- (xviii) Delhi, Andaman and Nicobar Islands, Lakshadweep, Daman & Diu and Dadra & Nagar Haveli Police Service (DANIPS), Group 'B'
 - (xix) Pondicherry Civil Service (PONDICS), Group 'B'

General Information:

1. In these Rules, unless it has been specified or the context requires otherwise – the terms "Commission" or "UPSC" shall imply the Union Public Service Commission ; the term "DoPT" shall imply the Department of Personnel and Training of the Ministry Of Personnel, Public Grievances and Pensions, Government of India ; the terms "Examination" or "CSE" shall imply the Civil Services Examination ; the term "Main Examination" shall imply the Civil Services (Main) Examination ; the term "Preliminary Examination" shall imply the Civil Services (Preliminary) Examination ; and the terms "Rules" or "CSE Rules" shall imply the Civil Services Examination Rules.

All candidates (Male/Female/Transgender) must carefully read these Civil Services Examination-2021 Rules together with all the Appendices along with the Annexures thereof and the Examination Notice of the Union Public Service Commission (UPSC) derived from these Rules, in entirety for gaining awareness of the current Rules and Regulations as changes may have been incorporated since the previous Examination Rules.

The CSE-2021 will be conducted by the Commission in the manner prescribed in **Appendix-**I to these Rules. The dates on which and the places at which the Preliminary Examination and Main Examination of CSE-2021 will be held shall be fixed and notified by the Commission.

Brief particulars relating to the Services/Posts to which recruitment is being made through CSE-2021 are given in **Appendix-II** for preliminary information of candidates.

Vacancies and Reservation:

2. The tentative number of vacancies to be filled through the examination will be specified in the Examination Notice issued by the Commission.

Reservation will be made for candidates belonging to the Scheduled Castes, Scheduled Tribes, Other Backward Classes, Economically Weaker Sections as well as candidates belonging to Persons with Benchmark Disability categories in respect of vacancies as may be fixed by the Government.

Number of Attempts:

3. Every candidate appearing at the examination who is otherwise eligible, shall be permitted **six (6)** attempts at the CSE. However, relaxation in the number of attempts will be available to the SC/ST/OBC and PwBD category candidates who are otherwise eligible. The number of attempts available to such candidates as per relaxation is as under:

	Category to which the Candidate Belongs			
	SC /ST	OBC	PwBD	
Number of	Unlimited	09	09 for GL/EWS/OBC	
attempts			Unlimited for SC/ST	

Note-I: The terms – GL for General, EWS for Economically Weaker Sections, SC for Scheduled Castes, ST for Scheduled Tribes, OBC for Other Backward Classes and PwBD for Persons with Benchmark Disability – are used for denoting the categories of candidates taking an attempt at the Examination.

Note-II : An attempt at a Preliminary Examination shall be deemed to be an attempt at the Civil Services Examination.

Note-III : If a candidate actually appears in any one paper in the Preliminary Examination, it will be deemed that the candidate has made an attempt at the Examination.

Note-IV : Notwithstanding any subsequent disqualification/cancellation of candidature, the fact of appearance of the candidate at the Examination will count as an attempt.

Nationality:

4.(1) For Indian Administrative Service, Indian Foreign Service and Indian Police Service, a candidate must be a citizen of India.

- (2) For other Services, a candidate must be either-
 - (a) a citizen of India, or
 - (b) a subject of Nepal, or
 - (c) a subject of Bhutan, or

- (d) a Tibetan refugee who came over to India before the 1st of January, 1962 with the intention of permanently settling in India, or
- (e) a person of Indian origin who has migrated from Pakistan, Burma (Myanmar), Sri Lanka, East African countries of Kenya, Uganda, the United Republic of Tanzania, Zambia, Malawi, Zaire, Ethiopia or Vietnam with the intention of permanently settling in India.

Provided that a candidate belonging to any of the categories (b), (c), (d) or (e) shall be a person in whose favour a certificate of eligibility has been issued by the Government of India ; and that a candidate in whose case a certificate of eligibility is necessary may be admitted to the examination but the offer of appointment shall be given only after the necessary eligibility certificate has been issued to the candidate by the Government of India.

Age:

5.(1) A candidate must have attained the age of 21 years and must not have attained the age of 32 years on the 1st of August, 2021 i.e., the candidate must have been born not earlier than 2nd August, 1989 and not later than 1st August, 2000.

- (2) The upper age-limit prescribed above will be relaxable:
 - (a) up to a maximum of five years if a candidate belongs to a Scheduled Caste or a Scheduled Tribe;
 - (b) up to a maximum of three years in the case of candidates belonging to Other Backward Classes who are eligible to avail of reservation applicable to such candidates;
 - (c) up to a maximum of three years in the case of Defence Services Personnel, disabled in operations during hostilities with any foreign country or in a disturbed area and released as a consequence thereof;
 - (d) up to a maximum of five years in the case of ex-servicemen including Commissioned Officers and Emergency Commissioned Officers (ECOs)/Short Service Commissioned Officers (SSCOs) who have rendered at least five years Military Service as on 1st August, 2021 and have been released:
 - (i) on completion of assignment (including those whose assignment is due to be completed within one year from 1st August, 2021, otherwise than by way of dismissal or discharge on account of misconduct or inefficiency); or
 - (ii) on account of physical disability attributable to Military Service; or
 - (iii) on invalidment.
 - (e) up to a maximum of five years in the case of ECOs/SSCOs who have completed an initial period of assignment of five years of Military Service as on 1st August, 2021 and whose assignment has been extended beyond five years and in whose case the Ministry of Defence issues a certificate that they can apply for civil employment and that they will be released on three months notice on selection from the date of receipt of offer of appointment.
 - (f) up to a maximum of 10 years in the case of candidates belonging to Persons with Benchmark Disabilities (PwBD) categories viz.
 - (i) blindness and low vision;
 - (ii) deaf and hard of hearing;

- (iii) locomotor disability including cerebral palsy, leprosy cured, dwarfism, acid attack victims and muscular dystrophy;
- (iv) autism, intellectual disability, specific learning disability and mental illness;
- (v) multiple disabilities from amongst person under clauses (i) to (iv) including deafblindness.

Note-I: Candidates belonging to either the SC or the ST or the OBC category who are also covered under any other clauses of Rule 5(2) above, viz. those coming under the category of Ex-servicemen or PwBD, will be eligible for grant of cumulative age-relaxation under both categories.

Note-II: The term Ex-servicemen will apply to the persons who are defined as Ex-servicemen in the Ex-servicemen (Re-employment in Civil Services and Posts) Rules, 1979, as amended from time to time.

Note-III : The age concession under Rule 5(2)(d) and (e) will be admissible to Ex-servicemen i.e. a person who has served in any rank whether as combatant or non-combatant in the Regular Army, Navy and Air Force of the Indian Union and who either has been retired or relieved or discharged from such service whether at own request or being relieved by the employer after earning pension.

Note-IV : Notwithstanding the provision of age-relaxation under Rule 5(2)(f) above, candidates of PwBD category will be considered to be eligible for appointment only if they (after such Medical Examination as the Government or appointing authority, as the case may be, may prescribe) are found to satisfy the requirements of physical and medical standards for the concerned Services to be allocated to the candidates of PwBD category by the Government.

Note-V : Save as provided under Rule 5(2) above, the age-limits prescribed can in no case be relaxed.

(3) The date of birth, accepted by the Commission is that entered in the Matriculation or Secondary School Leaving Certificate or in a certificate recognised by an Indian University as equivalent to Matriculation or in an extract from a Register of Matriculates maintained by a University which extract must be certified by the proper authority of the University or in the Higher Secondary examination certificate or an equivalent examination certificate. The certificate in support of the date of birth is required to be submitted by a candidate only at the time of applying for the Civil Services (Main) Examination. No other document relating to age like horoscopes, affidavits, birth extracts from Municipal Corporation, Service records and the like will be accepted.

Note-I: Candidate should note that only the date of birth as recorded in the Matriculation or Secondary School Leaving Certificate or in an equivalent certificate as mentioned in Rule 5(3) above and issued prior to the date of submission of application will be accepted by the Commission, and no subsequent request for its change will be considered or granted.

Note-II: Candidates should also note that once a date of birth has been submitted by them in the application form and entered in the records of the Commission for the purpose of admission to an Examination, no change will be allowed subsequently or at any other Examination of the Commission on any grounds whatsoever.

Educational Qualification:

6. A candidate must hold a degree of any of the Universities incorporated by an Act of the Central or State Legislature in India or other educational institutions established by an Act of Parliament or declared to be deemed as a University under Section 3 of the University Grants Commission Act, 1956 or possess an equivalent qualification.

Note-I: Candidates who have appeared at a qualifying examination the passing of which would render them educationally qualified for the Commission's Examination but have not been informed of the result as also the candidates who intend to appear at such a qualifying examination will also be eligible for admission to the Civil Services (Preliminary) Examination. All candidates who are declared qualified by the Commission for taking the Civil Services (Main) Examination will be required to produce proof of passing the requisite qualifying examination, failing which such candidates will not be admitted to the Main Examination. Such proof of passing the requisite qualifying examination should be dated earlier than the due date (closing date) of Detailed Application Form-I of the Main Examination.

Note-II: In exceptional cases, the Commission may treat a candidate who does not have any of the foregoing qualifications as a candidate, provided that the candidate has passed an examination conducted by any other institution the standard of which in the opinion of the Commission justifies the admission to the Civil Services Examination.

Note-III : Candidates possessing professional and technical qualifications which are recognised by Government as equivalent to professional and technical degree would also be eligible for admission to the Civil Services Examination.

Note-IV : Candidates who have passed the final professional M.B.B.S or any other equivalent professional examination leading to a medical degree or certificate but have not completed their internship by the time of submission of their applications for the Civil Services (Main) Examination, will be provisionally admitted to the Civil Services Examination, provided they submit along with their application a copy of certificate from the concerned authority of the University/Institution that they had passed the requisite final professional examination. In such cases, the candidates will be required to produce at the time of their Interview/Personality Test the original degree or a certificate from the concerned competent authority of the University/Institution that they had completed all requirements (including completion of internship) for the award of the Degree.

Fees:

7. Candidates must pay the fees as prescribed in the Commission's Notice.

Undertaking by Government/PSU Employees:

8. All candidates in Government service, whether in a permanent or temporary capacity or as work-charged employee (other than casual or daily rated employees) or those serving under Public Enterprises, will be required to submit an undertaking that they have informed in writing to their Head of Office/Department that they have applied for the Examination. Candidates should note that in case a communication withholding permission to the candidates applying for appearing at the Civil Services Examination is received from their employer by the Commission, their applications will be liable to be rejected and their candidature will be cancelled.

Fulfilling Eligibility Conditions:

9. The candidates applying for the Civil Services Examination should ensure that they fulfil all the eligibility conditions for admission to the Examination. Their admission at all the stages of Examination for which they are admitted by the Commission viz. Civil Services (Preliminary) Examination, Civil Services (Main) Examination – either Written or the Interview/Personality Test – will be purely provisional, subject to their satisfying the prescribed eligibility conditions. If on verification at any time before or after the Preliminary Examination, Main Examination (Written) and Interview/Personality Test, it is found that they do not fulfil any of the eligibility conditions, their candidature for the Examination will be cancelled by the Commission. The decision of the Commission as to the eligibility or otherwise of a candidate for admission to the Examination shall be final.

Admission Certificate:

10. No candidate will be admitted to the Preliminary/Main Examination unless he holds a valid certificate of admission for the Examination.

Withdrawal of Application:

11. The Commission will provide a window of specified period for withdrawal of application for Civil Services (Preliminary) Examination after the closing date of application. No request for withdrawal of application will, however, be entertained after the expiry of the specified period by the Commission under any circumstances.

Restrictions in Application:

12.(1) A candidate who is appointed to the Indian Administrative Service or the Indian Foreign

Service based on the results of an earlier Examination and continues to be a member of that Service will not be eligible to appear at the Civil Services Examination-2021. In case such a candidate is appointed to the IAS or IFS after the Civil Services (Preliminary) Examination-2021 is over and the candidate continues to be a member of that Service, the candidate shall not be eligible to appear in the Civil Services (Main) Examination-2021 notwithstanding having qualified in the Civil Services (Preliminary) Examination-2021. If such a candidate is appointed to the IAS or IFS after the commencement of the Civil Services (Main) Examination-2021 but before the result thereof is declared by the Commission and continues to be a member of that Service, the candidate shall not be considered for appointment to any Service/Post on the basis of the result of the CSE-2021.

(2) A candidate who is appointed to the Indian Police Service based on the results of an earlier Examination and continues to be a member of that Service shall not be eligible to opt for the Indian Police Service on the basis of the result of the CSE-2021.

Detailed Application Forms DAF-I and DAF-II:

DAF-I:

13. For the Main Examination, a candidate shall be required to submit an on-line Detailed Application Form-I (DAF-I) along with scanned documents/certificates in support of date of birth, category [viz. SC/ST/OBC (without OBC Annexure)/EWS (without EWS Annexure)/PwBD/Ex-Servicemen] and educational qualification with required Examination Fee, within the prescribed time for the same. Any delay in submission of the DAF-I or documents in support beyond the prescribed date will not be allowed and will lead to cancellation of the candidature for the CSE-2021.

DAF-II:

14.(1) Before the commencement of Interview/Personality Test of the Examination, a candidate shall be required to mandatorily indicate order of preferences only for those Services which are participating in the Civil Services Examination-2021 and for which the candidate is interested to be allocated to in case of eventual selection, in the on-line Detailed Application Form-II (DAF-II). OBC Annexure (for OBC category only) and EWS Annexure (for EWS category only) is required to be mandatorily submitted. Any delay in submission of the DAF-II or documents in support beyond the prescribed date will not be allowed and will lead to cancellation of the candidature for the CSE-2021. A candidate may also upload additional documents/certificates of higher education, achievements in different fields, service experience, etc.

(2) In case of recommendation of candidature by UPSC for Service Allocation, the candidate shall be considered by the Government for allocation to one of those Services for which the preference has been indicated by the candidate in the on-line Detailed Application Form-II subject to fulfilment of other conditions. No change in preferences for Services once submitted by a candidate would be permitted. In case preference for none of the Services is indicated, the candidate will not be considered for Service Allocation.

(3) A candidate who wishes to be considered for Indian Administrative Service or Indian Police Service shall be required to indicate in the on-line Detailed Application Form-II the order of preferences for various Zones and Cadres for which the candidate would like to be considered for allotment in case of appointment to the IAS or IPS. No change in preference of Zones and Cadres once submitted by a candidate would be permitted.

Note-I: The candidates are advised to indicate preferences for various services or posts very carefully. Attention is also invited to Rule 21 (1) in this connection.

Note-II : The candidates are advised to periodically visit DoPT's website https://dopt.gov.in or https://cseplus.nic.in for information or details about Service Allocation, Cadre allotment, etc.

Note-III : As per the extant Cadre Allocation Policy applicable for the Civil Services Examination-2021, the candidates who wish to indicate IAS/IPS as their Service preference are advised to indicate all the Zones and Cadres in the order of preference in their on-line Detailed Application Form-II.

Minimum Qualification Marks and Language Medium:

15.(1) Candidates who obtain such minimum qualifying marks in the General Studies Paper-I of Preliminary Examination as may be fixed by the Commission at their discretion and a minimum of 33% marks in General Studies Paper-II of Preliminary Examination shall be admitted to the Civil Services (Main) Examination. The candidates who obtain such minimum qualifying marks in the Main Examination (Written) as may be fixed by the Commission at their discretion shall be invited for Interview/Personality Test.

Provided that candidates belonging to the Scheduled Castes or Scheduled Tribes or Other Backward Classes or the Economically Weaker Sections or Persons with Benchmark Disability category(ies) may be invited for Interview/Personality Test by the Commission by applying relaxed standards in the General Studies Paper-I of the Preliminary Examination as well as Main Examination (Written) if the Commission is of the opinion that sufficient number of candidates belonging to these categories are not likely to be invited for Interview/Personality Test on the basis of the general standard in order to fill up vacancies reserved for them. (2) Candidates are required to indicate in relevant column of the Detailed Application Form-I for Civil Services (Main) Examination about the language medium in which they would like to be interviewed at the time of Interview/Personality Test as below:-

- (a) The candidates, opting for an Indian Language medium for the Written part of the Civil Services (Main) Examination, may choose either the same Indian Language or English or Hindi as the medium for the Interview/Personality Test.
- (b) The candidates, opting to write the Civil Services (Main) Examination in English, may choose as the medium for Interview/Personality Test either English, or Hindi, or any other Indian Language opted by them for the compulsory Indian Language Paper in the Written part of the Civil Services (Main) Examination. However, the candidates, who are exempted from the compulsory Indian Language Paper, will have to choose either English or Hindi as medium for Interview/Personality Test.

16. Candidates are informed that some knowledge of Hindi prior to entry into Service would be of advantage in passing the departmental examinations which the candidates have to take after entry into Service.

