

## **NMMC to recruit 2.3K new staff to double the current strength**

NAVI MUMBAI: The civic body will be recruiting 2,364 personnel, which will increase the current staff of 2,349 to 4,713.

Detailed proposal of the posts to be filled in every department was presented by the civic chief to the state government.

The process of recruitment was delayed for many years, resulting in the administration hiring staff on contract basis but this stop-gap arrangement was posing technical difficulties.

"I have personally considered the posts to be filled and spent a lot time to ensure there are no discrepancies in the recruitment," said the civic chief.

Now zonal in-charge and departmental heads can expect more staff. "New recruitment will help in better administration," said DMC (headquarters) Suhas Shinde.
