

## **Telangana State gives nod to fill 1,027 Group II posts**

HYDERABAD: Here is a good news for the lakhs of aspirants, who have been eagerly waiting for the conduct of Group II examinations, which were postponed earlier.

The Telangana government has reviewed the direct recruitment vacancy position in government departments and institutions and accorded permission to fill 593 vacancies in various categories to Telangana State Public Service Commission (TSPSC), in addition to 434 vacancies that were permitted earlier.

It may be recalled that though notification was issued earlier and even examination was scheduled to be conducted in April for filling up 434 posts, the state government had postponed the exam to include more posts in the notification and conduct exam for all posts in one go.

With financial clearance being given for 593 fresh posts, the total number of jobs for Group II aspirants has risen to 1,027. With TSPSC ready with all arrangements to conduct exams, it is expected that Group II examination may be held within three months.