Minimum Qualification Marks for Persons with Benchmark Disability:

17. The minimum qualifying marks as specified under Rule 15 and Rule 20 may be relaxable at the discretion of the Commission in favour of Candidates belonging to Persons with Benchmark Disability category in order to fill up the vacancies reserved for them.

Provided that where candidates belonging to Persons with Benchmark Disability category obtain the minimum qualifying marks in own merit in the requisite number for filling up the vacancies under the Unreserved, or the Scheduled Caste or the Scheduled Tribe or the Other Backward Class or the Economically Weaker Sections category(ies), then extra candidates (i.e., more than the number of vacancies reserved for them) belonging to Persons with Benchmark Disability category, shall be recommended by the Commission on the relaxed standards and consequential amendments in the rules will be notified in due course.

Medical Examination:

18.(1) A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the discharge of duties as an officer of a Service. Any candidate called for the Interview/Personality Test by the Commission shall be required to undergo such Medical Examination, as the Government or the appointing authority, as the case may be, may prescribe.

(2) The prescribed Medical Examination shall be deemed to be an essential part of the Examination process and the onus to cooperate fully with and desist from non-appearance on scheduled dates or leaving incomplete the Medical Examination or malingering etc. before the Expert Panels and Medical Boards shall be upon the candidates.

(3) Failure for any reason whatsoever on part of candidates to complete the Medical Examination/s as per the specified details or within the time-limit as may be prescribed by the Government or the appointing authority or as per the advice of the Expert Panels or Medical Boards, as the case may be, shall render such candidates liable for cancellation of their candidature at the Civil Services Examination-2021; and no extra opportunities for completion of the prescribed Medical Examination/s shall be provided in any case.

(4) Any candidate who after such Medical Examination/s as may be prescribed by the Government or the appointing authority, as the case may be, is found not to satisfy the requirements as per prescribed standards will not be appointed;

Provided that in the case of a candidate who is declared to be 'Temporarily Unfit', an opportunity for re-examination within a specified period not exceeding the maximum period that may be specified shall be given. On re-examination, the said candidate should not be declared 'Temporarily Unfit' for a further period but a final decision in regard to the candidate's fitness for appointment or otherwise should be given.

Note-I: The Regulations providing particulars of the nature and detailed procedures of various tests and required qualifying standards at the Medical Examination to which candidates will be subjected before appointment are given in **Appendix-III**.

Note-II: For the disabled ex-Defence Services Personnel, the standards will be relaxed consistent with the requirements of the Service(s).

Note-III : A candidate may be recommended as **Fit** or **Unfit for All Services** or **Temporarily Unfit or Unfit for Specific Services** as per the extant Regulations given in Appendix-III. The onus for carefully reading those to familiarize themselves of the relevant provisions shall be upon the candidates.

Note-IV: The conditions that render candidates as "Temporarily Unfit" may relate to a temporary disability presently disqualifying a candidate for Government Service but which can be cured by medical or surgical treatment viz. the conditions that may originate from excessive Body Mass Index, Pregnancy, Varicose Veins, Diabetic conditions, Hearing Defects or any other conditions as included in the Regulations at Annexure-III. The onus for carefully reading those to familiarize themselves of the relevant provisions shall be upon the candidates, who may also consider having themselves treated for such temporary but treatable disability conditions even before or while appearing for the Examination.

Note-V: In order to be aware of their medical fitness condition, candidates may consider having themselves examined by a Government Medical Officer of the standing of a Civil Surgeon, before applying for admission to the Examination. However, it is to be clearly noted that while this may make the candidates aware and prevent the possibility of any eventual disappointment, the prescribed Medical Examination as per these Rules shall be mandatory and only the results of the prescribed Medical Examination shall be deemed valid for assessing whether a candidate meets the requirements to be appointed.

Disqualification, Debarment, Disciplinary Action, Criminal Prosecution:

19.(1) A candidate who is or has been declared by the Commission to be guilty of :-

- (a) Obtaining support for candidature by the following means, namely :-
 - (i) offering illegal gratification to; or
 - (ii) applying pressure on; or
 - (iii) blackmailing, or threatening to blackmail any person connected with the conduct of the examination; or
- (b) impersonation; or

- (c) procuring impersonation by any person; or
- (d) submitting fabricated/incorrect documents or documents which have been tampered with; or
- (e) uploading irrelevant or incorrect photo/signature in the application form in place of actual photo/signature; or
- (f) making statements which are incorrect or false or suppressing material information; or
- (g) resorting to the following means in connection with the candidature for the examination, namely :-
 - (i) obtaining copy of question paper through improper means; or
 - (ii) finding out the particulars of the persons connected with secret work relating to the examination; or
 - (iii) influencing the examiners; or
- (h) being in possession of or using unfair means during the examination; or
- (i) writing obscene matter or drawing obscene sketches or irrelevant matter in the scripts; or
- (j) misbehaving in the examination hall including tearing of the scripts, provoking fellow examinees to boycott examination, creating a disorderly scene and the like; or
- (k) harassing, threatening or doing bodily harm to the staff employed by the Commission for the conduct of the examination; or
- being in possession of or using any mobile phone, (even in switched-off mode), pager or any electronic equipment or programmable device or storage media like pen drive, smart watches etc. or camera or bluetooth devices or any other equipment or related accessories (either in working or switched-off mode) capable of being used as a communication device during the examination; or
- (m) violating any of the instructions issued to candidates along with their admission certificates permitting them to take the examination; or
- (n) attempting to commit or, as the case may be, abetting the commission of all or any of the acts specified in the foregoing clauses;

in addition to being liable to criminal prosecution, shall be disqualified by the Commission from the Examination held under these Rules; and/or shall be liable to be debarred either permanently or for a specified period :-

- (i) by the Commission, from any examination or selection held by them;
- (ii) by the Central Government from any employment under them;

and shall be liable to face disciplinary action under the appropriate rules if already in service under Government;

Provided that no penalty under this rule shall be imposed except after :-

- (i) giving the candidate an opportunity of making such representation in writing as the candidate may wish to make in that behalf; and
- (ii) taking the representation, if any, submitted by the candidate within the period allowed for this purpose, into consideration.

(2) Any person who is found by the Commission to be guilty of colluding with a candidate(s) in committing or abetting the commission of any of the misdeeds listed at the clauses (a) to (m) above will be liable to action in terms of the clause (n) in Rule 19 (1) above.

Declaration of Results, Allocation to Service and Cadre for IAS/IPS:

20.(1) After Interview/Personality Test, the candidates will be arranged by the Commission in the order of merit as determined by the aggregate marks finally awarded to each candidate in the Main Examination. Thereafter, the Commission shall, for the purpose of recommending candidates against unreserved vacancies, fix a qualifying mark (hereinafter referred to as general qualifying standard) with reference to the number of unreserved vacancies to be filled up on the basis of the Main Examination. For the purpose of recommending reserved category candidates belonging to Scheduled Castes, Scheduled Tribes, Other Backward Classes, Economically Weaker Sections and candidates belonging to Persons with Benchmark Disability category against reserved vacancies, the Commission may relax the general qualifying standard with reference to number of reserved vacancies to be filled up in each of these categories on the basis of the Main Examination.

Provided that the candidates belonging to the Scheduled Castes, Scheduled Tribes, Other Backward Classes and Economically Weaker Sections who have not availed of any of the concessions or relaxations in the eligibility or the selection criteria, at any stage of the examination and who after taking into account the general qualifying standards are found fit for recommendation by the Commission, shall not be recommended against the vacancies reserved for Scheduled Castes, Scheduled Tribes, Other Backward Classes and Economically Weaker Sections, but shall in the first instance be recommended by the Commission against the unreserved vacancies.

(2) While making Service Allocation, the candidates belonging to the Scheduled Castes, the Scheduled Tribes, the Other Backward Classes and Economically Weaker Sections recommended against unreserved vacancies may be adjusted against reserved vacancies by the Government, if by this process they get a Service of higher choice in the order of their preference.

(3) The Commission may further lower the general qualifying standards to take care of any shortfall of candidates for appointment against resultant unreserved vacancies and any surplus of candidates against reserved vacancies arising out of the process as per provisions of sub-rule (2) above; and the Commission may make the recommendations in the manner prescribed in sub-rules (4) and (5).

- (4) (a) While recommending the candidates, the Commission shall, in the first instance, take into account the total number of vacancies in all categories. The total number of recommended candidates shall be reduced by the number of candidates belonging to Scheduled Castes, Scheduled Tribes, Other Backward Classes and Economically Weaker Sections who acquire the merit at or above the fixed general qualifying standard without availing of any concession or relaxation in the eligibility or selection criteria in terms of the proviso to sub-rule (1).
 - (b) Along with this list of recommended candidates, the Commission shall also maintain a Consolidated Reserve List of candidates which will include candidates from unreserved

and reserved categories, ranking in order of merit below the last recommended candidate under each category. The number of candidates, of unreserved category and of reserved category each, in the list will be equal to the number of reserved category candidates who in the first instance were included in the list of recommended candidates as per proviso to sub-rule (1).

- (c) Amongst the candidates of reserved category in the Consolidated Reserve List, the number of candidates from each category of Scheduled Caste, Scheduled Tribe, Other Backward Class and Economically Weaker Sections will be equal to the respective number of candidates reduced in each category while recommending candidates in the first instance.
- (d) The Consolidated Reserve List so maintained shall be treated as confidential till the process of recommendation(s) in terms of sub-rule (5) is finally concluded by the Commission.

(5) The candidates recommended in terms of the provisions of sub-rule (4), shall be allocated by the Government to the Services and where certain vacancies still remain to be filled up, the Government may forward a requisition to the Commission requesting it to recommend, in order of merit, from the Consolidated Reserve List, the same number of candidates as requisitioned for the purpose of filling up the unfilled vacancies in each category.

(6) For candidates recommended on Provisional basis by the Commission either in the results declared in the first instance or from the Consolidated Reserve List due to non-completion of any requisite formalities by the candidates or for any other reason whatsoever, the remedial action for meeting the requisite formalities shall be completed by the candidate without any undue delay and in any case within a period of time allowed further from the date of declaration of such Provisional result as the Government may prescribe and notify.

21.(1) Due consideration will be given at the time of allocation of Service based on the results of the Examination to the order of preference expressed by a candidate in respect of Services in the Detailed Application Form-II for Civil Services Examination-2021. The appointment to various Services will also be governed by the Rules/Regulations in force as applicable to the respective Services at the time of appointment.

(2) The Cadre Allocation of candidates selected for appointment to IAS or IPS will be governed by the policy of Cadre Allocation in force at the time of allotment of cadre. Due consideration will be given at the time of Cadre allocation based on the results of the Examination to the preferences expressed by a candidate for various Zones and Cadres thereunder at the time of submission of Detailed Application Form-II for Civil Services Examination-2021.

Communication of the Results of the Examination:

22. The form and manner of communication of the results of the examination to individual candidates shall be decided by the Commission at their discretion and the Commission will not enter into correspondence with candidates regarding the results.

Suitability for Appointment:

23. No right to allocation and appointment to a Service is conferred to a candidate declared as successful by the Commission as per the results of the Examination, unless the Government is satisfied after such enquiry as may be considered necessary that the candidate, having regard to character and antecedents and certificates produced during the course of examination for the

purpose of eligibility as well as for claiming any kind of benefit for reservation and to the Medical Examination Reports, is suitable in all respects for allocation/appointment to the Service. The decision of the Government in this regard shall be final.

24. No person –

- (a) who has entered into or contracted a marriage with a person having a spouse living, or
- (b) who, having a spouse living, has entered into or contracted a marriage with any other person,

- shall be eligible for appointment to Service.

Provided that the Central Government may, if satisfied that such marriage is permissible under the personal law applicable to such person and the other party to the marriage and there are other grounds for doing so, exempt any person from the operation of this rule.

Reservation against vacancies for Persons with Benchmark Disability:

25. The eligibility for availing reservation against the vacancies reserved for the Persons with Benchmark Disabilities shall be the same as prescribed in "The Rights of Persons with Disabilities Act, 2016 (RPwD Act, 2016)". The candidates of Multiple Disabilities will be eligible for reservation under category (e)-Multiple Disabilities only of Section 34(1) of RPwD Act, 2016 and shall not be eligible for reservation under any other categories of disabilities i.e. (a) to (d) of Section 34(1) of RPwD Act, 2016 on account of having disability of 40% and above in any of these sub-categories of PwBD.

Provided further that the candidates from Persons with Benchmark Disability category shall also be required to meet special eligibility criteria in terms of Functional Classification and Physical Requirements (abilities/disabilities) (FC&PR) consistent with requirements of the identified Service/post as may be prescribed by its Cadre Controlling Authority.

Note-I: The details of Functional Classification (FC) and Physical Requirements (PR) of each Service participating in CSE-2021 are indicated in **Appendix-IV** of these Rules which are identified and prescribed by the respective Cadre Controlling Authorities (CCAs) as per the provisions of Section 33 and 34 of the Rights of Persons with Disabilities Act, 2016.

Note-II: Persons with Benchmark Disability with only those category(ies) of disability(ies) mentioned in Appendix-IV shall be eligible to apply for the Examination under PwBD category. Therefore, candidates concerned are advised to read it carefully before applying appropriately for admission to the Examination.

Note-III : Candidates belonging to Persons with Benchmark Disability category are likely to have been previously tested and in possession of related medical certificates even before applying for admission to the Examination. However, it is to be noted clearly that the prescribed Medical Examination as per these Rules, also including that for benchmark disability category(ies), shall be mandatory and only the results of the prescribed Medical Examination shall be deemed valid for assessing whether a PwBD category candidate meets the requirements to be appointed.

Change of Category:

26.(1) If the category indicated by a candidate in the application form for the Civil Services (Preliminary) Examination is unreserved category but the candidate subsequently writes to the Commission to change the category to a reserved one, such request shall not be entertained by the Commission. Further, once a candidate has chosen a reserved category, no request shall be entertained for change to other reserved category viz. SC to ST, ST to SC, OBC to SC/ST or SC/ST to OBC, SC to EWS, EWS to SC, ST to EWS, EWS to ST, OBC to EWS, EWS to OBC, etc. No Reserved category candidates other than those recommended on General Merit shall be allowed to change their category after the declaration of final result by UPSC. Further, no candidate belonging to any sub-category of Persons with Benchmark Disabilities (PwBD) shall be allowed to change the sub-category of disability.

(2) While the above principle will be followed in general, there may be a few cases where there was a gap of not more than 3 months between the issuance of a Government Notification enlisting a particular community in the list of any of the reserved communities and the date of submission of the application by the candidate. In such cases, the request of change of category from unreserved to reserved may be considered by the Commission on merit.

(3) In case of a candidate becoming a candidate belonging to Persons with Benchmark Disability category during the course of the examination process, the candidate must produce valid document of acquiring a disability to the extent of 40% or more as defined under the RPwD Act, 2016 to consider drawing the benefits of reservation as available to the Persons with Benchmark Disability (PwBD) category.

Eligibility for Availing Reservation:

27.(1) A candidate will be eligible to get the benefit of community-based reservation only in case the particular community/caste to which the candidate belongs is included in the list of reserved communities issued by the Central Government.

(2) The OBC candidates applying for CSE-2021 must produce OBC (Non-Creamy Layer) certificate based on the income for the Financial Years (FYs) 2019-2020, 2018-19 and 2017-18.

(3) A candidate at CSE-2021 will be eligible to get the benefit of the Economically Weaker Section reservation only in case the candidate meets the criteria issued by the Central Government and is in possession of requisite Income & Asset Certificate based on the income for Financial Year (FY) 2019-2020.

28. Candidates seeking reservation/relaxation benefits available for SC/ST/OBC/EWS/PwBD/ Ex-servicemen must ensure that they are entitled to such reservation/relaxation as per eligibility prescribed in the Rules/Notice. They should also be in possession of all the requisite certificates in the prescribed format in support of their claim as stipulated in the Rules/Notice for such benefits, and these certificates should be dated earlier than the due date (closing date) of the application for Civil Services (Preliminary) Examination-2021.

29. The closing date fixed for the receipt of the application of Civil Services (Preliminary) Examination-2021 will be treated as the date for determining the OBC status (including that of creamy layer) of the candidates.

NILA MOHANAN, Director

APPENDIX I

SECTION I: PLAN OF EXAMINATION

The Civil Services Examination comprises two successive stages :

- (i) Civil Services (Preliminary) Examination (Objective Type) for the selection of candidates for Civil Services (Main) Examination; and
- (ii) Civil Services (Main) Examination (Written and Interview/Personality Test) for the selection of candidates for the various Services and posts.

