EKCCPF against recruitment in RD department

The East Kameng Capital Complex People's Forum on Thursday claimed that recruitment of Joint Director (JD) in rural development department on deputation basis is a move by rural development and panchayati Raj department minister Tanga Byaling to remove joint director Kompu Dolo.

'JD is a promotional post from the feeder post of deputy director (RD). As such the post can't be filled up on deputation from outside at the will of the concern minister', it said in a release.

The forum claimed that while the post of JD was advertised, another post of JD (RE) was not advertised further alleging the minister of appointing approximately 150 people in the RD department in various categories without observing any formalities during his earlier tenure as minister RD and PR.

Further arguing that Byaling himself had recommended for promoting Kompu Dolo, then BDO for the post of deputy director, the forum further added, 'If Dolo was not eligible to be promoted as DD, the minister should not have recommended his name at the initial stage itself.
