

72 Persons got Permanent Appointment through employment exchange

The State government has decided to give permanent posting to 78 disabled persons in the State who have received appointment through employment exchange, Minister for Social Justice K.K. Shylaja has said.

Those who had completed 179 days at work between July 1, 1994, and December 31, 1996, are the ones being given permanent posting. They will include also those who did not complete 179 days because the relieving day was a public holiday.

The 78 persons were selected from a list of eligible 150 persons after scrutiny by the Director of Social Justice.

Those who did not possess adequate records or medical certificates in the prescribed form insisted on by the government were not considered for the permanent posting.