2. The Civil Services (Preliminary) Examination will consist of two papers of Objective type (multiple choice questions) and carry a maximum of 400 marks in the subjects set out in sub-section (A) of Section II. This examination is meant to serve as a screening test only; the marks obtained in the Civil Services (Preliminary) Examination by the candidates who are declared qualified for admission to the Civil Services (Main) Examination will be about twelve to thirteen times the total approximate number of vacancies to be filled in the year through this Examination. Only those candidates who are declared by the Commission to have qualified in the Civil Services (Preliminary) Examination in the year will be eligible for admission to the Civil Services (Main) Examination to have fully for the the total approximate of the Civil Services to be filled in the Civil Services (Preliminary) Examination in the year will be eligible for admission to the Civil Services (Main) Examination of that year provided they are otherwise eligible for admission to the Civil Services (Main) Examination.

Note I : The Commission will draw a list of candidates to be qualified for Civil Services (Main) Examination based on the criterion of minimum qualifying marks of 33% in General Studies Paper-II of Civil Services (Preliminary) Examination and total qualifying marks of General Studies Paper-I of Civil Services (Preliminary) Examination as may be determined by the Commission.

Note II : There will be negative marking for incorrect answers as detailed below :

- (i) There are four alternatives for the answers to every question. For each question for which a wrong answer has been given by the candidate, one-third (0.33) of the marks assigned to that question will be deducted as penalty.
- (ii) If a candidate gives more than one answer, it will be treated as a wrong answer even if one of the given answers happen to be correct and there will be same penalty as above for that question.
- (iii) If a question is left blank i.e. no answer is given by the candidate, there will be no penalty for that question.

3. The Civil Services (Main) Examination will consist of a Written Examination and an Interview/Personality Test. The Written Examination will consist of 9 papers of conventional essay type in the subjects set out in subsection (B) of Section-II out of which two papers will be of qualifying in nature. [Also see Note (ii) under Para-I of Section II-(B)]. Marks obtained for all the compulsory papers (Paper-I to Paper-VII) and Marks obtained in Interview/Personality Test will be counted for ranking.

4.1 Candidates who obtain such minimum qualifying marks in the written part of the Civil Services (Main) Examination as may be fixed by the Commission at their discretion, shall be summoned by them for an Interview/Personality Test, vide sub-section (C) of Section-II. The number of candidates to be summoned for Interview/Personality Test will be about twice of the number of vacancies to be filled. The Interview/Personality Test will be about twice of the number of vacancies to be filled. The Interview/Personality Test will carry 275 marks (with no minimum qualifying marks).

4.2 Marks thus obtained by the candidates in the Civil Services (Main) Examination (Written part as well as Interview/Personality Test) would determine their final ranking. Candidates will be allotted to the various Services keeping in view their ranks in the examination and the preferences expressed by them for the various Services and posts.

SECTION II : Scheme and Subjects for the Preliminary and Main Examination

A. PRELIMINARY EXAMINATION:

The Examination shall comprise of two compulsory Papers of 200 marks each.

Note :

- (i) Both the question papers will be of the objective type (multiple choice questions) and each will be of two hours duration.
- (ii) The General Studies Paper-II of the Civil Services (Preliminary) Examination will be a qualifying paper with minimum qualifying marks fixed at 33%.
- (iii) The question papers will be set both in Hindi and English.
- (iv) Details of the syllabi are indicated in Part A of Section III.

B. MAIN EXAMINATION:

The Written Examination will consist of the following papers :---

Qualifying Papers :

Paper-A

(One of the Indian Language to be selected by the candidate from the Languages included in the Eighth Schedule to the Constitution).	300 Marks
Paper-B	
English	300 Marks
Papers to be counted for merit :	
Paper-I	
Essay	250 Marks
Paper-II	
General Studies-I	250 Marks
(Indian Heritage and Culture, History and Geography of the World and Society)	
Paper-III	
General Studies -II	250 Marks
(Governance, Constitution, Polity, Social Justice and International relations)	
Paper-IV	
General Studies -III	250 Marks
(Technology, Economic Development, Bio-diversity, Environment, Security and Disaster Management)	
Paper-V	
General Studies -IV	250 Marks
(Ethics, Integrity and Aptitude)	
Paper-VI	
Optional Subject - Paper 1	250 Marks
Paper-VII	
Optional Subject - Paper 2	250 Marks
Sub Total (Written test)	1750 Marks
Personality Test	275 Marks
Grand Total	2025 Marks

Candidates may choose any one of the optional subjects from amongst the list of subjects given in para 2 below:—

Note :

- (i) The papers on Indian languages and English (Paper A and paper B) will be of Matriculation or equivalent standard and will be of qualifying nature. The marks obtained in these papers will not be counted for ranking.
- (ii) Evaluation of the papers, namely, 'Essay', 'General Studies' and Optional Subject of all the candidates would be done simultaneously along with evaluation of their qualifying papers on 'Indian Languages' and 'English' but the papers on 'Essay', General Studies and Optional Subject of only such candidates will be taken cognizance who attain 25% marks in 'Indian Language' and 25% in English as minimum qualifying standards in these qualifying papers.
- (iii) The paper A on Indian Language will not, however, be compulsory for candidates hailing from the States of Arunachal Pradesh, Manipur, Meghalya, Mizoram, Nagaland and Sikkim.
- (iv) The paper A on Indian Language will not, however, be compulsory for Candidates belonging to Persons with Benchmark Disability (only Hearing Impairment sub-category) provided that they have been granted such exemption from 2nd or 3rd language courses by the concerned education Board/University. The candidate needs to provide an undertaking/self declaration in this regard in order to claim such an exemption to the Commission.
- (v) Marks obtained by the candidates for the Paper I-VII only will be counted for merit ranking. However, the Commission will have the discretion to fix qualifying marks in any or all of these papers.
- (vi) For the Language medium/literature of languages, the scripts to be used by the candidates will be as under:

Language	Script		
Assamese	Assamese		
Bengali	Bengali		
Gujarati	Gujarati		
Hindi	Devanagari		
Kannada	Kannada		
Kashmiri	Persian		
Konkani	Devanagari		
Malayalam	Malayalam		
Manipuri	Bengali		
Marathi	Devanagari		
Nepali	Devanagari		
Odia	Odia		
Punjabi	Gurumukhi		
Sanskrit	Devanagari		
Sindhi	Devanagari or Arabic		
Tamil	Tamil		
Telugu	Telugu		
Urdu	Persian		
Bodo	Devanagari		
Dogri	Devanagari		
Maithilli	Devanagari		
Santhali	Devanagari or Olchiki		

Note: For Santhali language, question paper will be printed in Devanagari script; but candidates will be free to answer either in Devanagari script or in Olchiki.

- 2. List of optional subjects for Main Examination :
 - (i) Agriculture
 - (ii) Animal Husbandry and Veterinary Science
 - (iii) Anthropology
 - (iv) Botany
 - (v) Chemistry
 - (vi) Civil Engineering
 - (vii) Commerce and Accountancy
 - (viii) Economics
 - (ix) Electrical Engineering
 - (x) Geography
 - (xi) Geology
 - (xii) History
 - (xiii) Law
 - (xiv) Management
 - (xv) Mathematics
 - (xvi) Mechanical Engineering
 - (xvii) Medical Science
 - (xviii) Philosophy
 - (xix) Physics
 - (xx) Political Science and International Relations
 - (xxi) Psychology
 - (xxii) Public Administration
 - (xxiii) Sociology
 - (xxiv) Statistics
 - (xxv) Zoology
 - (xxvi) Literature of any one of the following languages:

Assamese, Bengali, Bodo, Dogri, Gujarati, Hindi, Kannada, Kashmiri, Konkani, Maithili, Malayalam, Manipuri, Marathi, Nepali, Odia, Punjabi, Sanskrit, Santhali, Sindhi, Tamil, Telugu, Urdu and English.

Note :

- (i) The question papers for the examination will be of conventional (essay) type.
- (ii) Each paper will be of three hours duration.
- (iii) Candidates will have the option to answer all the question papers, except the Qualifying Language Papers, Paper-A and Paper-B, in any one of the languages included in the Eighth Schedule to the Constitution of India or in English. Notwithstanding this, the Candidate will have the choice to write the Optional Papers in English also if candidates opt to write Paper I-V except the Qualifying Language Papers, Paper-A and Paper-B, in any one of the language included in the Eighth Schedule to the Constitution of India.
- (iv) Candidates exercising the option to answer Papers in any one of the languages included in the Eight Schedule to the Constitution of India mentioned above may, if they so desire, give English version within brackets of only the description of the technical terms, if any, in addition to the version in the language opted by them. Candidates should, however, note that if they misuse the above rule, a deduction will be made on this account from the total marks otherwise accruing to them and in extreme cases; their script(s) will not be valued for being in an unauthorized medium.
- (v) Candidates should note that if any irrelevant matter/signages/marks etc. are found written in the answer script(s), which would not be related to any question/answer and/or would be having the potential to disclose the candidate's identity, the Commission will impose a penalty of deduction of marks from the total marks otherwise accruing to the candidate or will not evaluate the said script(s) on this account.
- (vi) The question papers (other than the literature of language papers) will be set in Hindi and English only.
- (vii) The details of the syllabi are set out in Part B of Section III.

General Instructions (Preliminary as well as Main Examination) :

- (i) Candidates must write the papers in their own hand. In no circumstances will they be allowed the help of a scribe to write the answers for them. The Persons with Benchmark Disabilities in the categories of blindness, locomotor disability (both arm affected BA) and cerebral palsy will be provided the facility of scribe, if desired by the person. In case of other category of Persons with Benchmark Disabilities as defined under section 2 (r) of the RPWD Act, 2016, the facility of scribe will be allowed to such candidates on production of a certificate to the effect that the person concerned has physical limitation to write, and scribe is essential to write examination on behalf, from the Chief Medical Officer/Civil Surgeon/Medical Superintendent of a Government Health Care institution as per proform at Appendix-V.
- (ii) The candidates have discretion of opting for their own scribe or request the Commission for the same. The details of scribe i.e. whether own or the Commission's and the details of scribe in case candidates are bringing their own scribe, will be sought at the time of filling up the application form online as per proforma at Appendix-VI.
- (iii) The qualification of the Commission's scribe as well as own scribe will not be more than the minimum qualification criteria of the examination. However, the qualification of the scribe should always be matriculate or above.
- (iv) The Persons with Benchmark Disabilities in the category of blindness, locomotor disability (both arms affected-BA) and cerebral palsy will be allowed Compensatory Time of twenty minutes per hour of the examination. In case of other categories of Persons with Benchmark Disabilities, this facility will be provided on production of a certificate to the effect that the person concerned has physical limitation to write from the Chief Medical Officer/Civil Surgeon/Medical Superintendent of a Government Health Care institution as per proforma at Appendix-V.
- **Note (1) :** The eligibility conditions of a scribe and the conduct of scribe inside the examination hall and the manner in which and extent to which the scribe can help the Persons with Benchmark Disabilities (PwBD) candidate in writing the Civil Services Examination shall be governed by the instructions issued by the UPSC in this regard. Violation of all or any of the said instructions shall entail the cancellation of the candidature of the Persons with Benchmark Disabilities (PwBD) candidate in addition to any other action that the UPSC may take against the scribe.

Better eye Best Corrected	Worse eye Best Corrected	Per Cent Impairment	Disability category

Only HMCF Only Light Perception,	Only HMCF Only Light Perception,	100%	IV b (Blindness)
No Light perception	No Light perception		

Note (3): The concession admissible to blind candidates shall not be admissible to those suffering from Myopia.

- (v) The Commission have discretion to fix qualifying marks in any or all the subjects of the examination.
- (vi) If a candidate's handwriting is not easily legible, a deduction will be made on this account from the total marks otherwise accruing to the candidate.

- (vii) Marks will not be allotted for mere superficial knowledge.
- (viii) Credit will be given for orderly, effective and exact expression combined with due economy of words in all subjects of the examination.
- (ix) In the question papers, wherever required, SI units will be used.
- (x) Candidates should use only International form of Indian numerals (i.e. 1, 2, 3, 4, 5, 6 etc.) while answering question papers.
- (xi) Candidates will be allowed the use of Scientific (Non-Programmable type) Calculators at the conventional (Essay) type examination of UPSC. Programmable type calculators will however not be allowed and the use of such calculators shall tantamount to resorting to unfair means by the candidates. Loaning or interchanging of calculators in the Examination Hall is not permitted. It is also important to note that candidates are not permitted to use calculators for answering objective type papers (Test Booklets). They should not therefore bring the same inside the Examination Hall.

C. Interview/Personality Test

The candidate will be interviewed by a Board who will have before them a record of the candidate's career. The candidate will be asked questions on matters of general interest. The object of the Interview/Personality Test is to assess the personal suitability of the candidate for a career in public service by a Board of competent and unbiased observers. The Interview/Personality Test is intended to judge the mental calibre of a candidate. In broad terms this is really an assessment of not only intellectual qualities but also social traits and interest in current affairs. Some of the qualities to be judged are mental alertness, critical powers of assimilation, clear and logical exposition, balance of judgement, variety and depth of interest, ability for social cohesion and leadership, intellectual and moral integrity.

2. The technique of the Interview/Personality Test is not that of a strict cross-examination but of a natural, though directed and purposive conversation which is intended to reveal the mental qualities of the candidate.3. The Interview/Personality Test is not intended to be a test either of the specialized or general knowledge of the candidates which has been already tested through their written papers. Candidates are expected to have taken an intelligent interest not only in their special subjects of academic study but also in the events which are happening around them both within and outside their own State or Country as well as in modern currents of thought and in new discoveries which should rouse the curiosity of well-educated youth.

SECTION III: SYLLABI FOR THE EXAMINATION

Note : Candidates are advised to go through the Syllabus published in this Section for the Preliminary Examination and the Main Examination, as periodic revision of syllabus has been done in several subjects.

Part A—Preliminary Examination

Paper I - (200 marks)

Duration : Two hours

- Current events of national and international importance.
- History of India and Indian National Movement.
- Indian and World Geography-Physical, Social, Economic Geography of India and the World.
- Indian Polity and Governance-Constitution, Political System, Panchayati Raj, Public Policy, Rights Issues, etc.
- Economic and Social Development-Sustainable Development, Poverty, Inclusion, Demographics, Social Sector Initiatives, etc.
- General issues on Environmental ecology, Bio-diversity and Climate Change that do not require subject specialization.
- General Science.

Paper II-(200 marks)

- Comprehension;
- Interpersonal skills including communication skills;
- Logical reasoning and analytical ability;
- Decision making and problem solving;
- General mental ability;
- Basic numeracy (numbers and their relations, orders of magnitude, etc.) (Class X level), Data interpretation (charts, graphs, tables, data sufficiency etc. Class X level);
- Note 1 : Paper-II of the Civil Services (Preliminary) Examination will be a qualifying paper with minimum qualifying marks fixed at 33%.
- Note 2 : The questions will be of multiple choice, objective type.
- **Note 3 :** It is mandatory for the candidate to appear in both the Papers of Civil Services (Prelim) Examination for the purpose of evaluation. Therefore a candidate will be disqualified in case he/she does not appear in both the papers of Civil Services (Prelim) Examination.

Part B-Main Examination

The main Examination is intended to assess the overall intellectual traits and depth of understanding of candidates rather than merely the range of their information and memory.

The nature and standard of questions in the General Studies papers (Paper II to Paper V) will be such that a well-educated person will be able to answer them without any specialized study. The questions will be such as to test a candidate's general awareness of a variety of subjects, which will have relevance for a career in Civil Services. The questions are likely to test the candidate's basic understanding of all relevant issues, and ability to analyze, and take a view on conflicting socio-economic goals, objectives and demands. The candidates must give relevant, meaningful and succinct answers.

The scope of the syllabus for optional subject papers (Paper VI and Paper VII) for the examination is broadly of the honours degree level i.e. a level higher than the bachelors' degree and lower than the masters' degree. In the case of Engineering, Medical Science and law, the level corresponds to the bachelors' degree.

Syllabi of the papers included in the scheme of Civil Services (Main) Examination are given as follows :

QUALIFYING PAPERS ON INDIAN LANGUAGES AND ENGLISH

The aim of the paper is to test the candidates' ability to read and understand serious discursive prose, and to express ideas clearly and correctly, in English and Indian language concerned.

The pattern of questions would be broadly as follows :

- (i) Comprehension of given passages.
- (ii) Precis Writing.
- (iii) Usage and Vocabulary.
- (iv) Short Essays.

Indian Languages :----

- (i) comprehension of given passages.
- (ii) Precis Writing.
- (iii) Usage and Vocabulary.
- (iv) Short Essays.
- (v) Translation from English to the Indian Language and vice-versa.

Note 1 : The papers on Indian Languages and English will be of Matriculation or equivalent standard and will be of qualifying nature only. The marks obtained in these papers will not be counted for ranking.

Note 2 : The candidates will have to answer the English and Indian Languages papers in English and the respective Indian language (except where translation is involved).

Duration : Two hours

PAPER-I

Essay : Candidates may be required to write essays on multiple topics. They will be expected to keep closely to the subject of the essay to arrange their ideas in orderly fashion, and to write concisely. Credit will be given for effective and exact expression.

PAPER-II

General Studies-I : Indian Heritage and Culture, History and Geography of the World and Society.

