### **Plea for exam for recruitment of clerks**

The Pondicherry Judicial Employees Association has urged the government to conduct an examination to recruit stenographers and junior and senior-level clerks.

A delegation from the association recently met Chief Minister V. Narayanasamy and submitted a memorandum urging the government to conduct the examination for recruitment of stenographers and clerical staff.

The association also urged the government to provide housing facility for around 300 judicial staff members in the Union Territory.
