6) The **procedure followed by SLPRB, AP for evaluation of descriptive papers** is furnished below for information:-

- Each answer script is evaluated by two independent Examiners.
- If difference between these two valuations is less than 10% of Maximum Marks, the average of marks in the two valuations will be considered as final marks.
- However, if difference between two valuations is 10% or more of Maximum Marks, the answer script will be evaluated by a third Independent Examiner. The best two out of 3 valuations are selected and average of these is taken as the final marks for such answer script.

7) All those candidates who apply for "verification" for descriptive papers I or II are informed that "Verification" means re-totalling of marks already awarded and rechecking of average of 2 or 3 valuations, as the case may be. No fresh evaluation of answer script is undertaken as it has already been evaluated by 2 Examiners. The candidate will be provided a copy of marks question-wise for all the evaluations through e-mail.

8) Those who apply for Verification for Objective Papers-III & IV are informed that the OMR Sheet will be scanned once again and marks awarded will be checked as per the Answer Key already released.

9) Candidates are requested to download Scanned copy of OMR Sheets and verify the marks awarded. They must mention specific reason for request for "Verification" so that their grievance may be looked into.

10) It is reiterated that the candidate should apply request for verification separately for each paper and not through one common payment combining 2 or more requests. If combined, only first request will be considered and the other requests will be rejected.

11) Each valid representation received with fee for each paper separately will only be examined and the decision of the committee in the matter shall be final. No further communication or Anonymous/Incomplete representations will be entertained after the last date.

12) Candidates should also download the Applicant details and verify whether the information is correct or not.
