on employment generation.