- Indian culture will cover the salient aspects of Art Forms, literature and Architecture from ancient to modern times.
- Modern Indian history from about the middle of the eighteenth century until the present- significant events, personalities, issues.
- The Freedom Struggle its various stages and important contributors/contributions from different parts of the country.
- Post-independence consolidation and reorganization within the country.
- History of the world will include events from 18th century such as industrial revolution, world wars, redrawal of national boundaries, colonization, decolonization, political philosophies like communism, capitalism, socialism etc.— their forms and effect on the society.
- Salient features of Indian Society, Diversity of India.
- Role of women and women's organization, population and associated issues, poverty and developmental issues, urbanization, their problems and their remedies.
- Effects of globalization on Indian society.
- Social empowerment, communalism, regionalism & secularism.
- Salient features of world's physical geography.
- Distribution of key natural resources across the world (including South Asia and the Indian sub-continent); factors responsible for the location of primary, secondary, and tertiary sector industries in various parts of the world (including India).
- Important Geophysical phenomena such as earthquakes, Tsunami, Volcanic activity, cyclone etc., geographical features and their location-changes in critical geographical features (including water-bodies and ice-caps) and in flora and fauna and the effects of such changes.

PAPER-III

General Studies- II: Governance, Constitution, Polity, Social Justice and International relations.

- Indian Constitution—historical underpinnings, evolution, features, amendments, significant provisions and basic structure.
- Functions and responsibilities of the Union and the States, issues and challenges pertaining to the federal structure, devolution of powers and finances up to local levels and challenges therein.
- Separation of powers between various organs dispute redressal mechanisms and institutions.
- Comparison of the Indian constitutional scheme with that of other countries.
- Parliament and State legislatures—structure, functioning, conduct of business, powers & privileges and issues arising out of these.
- Structure, organization and functioning of the Executive and the Judiciary—Ministries and Departments of the Government; pressure groups and formal/informal associations and their role in the Polity.
- Salient features of the Representation of People's Act.
- Appointment to various Constitutional posts, powers, functions and responsibilities of various Constitutional Bodies.
- Statutory, regulatory and various quasi-judicial bodies.

- Government policies and interventions for development in various sectors and issues arising out of their design and implementation.

- Welfare schemes for vulnerable sections of the population by the Centre and States and the performance of these schemes; mechanisms, laws, institutions and Bodies constituted for the protection and betterment of these vulnerable sections.
- Issues relating to development and management of Social Sector/Services relating to Health, Education, Human Resources.
- Issues relating to poverty and hunger.
- Important aspects of governance, transparency and accountability, e-governance- applications, models, successes, limitations, and potential; citizens charters, transparency & accountability and institutional and other measures.
- Role of civil services in a democracy.
- India and its neighborhood- relations.
- Bilateral, regional and global groupings and agreements involving India and/or affecting India's interests.
- Effect of policies and politics of developed and developing countries on India's interests, Indian diaspora.
- Important International institutions, agencies and fora- their structure, mandate.

PAPER-IV

General Studies-III: Technology, Economic Development, Bio diversity, Environment, Security and Disaster Management

- Indian Economy and issues relating to planning, mobilization, of resources, growth, development and employment.
- Inclusive growth and issues arising from it.
- Government Budgeting.
- Major crops-cropping patterns in various parts of the country, different types of irrigation and irrigation systems storage, transport and marketing of agricultural produce and issues and related constraints; e-technology in the aid of farmers.
- Issues related to direct and indirect farm subsidies and minimum support prices; Public Distribution Systemobjectives, functioning, limitations, revamping; issues of buffer stocks and food security; Technology missions; economics of animal-rearing.
- Food processing and related industries in India- scope' and significance, location, upstream and downstream requirements, supply chain management.
- Land reforms in India.
- Effects of liberalization on the economy, changes in industrial policy and their effects on industrial growth.
- Infrastructure: Energy, Ports, Roads, Airports, Railways etc.
- Investment models.
- Science and Technology- developments and their applications and effects in everyday life.
- Achievements of Indians in science & technology; indigenization of technology and developing new technology.
- Awareness in the fields of IT, Space, Computers, robotics, nano-technology, bio-technology and issues relating to intellectual property rights.
- Conservation, environmental pollution and degradation, environmental impact assessment.
- Disaster and disaster management.
- Linkages between development and spread of extremism.

- Role of external state and non-state actors in creating challenges to internal security.
- Challenges to internal security through communication networks, role of media and social networking sites in internal security challenges, basics of cyber security; money-laundering and its prevention.
- Security challenges and their management in border areas linkages of organized crime with terrorism.
- Various Security forces and agencies and their mandate.

PAPER-V

General Studies- IV: Ethics, Integrity and Aptitude

This paper will include questions to test the candidates' attitude and approach to issues relating to integrity, probity in public life and problem solving approach to various issues and conflicts faced in dealing with society. Questions may utilise the case study approach to determine these aspects. The following broad areas will be covered :

- Ethics and Human Interface: Essence, determinants and consequences of Ethics in-human actions; dimensions of ethics; ethics in private and public relationships. Human Values lessons from the lives and teachings of great leaders, reformers and administrators; role of family society and educational institutions in inculcating values.
- Attitude: content, structure, function; its influence and relation with thought and behaviour; moral and political attitudes; social influence and persuasion.
- Aptitude and foundational values for Civil Service, integrity, impartiality and non-partisanship, objectivity, dedication to public service, empathy, tolerance and compassion towards the weaker-sections.
- Emotional intelligence-concepts, and their utilities and application in administration and governance.
- Contributions of moral thinkers and philosophers from India and world.
- Public/Civil service values and Ethics in Public administration: Status and problems; ethical concerns and dilemmas in government and private institutions; laws, rules, regulations and conscience as sources of ethical guidance; accountability and ethical governance; strengthening of ethical and moral values in governance; ethical issues in international relations and funding; corporate governance.
- Probity in Governance: Concept of public service; Philosophical basis of governance and probity; Information sharing and transparency in government, Right to Information, Codes of Ethics, Codes of Conduct, Citizen's Charters, Work culture, Quality of service delivery, Utilization of public funds, challenges of corruption.
- Case Studies on above issues.

PAPER-VI & PAPER VII

Optional Subject Papers I & II

Candidate may choose any optional subject from amongst the List of Optional Subjects given in Para 2.

AGRICULTURE

PAPER-I

Ecology and its relevance to man, natural resources, their sustainable management and conservation. Physical and social environment as factors of crop distribution and production. Agro ecology; cropping pattern as indicators of environments. Environmental pollution and associated hazards to crops, animals and humans. Climate change— International conventions and global initiatives. Green house effect and global warming. Advance tools for ecosystem analysis—Remote Sensing (RS) and Geographic Information Systems (GIS).

Cropping patterns in different agro-climatic zones of the country. Impact of high-yielding and short-duration varieties on shifts in cropping patterns. Concepts of various cropping, and farming systems. Organic and Precision farming. Package of practices for production of important cereals, pulses, oil seeds, fibres, sugar, commercial and fodder crops.

Important features, and scope of various types of forestry plantations such as social forestry, agro-forestry, and natural forests : Propagation of forest plants. Forest products. Agro-forestry and value addition. Conservation of forest flora and fauna.

Weeds, their characteristics, dissemination and association with various crops; their multiplications; cultural, biological, and chemical control of weeds.

Soil—physical, chemical and biological properties. Processes and factors of soil formation. Soils of India. Mineral and organic constituents of soils and their role in maintaining soil productivity. Essential plant nutrients and other beneficial elements in soils and plants. Principles of soil fertility, soil testing and fertiliser recommendations, integrated nutrient management Biofertilizers. Losses of nitrogen in soil, nitrogen-use efficiency in submerged rice soils, nitrogen fixation in soils. Efficient phosphoruse and potassium use. Problem soils and their reclamation. Soil factors affecting green house gas emission.

Soil conservation, integrated watershed management. Soil erosion and its management. Dry land agriculture and its problems. Technology for stabilising agriculture production in rainfed areas.

Water-use efficiency in relation to crop production, criteria for scheduling irrigations, ways and means of reducing run-off losses of irrigation water. Rainwater harvesting. Drip and sprinkler irrigation. Drainage of water-logged soils, quality of irrigation water, effect of industrial effluents on soil and water pollution. Irrigation projects in India.

Farm management, scope, importance and characteristics, farm planning. Optimum resource use and budgeting. Economics of different types of farming systems. Marketing management strategies for development, market intelligence. Price fluctuations and their cost; role of co-operatives in agricultural economy; types and systems of farming and factors affecting them. Agricultural price policy. Crop Insurance.

Agricultural extension, its importance and role, methods of evaluation of extension programmes, socioeconomic survey and status of big, small and marginal farmers and landless agricultural labourers; Training programmes for extension workers. Role of Krishi Vigyan Kendra's (KVK) in dissemination of Agricultural technologies. Non-Government Organisation (NGO) and self-help group approach for rural development.

PAPER-II

Cell structure, function and cell cycle. Synthesis, structure and function of genetic material. Laws of heredity. Chromosome structure, chromosomal aberrations, linkage and cross-over, and their significance in recombination breeding. Polyploidy, euploids and aneuploids. Mutation—and their role in crop improvement. Heritability, sterility and incompatibility, classification and their application in crop improvement. Cytoplasmic inheritance, sex-linked, sex-influenced and sex-limited characters.

History of plant breeding. Modes of reproduction, selfing and crossing techniques. Origin, evolution and domestication of crop plants, center of origin, law of homologous series, crop genetic resources—conservation and utilization. Application of principles of plant breeding, improvement of crop plants. Molecular markers and their application in plant improvement. Pure-line selection, pedigree, mass and recurrent selections, combining ability, its significance in plant breeding. Heterosis and its exploitation. Somatic hybridization. Breeding for disease and pest resistance. Role of interspecific and intergeneric hybridization. Role of genetic engineering and biotechnology in crop improvement Gernetically modified crop plants.

Seed production and processing technologies. Seed certification, Seed testing and storage. DNA finger printing and seed registration. Role of public and private sectors in seed production, and marketing. Intellectual Property Rights (IPR) issues, WTO issues and its impact on Agriculture.

Principles of Plant Physiology with reference to plant nutrition, absorption, translocation and metabolism of nutrients. Soil-water-plant relationship.

Enzymes and plant pigments; photosynthesis—modern concepts and factors affecting the process, aerobic and anaerobic respiration; C_3 , C_4 and CAM mechanisms. Carbohydrate, protein and fat metabolism. Growth and development; photoperiodism and vernalization. Plant growth substances and their role in crop production. Physiology of seed development and germination; dormancy. Stress physiology—draught, salt and water stress.

Major fruits, plantation crops, vegetables, spices and flower crops. Package practices of major horticultural crops. Protected cultivation and high tech horticulture. Post-harvest technology and value addition of fruits and vegetables. Landscaping and commercial floriculture. Medicinal and aromatic plants. Role of fruits and vegetables in human nutrition.

Diagnosis of pests and diseases of field crops, vegetables, orchard and plantation crops and their economic importance. Classification of pests and diseases and their management. Intergrated pest and diseases management. Storage pests and their management. Biological control of pests and diseases. Epidemiology and forecasting of major crop pests and diseases. Plant quarantine measures. Pesticides, their formulation and modes of action.

Food production and consumption trends in India. Food security and growing population—vision 2020. Reasons for grain surplus. National and International food policies. Production, procurement, distribution constraints. Availability of foodgtrains, per capita expenditure on food. Trends in poverty, Public Distribution System and Below Poverty Line population, Targeted Public Distribution System (PDS), policy implementation in context to

globalization. Processing constraints. Relation of food production to National Dietary Guidelines and food consumption pattern. Food based dietary approaches to eliminate hunger. Nutrient deficiency—Micro nutrient deficiency : Protein Energy Malnutrition or Protein Calorie Malnutrition (PEM or PCM), Micro nutrient deficiency and HRD in context of work capacity of women and children. Food grain productivity and food security.

ANIMAL HUSBANDRY AND VETERINARY SCIENCE PAPER-I

1. Animal Nutrition :

- 1.1 Partitioning of food energy within the animal. Direct and indirect calorimetry. Carbon—nitrogen balance and comparative slaughter methods. Systems for expressing energy value of foods in ruminants, pigs and poultry. Energy requirements for maintenance, growth, pregnancy, lactation, egg, wool, and meat production.
- 1.2 Latest advances in protein nutrition. Energy protein inter-relationships. Evaluation of protein quality. Use of NPN compounds in ruminant diets. Protein requirements for maintenance, growth, pregnancy, lactation, egg, wool and meat production.
- 1.3 Major and trace minerals—Their sources, physiological functions and deficiency symptoms. Toxic minerals. Mineral interactions. Role of fatsoluble and water—soluble vitamins in the body, their sources and deficiency symptoms.
- 1.4 Feed additives—methane inhibitors, probiotics, enzymes, antibiotics, hormones, oligosaccharides, antioxidants, emulsifiers, mould inhibitors, buffers etc. Use and abuse of growth promoters like harmones and antibiotics—latest concepts.
- 1.5 Conservation of fodders. Storage of feeds and feed ingredients. Recent advances in feed technology and feed processing. Anti-nutritional and toxic factors present in livestock feeds. Feed analysis and quality control. Digestibility trials—direct, indirect and indicator methods. Predicting feed intake in grazing animals.
- 1.6 Advances in ruminant nutrition. Nutrient requirements. Balanced rations. Feeding of calves, pregnant, work animals and breeding bulls. Strategies for feeding milch animals during different stages of lactation cycle. Effect of feeding on milk composition. Feeding of goats for meat and milk production. Feeding of sheep for meat and wool production.
- 1.7 Swine Nutrition. Nutrient requirements. Creep, starter, grower and finisher rations. Feeding of pigs for lean meat production. Low cost rations for swine.
- 1.8 Poultry nutrition. Special features of poultry nutrition. Nutrient requirements for meat and egg production. Formulation of rations for different classes of layers and broilers.

2. Animal Physiology :

- 2.1 Physiology of blood and its circulation, respiration; excretion. Endocrine glands in health and disease.
- 2.2 Blood constituents.—Properties and functions-blood cell formation—Haemoglobin synthesis and chemistryplasma proteins production, classification and properties, coagulation of blood; Haemorrhagic disorders anti-coagulants—blood groups—Blood volume—Plasma expanders-Buffer systems in blood. Biochemical tests and their significance in disease diagnosis.
- 2.3 Circulation.—Physiology of heart, cardiac cycle, heart sounds, heart beat, electrocardiograms. Work and efficiency of heart—effect of ions on heart function-metabolism of cardiac muscle, nervous and chemical regulation of heart, effect of temperature and stress on heart, blood pressuer and hypertension, osmotic regulation, arterial pulse, vasomotor regulation of circulation, shock. Coronary and pulmonary circulation, Blood-Brain barrier Cerebrospinal fluid-circulation in birds.
- 2.4 Respiration.—Mechanism of respiration, Transport and exchange of gases-neural control of respiration-Chemo-receptors-hypoxia-respiration in birds.
- 2.5 Excretion.—Structure and function of kidney-formation of urine-methods of studying renal function-renal regulation of acid-base balance : physiological constituents of urine-renal failure-passive venous congestion-Urinary secretion in chicken-Sweat glands and their function. Bio-chemical test for urinary dysfunction.
- 2.6 Endocrine glands.—Functional disorders—their symptoms and diagnosis. Synthesis of hormones, mechanism and control of secretion—hormonal receptors-classification and function.
- 2.7 Growth and Animal Production.—Prenatal and postnatal growth, maturation, growth curves, measures of growth, factors affecting growth, conformation, body composition, meat quality.

- 2.8 Physiology of Milk Production, Reproduction and Digestion.—Current status of hormonal control of mammary development, milk secretion and milk ejection. Male and Female reproductive organs, their components and functions. Digestive organs and their functions.
- 2.9 Environmental Physiology.—Physiological relations and their regulation; mechanisms of adaptation, environmental factors and regulatory mechanisms involved in animal behaviour, climatology—various parameters and their importance. Animal ecology. Physiology of behaviour. Effect of stress on health and production.

3. Animal Reproduction :

Semen quality.—Preservation and Artificial Insemination—Components of semen, composition of spermatozoa, chemical and physical properties of ejaculated semen, factors affecting semen in vivo and in vitro. Factors affecting semen production and quality, preservation, composition of diluents, sperm concentration, transport of diluted semen. Deep freezing techniques in cows, sheep, goats, swine and poultry. Detection of oestrus and time of insemination for better conception. Anoestrus and repeat breeding.

