

## **Aided school teachers to be redeployed**

The State government has issued an order redeploying nearly 4,000 aided school teachers who are without work and are not getting salaries due to loss of post.

As per the order, one teacher could be appointed to help lower primary or upper primary school headmasters/mistress functioning as coordinating officers in local self-government institutions.

The protected teachers could also be appointed to vacancies that came up on account of deputation of aided school teachers to Sarva Shiksha Abhiyan (SSA) and other projects. They could also be appointed as cluster coordinator at the panchayat level under the SSA.

As Right to Education Act makes it mandatory for special teachers for arts, sports and work experience to be appointed in all schools, such teachers could be appointed by clubbing more than one government or aided school.

After such clubbing, those appointed in upper primary schools could be appointed in the lower primary wing and vice versa too.
