Teachers in state seek job regularization

GUWAHATI: Several schoolteachers' associations on Monday staged protests seeking regularization of jobs.

A section of Teacher Eligibility Test (TET)-passed teachers, contractual teachers and those from venture schools (recognized by the government but not funded by it) staged protests in Guwahati, Lakhimpur and Chirang demanding regularization of their jobs.

Education minister Himanta Biswa Sarma said by December the government would create a mechanism to decide which schools would be funded by it and which wouldn't.