4. Livestock Production and Management :

- 4.1 Commercial Dairy Farming.—Comparison of dairy farming in India with advanced countries. Dairying under mixed farming and as specialized farming, economic dairy farming. Starting of a dairy farm, Capital and land requirement, organization of the dairy farm. Opportunities in dairy farming, factors determining the efficiency of dairy animal. Heard recording, budgeting cost of milk production, pricing policy; Personnel Management. Developing Practical and Economic rations for dairy cattle; supply of greens throughout the year, feed and fodder requirements of Dairy Farm. Feeding regimes for young stock and bulls, heifers and breeding animals; new trends in feeding young and adult stock; Feeding records.
- 4.2 Commercial meat, egg and wool production.—Development of practical and economic rations for sheep, goats, pigs, rabbits and poultry. Supply of greens, fodder, feeding regimes for young and mature stock. New trends in enhancing production and management. Capital and land requirements and socio-economic concept.
- 4.3 Feeding and management of animals under drought, flood and other natural calamities.

5. Genetics and Animal Breeding :

- 5.1 History of animal genetics. Mitosis and Meiosis : Mendelian inheritance; deviations to Mendelian genetics; Expression of genes; Linkage and crossing over; Sex determination, sex influenced and sex limited characters; Blood groups and polymorphism; Chromosome aberrations; Cytoplasmic inheritance, Gene and its structure; DNA as a genetic material; Genetic code and protein synthesis; Recombinant DNA technology. Mutations, types of mutations, methods for detecting mutations and mutation rate, Transgenesis.
- 5.2 Population Genetics applied to Animal Breeding—Quantitative Vs. Qualitative traits; Hardy Weinberg Law; Population Vs. Individual; Gene and genotypic frequency; Forces changing gene frequency; Random drift and small populations; Theory of path coefficient; Inbreeding, methods of estimating inbreeding coefficient, systems of inbreeding; Effective population size; Breeding value, estimation of breeding value, dominance and epistatic deviation; Partitioning of variation; Genotype X environment correlation and genotype X environment interaction; role of multiple measurements; Resemblance between relatives.
- 5.3 Breeding Systems.—Breeds of livestsock and Poultry. Heritability, repeatability and genetic and phenotypic correlations, their methods of estimation and precision of estimates; Aids to selection and their relative merits; Individual, pedigree, family and within family selection; Pregnency testing; Methods of selection; Construction of selection indices and their uses; Comparative evaluation of genetic gains through various selection methods; Indirect selection and correlated response; Inbreeding, out breeding, upgrading, cross-breeding and synthesis of breeds; Crossing of inbred lines for commercial production; Selection for general and specific combining ability; Breeding for threshold characters. Sire index.

6. Extension :

Basic philosophy, objectives, concept and principles of extension. Different Methods adopted to educate farmers under rural conditions. Generation of technology, its transfer and feedback. Problems and constraints in transfer of technology. Animal husbandry programmes for rural development.

PAPER-II

1. Anatomy, Pharmacology and Hygiene :

1.1 **Histology and Histological Techniques :** Paraffin embedding technique of tissue processing and H.E. staining—Freezing microtomy—Microscopy Bright field microscope and electron microscope. Cytology-structure of cell organells and inclusions; cell division-cell types—Tissues and their classification-embryonic and adult tissues—Comparative histology of organs—Vascular, Nervous, digestive, respiratory, musculo-skeletal and urogenital systems—Endocrine glands—Integuments—sense organs.

- 1.2 **Embryology.**—Embryology of vertebrates with special reference to aves and domestic mammals gametogenesis-fertilization-germ layers-foetal membranes and placentation-types of placenta in domestic mammals-Teratology-twins and twinning-organogenesis-germ layer derivatives-endodermal, mesodermal and ectodermal derivatives.
- 1.3 **Bovine Anatomy.**—Regional Anatomy : Paranasal sinuses of OX— surface anatomy of salivary glands. Regional anatomy of infraorbital, maxillary, mandi-buloalveolar, mental and cornnal nerve block. Regional anatomy of paravertebral nerves, pudental nerve, median, ulnar and radial nervestibial, fibular and digital nerves—Cranial nerves-structures involved in epidural anaesthesia-superficial lymph nodes-surface anatomy of visceral organs of thoracic, abdominal and pelvic cavities-comparative-features of locomotor apparatus and their application in the biomechanics of mammalian body.
- 1.4 Anatomy of Fowl.—Musculo-skeletal system-functional anatomy in relation to respiration and flying, digestion and egg production.
- 1.5 Pharmacology and therapeutics drugs.—Cellular level of pharmacodynamics and pharmacokinetics. Drugs acting on fluids and electrolyte balance. Drugs acting on Autonomic nervous system. Modern concepts of anaesthesia and dissociative anaesthetics. Autocoids. Antimicrobials and principles of chemotherapy in microbial infections. Use of hormones in therapeutics—chemotherapy of parasitic infections. Drug and economic concerns in the Edible tissues of animals—chemotherapy of Neoplastic diseases. Toxicity due to "insecticides, plants, metals, non-metals, zootoxins and mycotoxins".
- 1.6 Veterinary Hygiene with reference to water, air and habitation.—Assessment of pollution of water, air and soil—Importance of climate in animal health—effect of environment on animal function and performance relationship between industrialisation and animal agriculture—animal housing requirements for specific categories of domestic animals viz. pregnant cows and sows, milking cows, broiler birds—stress, strain and productivity in relation to animal habitation.

2. Animal Diseases :

- 2.1 Etiology, epidemiology pathogenesis, symptoms, post-moretem lesions, diagnosis, and control of infectious diseases of cattle, sheep and goat, horses, pigs and poultry.
- 2.2 Etiology, epidemiology, symptoms, diagnosis, treatment of production diseases of cattle, horse, pig and poultry.
- 2.3 Deficiency diseases of domestic animals and birds.
- 2.4 Diagnosis and treatment of non-specific conditions like impaction, Bloat, Diarrhoea, Indigestion, dehydration, stroke, poisioning.
- 2.5 Diagnosis and treatment of neurological disorders.
- 2.6 Principles and methods of immunisation of animals against specific diseases—hard immunity—disease free zones—'zero' disease concept—chemoprophylaxis.
- 2.7 Anaesthesia.—local, regional and general-prenesthetic medication. Symptoms and surgical interference in fractures and dislocation. Hernia, choking abomassal displacement—Caesarian operations. Rumenotomy—Castrations.
- 2.8 **Disease investigation techniques.**—Materials for laboratory investigation—Establishment. Animal Health Centres—Disease free zone.

3. Veterinary Public Health :

- 3.1 **Zoonoses.**—Classification, definition, role of animals and birds in prevalence and transmission of zoonotic diseases—occupational zoonotic diseases.
- 3.2 **Epidemiology.**—Principle, definition of epidemiological terms, application of epidemiological measures in the study of diseases and disease control. Epidemiological features of air, water and food borne infections. OIE regulation, WTO, sanitary and phytosanitary measures.
- 3.3 Veterinary Jurisprudence.—Rules and Regulations for improvement of animal quality and prevention of animal diseases—State and Central Rules for prevention of animal and animal product borne diseases—S.P. C.A.—Veterolegal cases—Certificates—Materials and Methods of collection of samples for veterolegal investigation.

4. Milk and Milk Products Technology :

- 4.1 Market Milk.—Quality, testing and grading of raw milk. Processing, packaging, storing, distribution, marketing defects and their control. Preparation of the following milks : Pasteurized, standardized, toned, double toned, sterilized, homogenized, reconstituted, recombined and flavoured milks. Preparation of cultured milks, cultures and their management, yoghurt, Dahi, Lassi and Srikhand. Preparation of flavoured and sterilized milks. Legal standards. Sanitation requirement for clean and safe milk and for the milk plant equipment.
- 4.2 Milk Products Technology.—Selection of raw materials, processing, storing, distributing and marketing milk products such as Cream, Butter, Ghee, Khoa, Channa, Cheese, condensed, evaporated, dried milk and baby food, lce cream and Kulfi; by-products, whey products, butter milk, lactose and casein. Testing, grading, judging milk products—BIS and Agmark specifications, legal standards, quality control nutritive properties. Packaging processing and operational control. Costing of dairy products.

5. Meat Hygiene and Technology :

5.1 Meat Hygiene

- 5.1.1 Ante mortem care and management of food animals, stunning, slaughter and dressing operations; abattoir requirements and designs; Meat inspection procedures and judgement of carcass meat cuts—grading of carcass meat cuts—duties and functions of Veterinarians in wholesome meat production.
- 5.1.2 Hygienic methods of handling production of meat.—Spoilage of meat and control measures—Postslaughter physicochemical changes in meat and factors that influence them—Quality improvement methods—Adulteration of meat and detection—Regulatory provisions in Meat trade and Industry.

5.2 Meat Technology

- 5.2.1 **Physical and chemical characteristics of meat.**—Meat emulsions—Methods of preservation of meat— Curing, canning, irradiation, packaging of meat and meat products, processing and formulations.
 - 5.3 **By-products.**—Slaughter house by-products and their utilisation—Edible and inedible by products—Social and economic implications of proper utilisation of slaughter house by-products—Organ products for food and pharmaceuticals.
 - 5.4 **Poultry Products Technology.**—Chemical composition and nutritive value of poultry meat, pre- slaughter care and management. Slaughtering techniques, inspection, preservation of poultry meat and products. Legal and BIS standards.

Structure composition and nutritive value of eggs Microbial spoilage. Preservation and maintenance. Marketing of poultry meat, eggs and products.

5.5 **Rabbit/Fur Animal farming.**—Rabbit meat production. Disposal and utilization of fur and wool and recycling of waste by products. Grading of wool.

ANTHROPOLOGY

PAPER-I

- 1.1 Meaning, Scope and development of Anthropology.
- 1.2 Relationships with other disciplines : Social Sciences, behavioural Sciences, Life Sciences, Medical Sciences, Earth Sciences and Humanities.
- 1.3 Main branches of Anthropology, their scope and relevance :
 - (a) Social-cultural Anthropology.
 - (b) Biological Anthropology.
 - (c) Archaeological Anthropology.
 - (d) Linguistic Anthropology.
- 1.4 Human Evolution and emergence of Man :
 - (a) Biological and Cultural factors in human evolution.
 - (b) Theories of Organic Evolution (Pre-Darwinian, Darwinian and Post-Darwinian).
 - (c) Synthetic theory of evolution; Brief outline of terms and concepts of evolutionary biology (Doll's rule, Cope's rule, Gause's rule, parallelism, convergence, adaptive radiation, and mosaic evolution).
- 1.5 Characteristics of Primates; Evolutionary Trend and Primate Taxonomy; Primate Adaptations; (Arboreal and Terrestrial) Primate Taxonomy; Primate Behaviour; Tertiary and Quaternary fossil primates; Living Major Primates; Comparative Anatomy of Man and Apes; Skeletal changes due to erect posture and its implications.

- 1.6 Phylogenetic status, characteristics and geographical distribution of the following :
 - (a) Plio-preleistocene hominids inSouth and East Africa—Australopithecines.
 - (b) <u>Homo erectus : Africa (Paranthropus)</u>, Europe <u>(Homo erectus (heidelbergensis</u>), Asia <u>(Homo erectus javanicus, Homo erectus pekinensis</u>.
 - (c) Neanderthal man-La-chapelle-aux-saints (Classical type), Mt. Carmel (Progressive type).
 - (d) Rhodesian man.
 - (e) Homo saoiens—Cromagnon, Grimaldi and Chancelede.
- 1.7 The biological basis of Life : The Cell, DNA structure and replication, Protein Synthesis, Gene, Mutation, Chromosomes, and Cell Division.
- 1.8 (a) Principles of Prehistoric Archaeology. Chronology : Relative and Absolute Dating methods.
 - (b) Cultural Evolution—Broad Outlines of Prehistoric cultures :
 - (i) Paleolithic
 - (ii) Mesolithic
 - (iii) Neolithic
 - (iv) Chalcolithic
 - (v) Copper-Bronze Age
 - (vi) Iron Age
- 2.1 **The Nature of Culture :** The concept and Characteristics of culture and civilization; Ethnocentrism vis-a-vis cultural Relativism.
- 2.2 The Nature of Society : Concept of Society; Society and Culture; Social Institution; Social groups; and Social stratification.
- 2.3 Marriage : Definition and universality; Laws of marriage (endogamy, exogamy, hypergamy, hypogamy, incest taboo); Type of marriage (monogamy, polygamy, polyandry, group marriage). Functions of marriage; Marriage regulations (preferential, prescriptive and proscriptive); Marriage payments (bride wealth and dowry).
- 2.4 **Family :** Definition and universality; Family, household and domestic groups; functions of family; Types of family (from the perspectives of structure, blood relation, marriage, residence and succession); Impact of urbanization, industrialization and feminist movements on family.
- 2.5 **Kinship :** Consanguinity and Affinity; Principles and types of descent (Unilineal, Double, Bilateral Ambilineal); Forms of descent groups (lineage, clan, phratry, moiety and kindred); Kinship terminology (descriptive and classificatory); Descent, Filiation and Complimentary Filiation;Decent and Alliance.
- 3. Economic Organization : Meaning, scope and relevance of economic anthropology; Formalist and Substantivist debate; Principles governing production, distribution and exchange (reciprocity, redistribution and market), in communities, subsisting on hunting and gathering, fishing, swiddening, pastoralism, horticulture, and agriculture; globalization and indigenous economic systems.
- 4. **Political Organization and Social Control :** Band, tribe, chiefdom, kingdom and state; concepts of power, authority and legitimacy; social control, law and justice in simple Societies.
- 5. **Religion :** Anthropological approaches to the study of religion (evolutionary, psychological and functional); monotheism and polytheism; sacred and profane; myths and rituals; forms of religion in tribal and peasant Societies (animism, animatism, fetishism, naturism and totemism); religion, magic and science distinguished; magico-religious functionaries (priest, shaman, medicine man, sorcerer and witch).
- 6. Anthropological theories :
 - (a) Classical evolutionism (Tylor, Morgan and Frazer)
 - (b) Historical particularism (Boas) Diffusionism (British, German and American)
 - (c) Functionalism (Malinowski); Structural—Functionlism (Radcliffe-Brown)
 - (d) Structuralism (L'evi-Strauss and E. Leach)
 - (e) Culture and personality (Benedict, Mead, Linton, Kardiner and Cora-du Bois)
 - (f) Neo-evolutionism (Childe, White, Steward, Sahlins and Service)
 - (g) Cultural materialism (Harris)

- (h) Symbolic and interpretive theories (Turner, Schneider and Geertz)
- (i) Cognitive theories (Tyler, Conklin)
- (j) Post-modernism in anthropology.
- 7. Culture, Language and Communication :

Nature, origin and characteristics of language; verbal and non-verbal communication; social contex of language use.

8. Research methods in Anthropology :

- (a) Fieldwork tradition in anthropology
- (b) Distinction between technique, method and methodology
- (c) Tools of data collection : observation, interview, schedules, questionnaire, case study, genealogy, lifehistory, oral history, secondary sources of information, participatory methods.
- (d) Analysis, interpretation and presentation of data.
- 9.1 **Human Genetics :** Methods and Application : Methods for study of genetic principles in man-family study (pedigree analysis, twin study, foster child, co-twin method, cytogenetic method, chromosomal and karyo-type analysis), biochemical methods, immunological methods, D.N.A. technology and recombinant technologies.
- 9.2 Mendelian genetics in man-family study, single factor, multifactor, lethal, sub-lethal and polygenic inheritance in man.
- 9.3 Concept of genetic polymorphism and selection, Mendelian population, Hardy-Weinberg law; causes and changes which bring down frequency-mutation, isolation, migration, selection, inbreeding and genetic drift. Consanguineous and non-consanguineous mating, genetic load, genetic effect of consanguineous and cousin marriages.
- 9.4 Chromosomes and chromosomal aberrations in man, methodology.
 - (a) Numerical and structural aberrations (disorders).
 - (b) Sex chromosomal aberration- Klinefelter (XXY), Turner (XO), Super female (XXX), intersex and other syndromic disorders.
 - (c) Autosomal aberrations- Down syndrome, Patau, Edward and Cri-du-chat syndromes.
 - (d) Genetic imprints in human disease, genetic screening, genetic counseling, human DNA profiling, gene mapping and genome study.
- 9.5 Race and racism, biological basis of morphological variation of non-metric and characters. Racial criteria, racial traits in relation to heredity and environment; biological basis of racial classification, racial differentiation and race crossing in man.
- 9.6 Age, sex and population variation as genetic marker : ABO, Rh blood groups, HLA Hp, transferring, Gm, blood enzymes. Physiological characteristics-Hb level, body fat, pulse rate, respiratory functions and sensory perceptions in different cultural and socio-ecomomic groups.
- 9.7 **Concepts and methods of Ecological Anthropology :** Bio-cultural Adaptations—Genetic and Non-genetic factors. Man's physiological responses to environmental stresses: hot desert, cold, high altitude climate.
- 9.8 Epidemiological Anthropology : Health and disease. Infectious and non-infectious diseases, Nutritional deficiency related diseases.
- 10. Concept of human growth and Development : Stages of growth—pre-natal, natal, infant, childhood, adolescence, maturity, senescence.

-Factors affecting growth and development genetic, environmental, biochemical, nutritional, cultural and socio-economic.

—Ageing and senescence. Theories and observations

-Biological and chronological longevity. Human physique and somatotypes. Methodologies for growth studies.

- 11.1 Relevance of menarche, menopause and other bioevents to fertility. Fertility patterns and differentials.
- 11.2 Demographic theories-biological, social and cultural.
- 11.3 Biological and socio-ecological factors influencing fecundity, fertility, natality and mortality.

12. Applications of Anthropology: Anthropology of sports, Nutritional anthropology, Anthroplogy in designing of defence and other equipments, Forensic Anthroplogy, Methods and principles of personal identification and reconstruction, Applied human genetics—Paternity diagnosis, genetic counselling and eugenics, DNA technology in diseases and medicine, serogenetics and cytogenetics in reproductive biology.

PAPER-II

- 1.1 **Evolution of the Indian Culture and Civilization**—Prehistoric (Palaeolithic, Mesolithic, Neolithic and Neolithic-Chalcolithic), Protohistoric (Indus Civilization). Pre-Harappan, Harappan and post-Harappan cultures. Contributions of the tribal cultures to Indian civilization.
- 1.2 **Palaeo**—Anthropological evidences from India with special reference to Siwaliks and Narmada basin (*Ramapithecus, Sivapithecus and Narmada Man*).
- 1.3. Ethno-archaeology in India: The concept of ethno-archaeology; Survivals and Parallels among the hunting, foraging, fishing, pastoral and peasant communities including arts and crafts producing communities.
- 2. **Demographic profile of India**—Ethnic and linguistic elements in the Indian population and their distribution. Indian population—factors influencing its structure and growth.
- 3.1 The structure and nature of traditional Indian social system—Varnashram, Purushartha, Karma, Rina and Rebirth.
- 3.2 **Caste system in India** Structure and characteristics Varna and caste, Theories of origin of caste system, Dominant caste, Caste mobility, Future of caste system, Jajmani system. Tribe-case continuum.
- 3.3 Sacred Complex and Nature-Man-Spirit Complex.
- 3.4. Impact of Buddhism, Jainism, Islam and Christianity of Indian society.
- 4. Emergence, growth and development in India—Contributions of the 18th, 19th and early 20th Century scholar-administrators. Contributions of Indian anthropologists to tribal and caste studies.
- 5.1 Indian Village—Significane of village study in India; Indian village as a social system; Traditional and changing patterns of settlement and inter-caste relations; Agrarian relations in Indian villages; Impact of globalization on Indian villages.
- 5.2 Linguistic and religious minorities and their social, political and economic status.
- 5.3 Indigenous and exogenous processes of socio-cultural change in Indian society: Sanskritization, Westernization, Modernization; Inter-play of little and great traditions; Panchayati Raj and social change; Media and Social change.
- **6.1 Tribal situation in India**—Bio-genetic variability, linguistic and socio-economic characteristics of the tribal populations and their distribution.
- 6.2 **Problems of the tribal Communities**—Land alienation, poverty, indebtedness, low literacy, poor educational facilities, unemployment, under- employment, health and nutrition.
- 6.3 Developmental projects and their impact on tribal displacement and problems of rehabilitation. Development of forest policy and tribals. Impact of urbanisation and industrialization on tribal populations.
- 7.1 Problems of exploitation and deprivation of Scheduled Castes, Scheduled Tribes and Other Backward Classes. Constitutional safeguards for Scheduled Tribes and Scheduled Castes.
- 7.2 Social change and contemporary tribal societies : Impact of modern democratic institutions, development programmes and welfare measures on tribals and weaker sections.
- 7.3 The concept of ethnicity; Ethnic conflicts and political developments; Unrest among tribal communities; Regionalism and demand for autonomy; Pseudo-tribalism. Social change among the tribes during colonial and post-Independent India.
- 8.1 Impact of Hinduism, Buddhism, Christianity, Islam and other religions on tribal societies.
- 8.2 Tribe and nation state—a comparative study of tribal communities in India and other countries.
- 9.1 History of administration of tribal areas, tribal policies, plans, programmes of tribal development and their implementation. The concept of PTGs (Primitive Tribal Groups), their distribution, special programmes for their development. Role of N.G.O.s in tribal development.
- 9.2 Role of anthropology in tribal and rural development.
- 9.3 Contributions of anthropology to the understanding of regionalism, communalism and ethnic and political movements.

BOTANY

PAPER-I

1. Microbiology and Plant Pathology :

Structure and reproduction/multiplication of viruses, viroids, bacteria, fungi and mycoplasma; Applications of microbiology in agriculture, industry, medicine and in control of soil and water pollution; Prion and Prion hypothesis.

Important crop diseases caused by viruses, bacteria, mycoplasma, fungi and nematodes; Modes of infection and dissemination; Molecular basis of infection and disease resistance/defence; Physiology of parasitism and control measures. Fungal toxins. Modelling and disease forecasting; Plant quarantine.

2. Cryptogams:

Algae, fungi, lichens, bryophytes, pteridophytes-structure and reproduction from evolutionary viewpoint; Distribution of Cryptogams in India and their ecological and economic importance.

3. Phanerogams :

Gymnosperms : Concept of Progymnosperms. Classification and distribution of gymnosperms. Salient features of Cycadales, Ginkgoales, Coniferales and Gnetales, their structure and reproduction. General account of Cycadofilicales, Bennettitales and Cordiaitailes; Geological time scale; Type of fossils and their study techniques.

Angiosperms : Systematics, anatomy, embryology, palynology and phylogency.

Taxonomic hierarchy; International Code of Botanical Nomenclature; Numerical taxomomy and chemotaxomomy; Evidence from anatomy, embryology and palynology.

Origin and evolution of angiosperms; Comparative account of various systems of classification of angiosperms; Study of angiospermic families— Mangnoliaceae, Ranunculaceae, Brassicaceae, Rosaceae, Fabaceae, Euphorbiaceae, Malvaceae, Dipterocarpaceae, Apiaceae, Asclepiadaceae, Verbenaceae, Solanaceae, Rubiaceae, Cucurbitaceae, Asteraceae, Poaceae, Arecaceae, Liliaceae, Musaceae and Orchidaceae.

Stomata and their types; Glandular and non-glandular trichomes; Unusual secondary growth; Anatomy of C_3 and C_4 plants; Xylem and phloem differentiation; Wood anatomy.

Development of male and female gametophytes, pollination, fertilization; Endosperm—its development and function. Patterns of embryo development; Polyembroyony, apomixes; Applications of palynology; Experimental embryology including pollen storage and test-tube fertilization.

4. Plant Resource Development :

Domestication and introduction of plants; Origin of cultivated plants, Vavilov's centres of origin. Plants as sources for food, fodder, fibres, spices, beverages, edible oils, drugs, narcotics, insecticides, timber, gums, resins and dyes; latex, cellulose, starch and its products; Perfumery; Importance of Ethnobotany in Indian context; Energy plantations; Botanical Gardens and Herbaria.

5. Morphogenesis :

Totipotency, polarity, symmetry and differentiation; Cell, tissue, organ and protoplast culture. Somatic hybrids and Cybrids; Micropropagation; Somaclonal variation and its applications; Pollen haploids, embryo rescue methods and their applications.

PAPER-II

1. Cell Biology :

Techniques of cell biology. Prokaryotic and eukaryotic cells—structural and ultrastructural details; Structure and function of extracellular matrix (cell wall) and membranes-cell adhesion, membrane transport and vesicular transport; Structure and function of cell organelles (chloroplasts, mitochondria, ER, dictyosomes ribosomes, endosomes,lysosomes, peroxisomes; Cytoskelaton and microtubules; Nucleus, nucleolus, nuclear pore complex; Chromatin and nucleosome; Cell signalling and cell receptors; Signal transduction Mitosis and meiosis; molecular basis of cell cycle. Numerical and structural variations in chromosomes and their significance; Chromatin organization and packaging of genome; Polytene chromosomes; B-chromosomes—structure, behaviour and significance.

2. Genetics, Molecular Biology and Evolution :

Development of genetics, and gene versus allele concepts (Pseudoalleles); Quantitative genetics and multiple factors; Incomplete dominance, polygenic inheritance, multiple alleles; Linkage and crossing over of gene

mapping including molecular maps (idea of mapping, function); Sex chromosomes and sex-linked inheritance; sex determination and molecular basis of sex differentiation; Mutations (biochemical and molecular basis); Cytoplasmic inheritance and cytoplasmic genes (including genetics of male sterility).

Structure and synthesis of nucleic acids and proteins; Genetic code and regulation of gene expression; Gene silencing; Multigene families; Organic evolution-evidences, mechanism and theories.

Role of RNA in origin and evolution.

3. Plant Breeding, Biotechnology and Biostatistics :

Methods of plant breeding—introduction, selection and hybridization (pedigree, backcross, mass selection, bulk method); Mutation, polyploidy, male sterility and heterosis breeding. Use of apomixes in plant breeding; DNA sequencing; Genetic engineering—methods of transfer of genes; Transgenic crops and biosafety aspects; Development and use of molecular markers in plant breeding; Tools and techniques—probe, southern blotting, DNA fingerprinting, PCR and FISH. Standard deviation and coefficient of variation (CV). Tests of significance (Z-test, t-test and chi-square tests). Probability and distributions (normal, binomial and Poisson). Correlation and regression.

4. Physiology and Biochemistry :

Water relations, mineral nutrition and ion transport, mineral deficiencies. Photosynthesis—photochemical reactions, photophosphorylation and carbon fixation pathways; C₃, C₄ and CAM pathways; Mechanism of pholem transport, Respiration (anerobic and aerobic, including fermentation)—electron transport chain and oxidative phosphorylation; Photorespiration; Chemiosmotic theory and ATP synthesis; Lipid metabolism; Nitrogen fixation and nitrogen metabolism. Enzymes, coenzymes; Energy transfer and energy conservation. Importance of secondary metabolites. Pigments as photoreceptors (plastidial pigments and phytochrome). Plant movements; Photoperiodism and flowering, vernalization, senescence; Growth substances—their chemical nature, role and applications in agri-horticulture; growth indices, growth movements. Stress physiology (heat, water, salinity, metal); Fruit and seed physiology. Dormancy, storage and germination of seed. Fruit ripening—its molecular basis and manipulation.

5. Ecology and Plant Geography :

Concept of ecosystem; Ecological factors. Concepts and dynamics of community; Plant succession. Concepts of biosphere; Ecosystems; Conservation; Pollution and its control (including phytoreme-diation); Plant indicators; Environment (Protection) Act.

Forest types of India—'Ecological and ecomomic importance of forests, afforestation, deforestation and social forestry; Endangered plants, endemism IUCN categories, Red Data Books; Biodiversity and its conservation; Protected Area Network; Convention of Biological Diversity, Farmers' Rights; and Intellectual Property Rights; Concept of Sustainable Development; Biogeochemical cycles. Global warming and climatic change; Invasive species; Environmetal Impact Assessment; Phytogeographical regions of India.

CHEMISTRY

PAPER-I

1. Atomic Structure :

Heisenberg's uncertainty principle Schrodinger wave equation (time independent); Interpretation of wave function, particle in one- dimensional box, quantum numbers, hydrogen atom wave functions; Shapes of s, p and d orbitals.

2. Chemical bonding :

Ionic bond, characteristics of ionic compounds, lattice energy, Born-Haber cycle; covalent bond and its general characteristics, polarities of bonds in molecules and their dipole moments; Valence bond theory, concept of resonance and resonance energy; Molecular orbital theory (LCAO method); bonding H_2 +, H2 He_2 + to Ne₂, NO, CO, HF, CN⁻, Comparison of valence bond and molecular orbital theories, bond order, bond strength and bond length.

3. Solid State :

Crystal systems; Designation of crystal faces, lattice structures and unit cell; Bragg's law; X-ray diffraction by crystals; Close packing, radius ratio rules, calculation of some limiting radius ratio values; Structures of NaCl, ZnS, CsCl, CaF₂; Stoichiometric and nonstoichiometric defects, impurity defects, semi-conductors.

4. The Gaseous State and Transport Phenomenon :

Equation of state for real gases, intermolecular interactions, and critical phenomena and liquefaction of gases; Maxwell's distribution of speeds, intermolecular collisions, collisions on the wall and effusion; Thermal conductivity and viscosity of ideal gases.

5. Liquid State :

Kelvin equation; Surface tension and surface enercy, wetting and contact angle, interfacial tension and capillary action.

6. Thermodynamics :

Work, heat and internal energy; first law of thermodynamics.

Second law of thermodynamics; entropy as a state function, entropy changes in various processes, entropyreversibility and irreversibility, Free energy functions; Thermodynamic equation of state; Maxwell relations;

Temperature, volume and pressure dependence of U, H, A, G, Cp and Cv, α and β ; J-T effect and inversion temperature; criteria for equilibrium, relation between equilibrium constant and thermodynamic quantities; Nernst heat theorem, introductory idea of third law of thermodynamics.

7. Phase Equilibria and Solutions :

Clausius-Clapeyron equation; phase diagram for a pure substance; phase equilibria in binary systems, partially miscible liquids—upper and lower critical solution temperatures; partial molar quantities, their significance and determination; excess thermodynamic functions and their determination.

8. Electrochemistry :

Debye-Huckel theory of strong electrolytes and Debye-Huckel limiting Law for various equilibrium and transport properties.

Galvanic cells, concentration cells; electrochemical series, measurement of e.m.f. of cells and its applications fuel cells and batteries.

Processes at electrodes; double layer at the interface; rate of charge transfer, current density; overpotential; electroanalytical techniques : amperometry, ion selective electrodes and their use.

9. Chemical Kinetics:

Differential and integral rate equations for zeroth, first, second and fractional order reactions; Rate equations involving reverse, parallel, consecutive and chain reactions; Branching chain and explosions; effect of temperature and pressure on rate constant. Study of fast reactions by stop-flow and relaxation methods. Collisions and transition state theories.

10. **Photochemistry:**

Absorption of light; decay of excited state by different routes; photochemical reactions between hydrogen and halogens and their quantum yields.

11. Surface Phenomena and Catalysis:

Adsorption from gases and solutions on solid adsorbents; Langmuir and B.E.T. adsorption isotherms; determination of surface area, characteristics and mechanism of reaction on heterogeneous catalysts.

12. Bio-inorganic Chemistry:

Metal ions in biological systems and their role in ion-transport across the membranes (molecular mechanism), oxygen-uptake proteins, cytochromes and ferrodoxins.

13. Coordination Chemistry :

- (i) Bonding in transition of metal complexes. Valence bond theory, crystal field theory and its modifications; applications of theories in the explanation of magnetism and electronic spectra of metal complexes.
- (ii) Isomerism in coordination compounds; IUPAC nomenclature of coordination compounds; stereochemistry of complexes with 4 and 6 coordination numbers; chelate effect and polynuclear complexes; trans effect and its theories; kinetics of substitution reactions in square-planar complexes; thermodynamic and kinetic stability of complexes.
- (iii) EAN rule, Synthesis structure and reactivity of metal carbonyls; carboxylate anions, carbonyl hydrides and metal nitrosyl compounds.
- (iv) Complexes with aromatic systems, synthesis, structure and bonding in metal olefin complexes, alkyne complexes and cyclopentadienyl complexes; coordinative unsaturation, oxidative addition reactions, insertion reactions, fluxional molecules and their characterization; Compounds with metal—metal bonds and metal atom clusters.

14. Main Group Chemistry:

Boranes, borazines, phosphazenes and cyclic phosphazene, silicates and silicones, Interhalogen compounds; Sulphur—nitrogen compounds, noble gas compounds.

15. General Chemistry of 'f' Block Element:

Lanthanides and actinides: separation, oxidation states, magnetic and spectral properties; lanthanide contraction.

PAPER-II

1. **Delocalised Covalent Bonding :**

Aromaticity, anti-aromaticity; annulenes, azulenes, tropolones, fulvenes, sydnones.

- 2. (i) **Reaction mechanisms :** General methods (both kinetic and non-kinetic) of study of mechanisms or organic reactions : isotopies, mathod cross-over experiment, intermediate trapping, stereochemistry; energy of activation; thermodynamic control and kinetic control of reactions.
 - (ii) **Reactive intermediates :** Generation, geometry, stability and reactions of carboniumions and carbanions, free radicals, carbenes, benzynes and nitrenes.
 - (iii) Substitution reactions :— $S_N 1$, $S_N 2$, and $S_N i$, mechanisms ; neighbouring group participation; electrophilic and nucleophilic reactions of aromatic compounds including heterocyclic compounds—pyrrole, furan, thiophene and indole.
 - (iv) Elimination reactions :—E1, E2 and E1cb mechanisms; orientation in E2 reactions—Saytzeff and Hoffmann; pyrolytic *syn* elimination—acetate pyrolysis, Chugaev and Cope eliminations.
 - (v) Addition reactions :—Electrophilic addition to C=C and C=C; nucleophilic addition to C=O, C=N, conjugated olefins and carbonyls.
 - (vi) **Reactions and Rearrangements :—**(a) Pinacol-pinacolone, Hoffmann, Beckmann, Baeyer-Villiger, Favorskii, Fries, Claisen, Cope, Stevens and Wagner—Meerwein rearrangements.
 - (b) Aldol condensation, Claisen condensation, Dieckmann, Perkin, Knoevenagel, Witting, Clemmensen, Wolff-Kishner, Cannizzaro and von Richter reactions; Stobbe, benzoin and acyloin condensations; Fischer indole synthesis, Skraup synthesis, Bischler-Napieralski, Sandmeyer, Reimer-Tiemann and Reformatsky reactions.
- 3. **Pericyclic reactions :**—Classification and examples; Woodward-Hoffmann rules—electrocyclic reactions, cycloaddition reactions [2+2 and 4+2] and sigmatropic shifts [1, 3; 3, 3 and 1, 5], FMO approach.
- 4. (i) **Preparation and Properties of Polymers:** Organic polymerspolyethylene, polystyrene, polyvinyl chloride, teflon, nylon, terylene, synthetic and natural rubber.
 - (ii) Biopolymers: Structure of proteins, DNA and RNA.

5. Synthetic Uses of Reagents:

OsO₄, HIO₄, CrO₃, Pb(OAc)₄, SeO₅, NBS, B₂H₆, Na-Liquid NH₃, LiAIH₄ NaBH₄, <u>n</u>-BuLi, MCPBA.

6. **Photochemistry :**—Photochemical reactions of simple organic compounds, excited and ground states, singlet and triplet states, Norrish-Type I and Type II reactions.

7. Spectroscopy:

Principle and applications in structure elucidation :

- (i) Rotational—Diatomic molecules; isotopic substitution and rotational constants.
- (ii) **Vibrational**—Diatomic molecules, linear triatomic molecules, specific frequencies of functional groups in polyatomic molecules.
- (iii) **Electronic**—Singlet and triplet states. $n \rightarrow \pi^*$ and $\pi \rightarrow \pi^*$ transitions; application to conjugated double bonds and conjugated carbonyls Woodward-Fieser rules; Charge transfer spectra.
- (iv) Nuclear Magnetic Resonance ('HNMR): Basic principle; chemical shift and spin-spin interaction and coupling constants.
- (v) Mass Spectrometry :—Parent peak, base peak, metastable peak, McLafferty rearrangement.

CIVIL ENGINEERING

PAPER-I

1. Engineering Mechanics, Strength of Materials and Structural Analysis.

1.1 Engineering Mechanics :

Units and Dimensions, SI Units, Vectors, Concept of Force, Concept of particle and rigid body. Concurrent, Non- Concurrent and parallel forces in a plane, moment of force free body diagram, conditions of equilibrium, Principle of virtual work, equivalent force system.

First and Second Moment of area, Mass moment of Inertia.

Static Friction.

Kinematics and Kinetics:

Kinematics in cartesian Co-ordinates, motion under uniform and non-uniform acceleration, motion under gravity. Kinetics of particle : Momentum and Energy principles, collision of elastic bodies, rotation of rigid bodies.

1.2 Strength of Materials :

Simple Stress and Strain, Elastic constants, axially loaded compression members, Shear force and bending moment, theory of simple bending, Shear Stress distribution across cross sections, Beams of uniform strength.

Deflection of beams: Mecaulay's method, Mohr's Moment area method, Conjugate beam method, unit load method. Torsion of Shafts, Elastic stability of columns, Euler's, Rankine's and Secant formulae.

1.3 Structural Analysis :

Castiglianio's theorems I and II, unit load method, of consistent deformation applied to beams and pin jointed trusses. Slope-deflection, moment distribution.

Rolling loads and Influences lines : Influences lines for Shear Force and Bending moment at a section of a beam. Criteria for maximum shear force and bending Moment in beams traversed by a system of moving loads. Influences lines for simply supported plane pin jointed trusses.

Arches : Three hinged, two hinged and fixed arches, rib shortening and temperature effects.

Matrix mehods of analysis : Force method and displacement method of analysis of indeterminate beams and rigid frames.

Plastic Analysis of beams and frames : Theory of plastic bending, plastic analysis, statical method, Mechanism method.

Unsymmetrical bending : Moment of inertia, product of inertia, position of Neutral Axis and Principal axes, calculation of bending stresses.

2. Design of Structures : Steel, Concrete and Masonry Structures.

2.1 Structural Steel Design :

Structural steel : Factors of safety and load factors. Riveted, bolted and welded joints and connections. Design of tension and compression members, beams of built up section, riveted and welded plate girders, gantry girders, stancheons with battens and lacings.

2.2 Design of Concrete and Masonry Structures :

Concept of mix design. Reinforced Concrete : Working Stress and Limit State method of design— Recommendations of I. S. codes. Design of one way and two way slabs, stair-case slabs, simple and continuous beams of rectangular, T and L sections. Compression members under direct load with or without eccentricity.

Cantilever and Counter fort type retaining walls.

Water tanks : Design requirements for Rectangular and circular tanks resting on ground.

Prestressed Concrete : Methods and systems of prestressing, anchorages, Analysis and design of sections for flexure based on working stress, loss of prestress.

Design of brick masonry as per I. S. Codes

3. Fluid Mechanics, Open Channel Flow and Hydraulic Machines :

3.1 Fluid Mechanics :

Fluid properties and their role in fluid motion, fluid statics including forces acting on plane and curve surfaces.

Kinematics and Dynamics of Fluid flow : Velocity and accelerations, stream lines, equation of continuity, irrotational and rotational flow, velocity potential and stream functions.

Continuity, momentum, energy equation, Navier Stokes equation, Euler's equation of motion, application to fluid flow problems, pipe flow, sluice gates, weirs.

3.2 Dimensional Analysis and Similitude: Buckingham's Pi-theorem, dimensionless parameters.

3.3 Laminar Flow :

Laminar flow between parallel, stationary and moving plates, flow through tube.

3.4 Boundary layer :

Laminar and turbulent boundary layer on a flat plate, laminar sub-layer, smooth and rough boundaries, drag and lift.

Turbulent flow through pipes : Characteristics of turbulent flow, velocity distribution and variation of pipe friction factor, hydraulic grade line and total energy line.

3.5 Open Channel Flow :

Uniform and non-uniform flows, momentum and energy correction factors, specific energy and specific force, critical depth, rapidly varied flow, hydraulic jump, gradually varied flow, classification of surface profiles, control section, step method of integration of varied flow equation.

3.6 Hydraulic Machines and Hydropower :

Hydraulic turbines, types classification, Choice of turbines performance parameters, controls, characteristics, specific speed.

Principles of hydropower development.

4. Geotechnical Engineering :

Soil Type and Structure-gradation and particle size distribution-consistency limits.

Water in soil—capillary and structural—effective stress and pore water pressure—permeability concept—filed and laboratory determination of permeability—Seepage pressure—quick sand conditions—Shear strength determination—Mohr Coulomb concept.

Compaction of soil—Laboratory and filed test.

Compressibility and consolidation concept- consolidation theory-consolidation settlement analysis.

Earth pressure theory and analysis for retaining walls, Application for sheet piles and Braced excavation.

Bearing capacity of soil—approaches for analysis-Filed tests—settlement analysis—stability of slope of earth walk.

Subsuface exploration of soils-methods

Foundation—Type and selection criteria for foundation of structures—Design criteria for foundation— Analysis of distribution of stress for footings and pile—pile group action—pile load test.

Ground improvement techniques.

PAPER-II

1. Construction Technology, Equipment, Planning and Management

1.1 Construction Technology

Engineering Materials :

Physical properties of construction materials with respect to their use in construction—Stones, Bricks and Tiles; Lime, Cement, different types of Mortars and Concrete.

Specific use of ferro cement, fibre reinforced C. C., High stength concrete.

Timber; Properties defects—common preservation treatments.

Use and selection of materials for specific use like Low Cost Housing, Mass Housing, High Rise Buildings.

1.2 Construction :

Masonry principles using Brick, stone, Blocks-construction detailing and strength characteristics.

Types of plastering, pointing, flooring, roofing and construction features.

Common repairs in buildings.

Principle of functional planning of building for residents and specific use-Building code provisions.

Basic principles of detailed and approximate estimating—specification writing and rate analysis-principles of valuation of real property.

Machinery for earthwork, concreting and their specific uses—Factors affecting selection of equipments operating cost of equipments.

1.3 CONSTRUCTION PLANNING AND MANAGEMENT:

Construction activity-schedules-organization for construction industry-Quality assurance principles.

Use Basic principle of network—analysis in form of CPM and PERT—their use in construction monitoring, Cost optimization and resource allocation.

Basic principles of Economic analysis and methods.

Project profitability—Basic principles of Boot approach to financial planning-simple toll fixation criterions.

2. Surveying and Transportation Engineering

2.1 Surveying : Common methods and instruments for distance and angle measurement for CE work—their use in plane table, traverse survey, levelling work, triangulation, contouring and topographical map.

Basic principles of photogrammetry and remote sensing.

2.2 Railways Engineering : Permanent way—components, types and their function-Functions and Design constituents of turn and crossing— Necessity of geometric design of track—Design of station and yards.

2.3 Highway Engineering :

Principles of Highway alignments-classification and geometrical design elements and standards for Roads.

Pavement structure for flexible and rigid pavements-Design principles and methodology of pavements.

Typical construction methods and standards of materials for stabilized soil, WBM, Bituminous works and CC roads.

Surface and sub-surface drainge arrangements for roads-culvert structures.

Pavement distresses and strengthening by overlays.

Traffic surveys and their application in traffic planning—Typical design features for channelized, intersection rotary etc.—signal designs—standard Traffic signs and markings.

3. Hydrology, Water Resources and Engineering :

3.1 Hydrology:

Hydrological cycle, precipitation, evaporation, transpiration, infiltration, overland flow, hydrograph, flood frequency analyses, flood routing through a reservoir, channel flow routing—Muskingam method.

3.2 Ground Water flow :

Specific yield, storage coefficient, coefficient of permeability, confined and unconfined aquifers, aquifers, aquitards, radial flow into a well under confined and unconfined conditions.

3.3 Water Resources Engineering :

Ground and surface water resources, single and multipurpose projects, storage capacity of reservoirs, reservoir losses, reservoir sedimentation.

3.4 Irrigation Engineering :

(i) Water requirements of crops : consumptive use, duty and delta, irrigation methods and their efficiencies.

- (ii) Canals : Distribution systems for cannal irrigation, canal capacity, canal losses, alignment of main and distributory canals, most efficient section, lined canals, their design, regime theory, critical shear stress, bed load.
- (iii) Water logging : causes and control, salinity.
- (iv) Canal structures : Design of head regulators, canal falls, aqueducts, metering flumes and canal outlets.
- (v) Diversion head work : Principles and design of weirs on permeable and impermeable foundation, Khosla's theory, energy dissipation.
- (vi) Storage works : Types of dams, design, principles of rigid gravity stability analysis.
- (vii) Spillways : Spillway types, energy dissipation.
- (viii) River training : Objectives of river training, methods of river training.

4. Environmental Engineering

4.1 Water Supply :

Predicting demand for water, impurities of water and their significance, physical, chemical and bacteriological analysis, waterborne diseases, standards for potable water.

4.2 Intake of Water :

Water treatment: principles of coagulation, flocculation and sedimentation; slow-, rapid-, pressure-, filters; chlorination, softening, removal of taste, odour and salinity.

4.3 Sewerage Systems :

Domestic and industrial wastes, store sewage—separate and combined systems, flow through sewers, design of sewers.

4.4 Sewage Characterisation :

BOD, COD, solids, dissolved oxygen, nitrogen and TOC. Standards of disposal in normal water course and on land.

4.5 Sewage Treatment :

Working principles, units, chambers, sedimentation tank, trickling filters, oxidation ponds, activated sludge process, septic tank, disposal of sludge, recycling of waste water.

4.6 Solid waste :

Collection and disposal in rural and urban contexts, management of long-term ill-effects.

5. Environmental pollution :

Sustainable development. Radioactive wastes and disposal. Environmental impact assessment for thermal power plants, mines, river valley projects. Air pollution. Pollution control acts.

COMMERCE AND ACCOUNTANCY

PAPER-I

Accounting and Finance

Accounting, Taxation & Auditing

1. Financing Accounting :

Accounting as a financial information system; Impact of behavioural sciences. Accounting Standards e.g., Accounting for Depreciation, Inventories, Research and Development Costs, Long-term Construction Contracts, Revenue Recognition, Fixed Assets, Contingencies, Foreign Exchange Transactions, Investments and Government Grants, Cash Flow Statement, Earnings per Share.

Accounting for Share Capital Transactions including Bonus Shares, Right Shares.

Emplyees Stock Option and Buy-Back of Securities.

Preparation and Presentation of Company Final Accounts.

Amalgamations, Absorption and Reconstruction of Companies.

2. Cost Accounting :

Nature and functions of cost accounting. Installation of Cost Accounting System. Cost Concepts related to Income Measurement, Profit Planning, Cost Control and Decision Making.

Methods of Costing: Job Costing, Process Costing, Activity Based Costing.

Volume-cost-Profit Relationship as a tool of Profit Planning.

Incremental Analysis/Differential Costing as a Tool of Pricing Decisions, Product Decisions, Make or Buy Decisions, Shut-Down Decisions etc.

Techniques of Cost Control and Cost Reduction : Budgeting as a Tool of Planning and Control. Standard Costing and Variance Analysis.

Responsibility Accounting and Divisional Performance Measurement.

3. Taxation :

Income Tax: Definitions. Basis of charge; Incomes which do not form part of total income. Simple problems of Computation of Income (of individuals only) under various heads, i.e., Salaries, Income from House Property, Profits and Gains from Business or Profession, Capital Gains, Income from other sources, Income of other Persons included in Assessee's Total Income.

Set-off and Carry forward of Loss.

Deductions from Gross Total Income.

Salient Features/Provisions Related to VAT and Services Tax.

4. Auditing :

Company Audit: Audit related to Divisible Profits, Dividends, Special investigations, Tax audit.

Audit of Banking, Insurance, Non-Profit Organization and Charitable Societies/Trusts/Organizations.

Financial Management, Financial Institutions and Markets

1. Financial Management :

Finance Function : Nature, Scope and Objectives of Financial Management : Risk and Return Relationship.

Tools of Financial Analysis: Ratio Analysis, Funds-Flow and Cash-Flow Statement.

Capital Budgeting Decisions: Process, Procedures and Appraisal Methods. Risk and Uncertainty Anlysis and Methods.

Cost of Capital : Concept, Computation of Specific Costs and Weighted Average Cost of Capital. CAPM as aTool of Determining Cost of Equity Capital.

Financing Decisions: Theories of Capital Structure—Net Income (NI) Approach.

Net Operating Income (NOI) Approach, MM Approach and Traditional Approach. Designing of Capital structure: Types of Leverages (Operating, Financial and Combined), EBIT-EPS Analysis, and other Factors.

Dividend Decisions and Valuation of Firm : Walter's Model, MM Thesis, Gordan's Model Lintner's Model. Factors Affecting Dividend Policy.

Working Capital Management: Planning of Working Capital. Determinants of Working Capital. Components of Working Capital—Cash, Inventory and Receivables.

Corporate Restructuring with focus on Mergers and Acquisitions (Financial aspect only).

2. Financial Markets and Institutions :

Indian Financial System: An Overview

Money Markets: Participants, Structure and Instruments. Commercial Banks. Reforms in Banking Sector. Monetary and Credit Policy of RBI. RBI as a Regulator.

Capital Market : Primary and Secondary Market. Financial Market Instruments and Innovative Debt Instruments; SEBI as a Regulator.

Financial Services : Mutual Funds, Venture Capital, Credit Rating Agencies, Insurance and IRDA.

PAPER-II

Organisation Theory and Behaviours, Human Resource Management and Industrial Relations Organisation Theory and Behaviour

1. Organisation Theory :

Nature and Concept of Organisation; External Environment of Organisation—Technological, Social, Political, Ecomomical and Legal; Organizational Goals Primary and Secondary Goals, Single and Multiple Goals; Management by Objectives.

Evolution of Organisation theory : Classical Neo-classical and system approach.

Modern Concepts of Organisation Theory: Organisational Design, Organisational Structure and Organisational Culture.

Organisational Design—Basic Challenges; Differentiation and Intergration Process; Centralization and Decentralization Process; Standardization/Formalization and Mutual Adjustment. Coordinating Formal and Informal Organizations. Mechanistic and Organic Structures.

Designing Organizational structures—Authority and Control; Line and Staff Functions, Specialization and Coordination. Types of Organization Structure—Functional. Matrix Structure, Project Structure. Nature and Basis of Power, Sources of Power, Power Structure and Politics. Impact of Information Technology on Organizational Design and Structure.

Managing Organizational Culture.

2. Organisation Behaviour :

Meaning and Concept; Individual in organization: Personality, Theories, and Determinants; Pereception Meaning and Process.

Motivation : Concepts, Theories and Applications. Leadership—Theories and Styles. Quality of Work Life (QWL): Meaning and its impact on Performance, Ways of its Enhancement. Quality Circles (QC)—Meaning and their Importance. Management of Conflicts in Organizations. Transactional Analysis, Organizational Effectiveness, Management of Change.

Human Resources Management and Industrial Relations

1. Human Resources Management (HRM) :

Meaning Nature and Scope of HRM, Human Resource Planning, Job Analysis, Job Description, Job Specification, Recruitment Process, Selection Process, Orientational and Placement, Training and Development Process, Performance Appraisal and 360° Feed Back, Salary and Wage Administration, Job Evaluation, Employee Welfare, Promotions, Transfers and Separations.

2. Industrial Relations (IR) :

Meaning, Nature, Importance and Scope of IR, Formation of Trade Union, Trade Union Legislation, Trade Union Movement in India. Recognition of Trade Unions, Problems of Trade Unions in India. Impact of Liberalization on Trade Union Movement.

Nature of Industrial Disputes: Strikes and Lockouts, Causes of Disputes, Prevention and Settlement of Disputes.

Worker's Participation in Management: Philosophy, Rationale, Present Day Status and Future Prospects.

Adjudication and Collective Bargaining.

Industrial Relations in Public Enterprises Absenteeism and Labour Turnover in Indian Industries and their Causes and Remedies.

ILO and its Functions.

ECONOMICS

PAPER-I

1. Advanced Micro Economics :

- (a) Marshallian and Walrasian Approaches to Price determination.
- (b) Alternative Distribution Theories : Ricardo, Kaldor, Kalecki.
- (c) Markets Structure : Monopolistic Competition, Duopoly, Oligopoly.
- (d) Modern Welfare Criteria : Pareto Hicks and Scitovsky, Arrow's Impossibility Theorem, A. K. Sen's Social Welfare Function.

2. Advance Macro Economics :

Approaches to Employment Income and Interest Rate determination : Classical, Keynes (IS-LM) curve, Neoclassical synthesis and New classical, Theories of Interest Rate determination and Interest Rate Structure.

3. Money-Banking and Finance :

(a) Demand for and Supply of Money : Money Multiplier Quantity Theory of Money (Fisher, Pigou and Friedman) and Keynes' Theory on Demand for Money, Goals and Instruments of Monetary Management in Closed and Open Economies. Relation between the Central Bank and the Treasury. Proposal for ceiling on growth rate of money. (b) Public Finance and its Role in market Economy : In stabilization of supply, allocation of resources and in distribution and development. Sources of Government revenue, forms of Taxes and Subsidies, their incidence and effects. Limits to taxation, loans, crowding-out effects and limits to borrowings. Public expenditure and its effects.

4. International Economics :

- (a) Old and New theories of International Trade.
 - (i) Comparative advantage,
 - (ii) Terms of Trade and Offer Curve.
 - (iii) Product Cycle and Strategic Trade Theories.
 - (iv) Trade as an engine of growth and theories of underdevelopment in an open economy.
- (b) Forms of Protection : Tariff and quota.
- (c) Balance of Payments Adjustments : Alternative Approaches.
 - (i) Price versus income, income adjustments under fixed exchange rates.
 - (ii) Theories of Policy Mix.
 - (iii) Exchange rate adjustments under capital mobility.
 - (iv) Floating Rates and their Implications for Developing Countries : Currency Boards.
 - (v) Trade Policy and Developing Countries.
 - (vi) BOP, adjustments and Policy Coordination in open economy macromodel.
 - (vii) Speculative attacks.
 - (viii) Trade Blocks and Monetary Unions.
 - (ix) WTO: TRIMS, TRIPS, Domestic Measures, Different Rounds of WTO talks.

5. Growth and Development :

- (a) (i) Theories of growth : Harrod's model;
 - (ii) Lewis model of development with surplus labour.
 - (iii) Balanced Unbalanced Growth.
 - (iv) Human Capitals and Economic Growth.
 - (v) Research and Development and Economic Growth.
- (b) Process of Economic Development of less developed countries : Myrdal and Kuzments on economic development and structural change : Role of Agriculture in Economic Development of less developed countries.
- (c) Economic Development and International Trade and Investment, Role of Multinationals.
- (d) Planning and Economic Development : changing role of Markets and Planning, Private-Public Partnership.
- (e) Welfare indicators and measures of growth-Human Development Indices. The basic needs approach.
- (f) Development and Environmental Sustainability—Renewable and Non-renewable Resources, Environmental Degradation, Intergenerational equity development.

PAPER-II

Indian Economy in Pre-Independence Era :

Land System and its changes, Commercialization of agriculture Drain theory, Laissez faire theory and critique. Manufacture and Transport : Jute, Cotton, Railways, Money and Credit.

Indian Economy after Independence :

- A. The Pre-Liberalization Era :
 - (i) Contribution of Vakil, Gadgil and V.K.R.V. Rao.
 - (ii) Agriculture : Land Reforms and land tenure system, Green Revolution and capital formation in agriculture.
 - (iii) Industry Trends in composition and growth, Role of public and private sector, Small scale and cottage industries.
 - (iv) National and Per capita income : patterns, trends, aggregate and Sectoral composition and changes therein.
 - (v) Broad factors determining National Income and distribution, Measures of poverty, Trends in poverty and inequality.

B. The Post-Liberalization Era :

- (i) New Economic Reform and Agriculture : Agriculture and WTO, Food processing, subsidies, Agricultural prices and public distribution system, Impact of public expenditure on agricultural growth.
- (ii) New Economic Policy and Industry : Strategy of industrialization, Privatization, Disinvestments, Role of foreign direct investment and multinationals.
- (iii) New Economic Policy and Trade : Intellectual property rights : Implications of TRIPS, TRIMS, GATS and new EXIM policy.
- (iv) New Exchange Rate Regime : Partial and full convertibility, Capital account convertibility.
- (v) New Economic Policy and Public Finance : Fiscal Responsibility Act, Twelfth Finance Commission and Fiscal Federalism and Fiscal Consolidation.
- (vi) New Economic Policy and Monetary System. Role of RBI under the new regime.
- (vii) Planning : From central Planning to indivative planning, Relation between planning and markets for growth and decentralized planning : 73rd and 74th Constitutional amendments.
- (viii) New Economic Policy and Employment : Employment and poverty, Rural wages, Employment Generation, Poverty alleviation schemes, New Rural, Employment Guarantee Scheme.

ELECTRICAL ENGINEERING PAPER-I

1. Circuits—Theory :

Circuit components; network graphs; KCL, KVL; Circuit analysis methods : nodal analysis, mesh analysis; basic network theorems and applications; transient analysis : RL, RC and RLC circuits; sinusoidal steady state analysis; resonant circuits; coupled circuits; balanced 3-phase circuits. Two-port networks.

2. Signals and Systems :

Representation of continuous-time and discrete-time signals and systems; LTI systems; convolution; impulse response; time-domain analysis of LTI systems based on convolution and differential/difference equations. Fourier transform, Laplace transform, Z-transform, Transfer function. Sampling and recovery of signals DFT, FFT Processing of analog signals through discrete-time systems.

3. E.M. Theory :

Maxwell's equations, wave propagation in bounded media. Boundary conditions, reflection and refraction of plane waves. Transmission lines : travelling and standing waves, impedance matching, Smith chart.

4. Analog Electronics :

Characteristics and equivalent circuits (large and small-signal) of Diode, BJT, JFET and MOSFET. Diode circuits : Clipping, clamping, rectifier. Biasing and bias stability. FET amplifiers. Current mirror; Amplifiers : single and multi-stage, differential, operational feedback and power. Analysis of amplifiers; frequency-response of amplifiers. OPAMP circuits. Filters; sinusoidal oscillators : criterion for oscillation; single-transistor and OPAMP configurations. Function generators and wave-shaping circuits. Linear and switching power supplies.

5. Digital Electronics :

Boolean algebra; minimisation of Boolean functions; logic gates; digital IC families (DTL, TTL, ECL, MOS, CMOS). Combinational circuits : arithmetic circuits, code converters, multiplexers and decoders. Sequential circuits: latches and flip-flops, counters and shift-registers. Comparators, timers, multivibrators. Sample and hold circuits, ADCs and DACs. Semiconductor memories. Logic implementation using programmable devices (ROM, PLA, FPGA).

6. Energy Conversion :

Principles of electromechanical energy conversion : Torque and emf in rotating machines. DC machines : characteristics and performance analysis; starting and speed control of motors. Transformers : principles of operation and analysis; regulation, efficiency; 3-phase transformers. 3-phase induction machines and synchronous machines : characteristics and performance analysis; speed control.

7. Power Electronics and Electric Drives :

Semi-conductor power devices : diode, transistor, thyristor, triac, GTO and MOSFET-static characteristics and principles of operation; triggering circuits; phase control rectifiers; bridge converters : fully-controlled and half-controlled; principles of thyristor choppers and inverters; DC-DC converters; Switch mode inverter; basic concepts of speed control of dc and ac motor drives applications of variable-speed drives.

8. Analog Communication :

Random variables : continuous, discrete; probability, probability functions. Statistical averages; probability models; Random signals and noise : white noise, noise equivalent bandwidth; signal transmission with noise; signal to noise ratio. Linear CW modulation : Amplitude modulation : DSB, DSB-SC and SSB. Modulators and Demodulators; Phase and Frequency modulation : PM & FM signals; narrows band FM; generation & detection of FM and PM, Deemphasis, Preemphasis. CW modulation system : Superhetrodyne receivers, AM receivers, communication receivers, FM receivers, phase locked loop, SSB receiver Signal to noise ratio calculation or AM and FM receivers.

PAPER II

1. Control Systems :

Elements of control systems; block-diagram representations; open-loop & closed-loop systems; principles and applications of feed-back. Control system components. LTI systems : time-domain and transform-domain analysis. Stability : Routh Hurwitz criterion, root-loci, Bode-plots and polor plots, Nyquist's criterion; Design of lead-lad compensators. Proportional, PI, PID controllers. State-variable representation and analysis of control systems.

2. Microprocessors and Microcomputers :

PC organisation; CPU, instruction set, register settiming diagram, programming, interrupts, memory interfacing, I/O interfacing, programmable peripheral devices.

3. Measurement and Instrumentation :

Error analysis; measurement of current voltage, power, energy, power-factor, resistance, inductance, capacitance and frequency; bridge measurements. Signal conditioning circuit; Electronic measuring instruments : multimeter, CRO, digital voltmeter, frequency counter, Q-meter, spectrum-analyser, distoration-meter. Transducers : thermocouple, thermistor, LVDT, strain-guage, piezo-electric crystal.

4. Power Systems: Analysis and Control :

Steady-state performance of overhead transmission lines and cables; principles of active and reactive power transfer and distribution; per-unit quantities; bus admittance and impedance matrices; load flow; voltage control and power factor correction; economic operation; symmetrical components, analysis of symmetrical and unsymmetrical faults. Concepts of system stability : swing curves and equal area criterion. Static VAR system. Basic concepts of HVDC transmission.

5. Power System Protection :

Principles of overcurrent, differential and distance protection. Concept of solid state relays. Circuit brakers. Computer aided protection : introduction; line, bus, generator, transformer protection; numeric relays and application of DSP to protection.

6. Digital Communication :

Pulse code modulation (PCM), defferential pulse code modulation (DPCM), delta modulation (DM), Digital modulation and demodulation schemes : amplitude, phase and frequency keying schemes (ASK, PSK, FSK). Error control coding : error detection and correction, linear block codes, convolation codes. Information measure and source coding. Data networks, 7-layer architecture.

GEOGRAPHY PAPER I PRINCIPLES OF GEOGRAPHY

Physical Geography :

- 1. Geomorphology : Factors controlling landform development; endogenetic and exogenetic forces; Origin and evolution of the earth's crusts; Fundamentals of geomagnetism; Physical conditions of the earth's interior; Geosynclines; Continental drift; Isostasy; Plate tectonics; Recent views on mountain building; Volcanicity; Earthquakes and Tsunamis; Concepts of geomorphic cycles and Land scape development; Denudation chronology; Channel morphology; Erosion surfaces; Slope development; Applied Geomorphology; Geomorphology, economic geology and environment.
- 2. Climatology : Temperature and pressure belts of the world; Heat budget of the earth; Atmospheric circulation; Atmospheric stability and instability. Planetary and local winds; Monsoons and jet streams; Air masses and fronto; Temperate and tropical cyclones; Types and distribution of precipitation; Weather and Climate; Koppen's Thornthwaite's and Trewar Tha's classification of world climate; Hydrological cycle; Global climatic change, and role and response of man in climatic changes Applied climatology and Urban climate.

- **3. Oceanography :** Bottom topography of the Atlantic, Indian and Pacific Oceans; Temperature and salinity of the oceans; Heat and salt budgets, Ocean deposits; Waves, currents and tides; Marine resources; biotic, mineral and energy resources; Coral reefs coral bleaching; Sea-level changes; Law of the sea and marine pollution.
- 4. **Biogeography :** Genesis of soils; Classification and distribution of soils; Soil profile; Soil erosion, Degradation and conservation; Factors influencing world distribution of plants and animals; Problems of deforestation and conservation measures; Social forestry, agro-forestry; Wild life; Major gene pool centres.
- **5.** Environmental Geography : Principle ecology; Human ecological adaptations; Influence of man on ecology and environment; Global and regional ecological changes and imbalances; Ecosystem their management and conservation; Environmental degradation, management and conservation; Biodiversity and sustainable development; Environmental policy; Environmental hazards and remedial measures; Environmental education and legislation.

Human Geography :

- 1. Perspectives in Human Geography : Areal differentiation; Regional synthesis; Dichotomy and dualism; Environmentalism; Quantitative revolution and locational analysis; Radical, behavioural, human and welfare approaches; Languages, religions and secularisation; Cultural regions of the world; Human development indix.
- 2. Economic Geography : World economic development: measurement and problems; World resources and their distribution; Energy crisis; the limits to growth; World agriculture: typology of agricultural regions; Agricultural inputs and productivity; Food and nutritions problems; Food security; famine: causes, effects and remedies; World industries: location patterns and problems; Patterns of world trade.
- **3. Population and Settlement Geography :** Growth and distribution of world population; Demographic attributes; Causes and consequences of migration; Concepts of over-under-and optimum population; Population theories, world population problems and policies, Social well-being and quality of life; Population as social capital.

Types and patterns of rural settlements; Environmental issues in rural settlements; Hierarchy of urban settlements; Urban morphology; Concept of primate city and rank-size rule; Functional classification of towns; Sphere of urban influence; Rural-urban fringe; Satellite towns; Problems and remedies of urbanization; Sustainable development of cities.

- 4. **Regional Planning :** Concept of a region; Types of regions and methods of regionalisation; Growth centres and growth poles; Regional imbalances; Regional development strategies; Environmental issues in regional planning; Planning for sustainable development.
- 5. Models, Theories and Laws in Human Geography : System analysis in Human geography; Malthusian, Marxian and demographic transition models; Central Place theories of Christaller and Losch; Perroux and Boudeville; Von Thunen's model of agricultural location; Weber's model of industrial location; Ostov's model of stages of growth. Heart-land and Rimland theories; Laws of international boundaries and frontiers.

PAPER II

GEOGRAPHY OF INDIA

- 1. Physical Setting : Space relationship of India with neighbouring countries; Structure and relief; Drainage system and watersheds; Physiographic regions; Mechanism of Indian monsoons and rainfall patterns; Tropical cyclones and western disturbances; Floods and droughts; Climatic regions; Natural vegetation, Soil types and their distributions.
- 2. Resources : Land, surface and ground water, energy, minerals, biotic and marine resources, Forest and wild life resources and their conservation; Energy crisis.
- **3.** Agriculture : Infrastructure: irrigation, seeds, fertilizers, power; Institutional factors; land holdings, land tenure and land reforms; Cropping pattern, agricultural productivity, agricultural intensity, crop combination, land capability; Agro and social-forestry; Green revolution and its socio-economic and ecological implications; Significance of dry farming; Livestock resources and white revolution; Aqua-culture; Sericulture, Agriculture and poultry; Agricultural regionalisation; Agro-climatic zones; Agro-ecological regions.
- 4. Industry : Evolution of industries; Locational factors of cotton, jute, textile, iron and steel, aluminium, fertiliser, paper, chemical and pharmaceutical, automobile, cottage and ago-based industries; Industrial houses and complexes including public sector underkings; Industrial regionalisation; New industrial policy; Multinationals and liberalisation; Special Economic Zones; Tourism including ecotourism.
- 5. Transport, Communication and Trade : Road, railway, waterway, airway and pipeline net works and their complementary roles in regional development; Growing importance of ports on national and foreign trade; Trade balance; Trade Policy;Export processing zones; Developments in communication and information technology and their impacts on economy and society; Indian space programme.

- 6. Cultural Setting : Historical Perspective of Indian Society; Racial linguistic and ethnic diversities; religious minorities; Major tribes, tribal areas and their problems; Cultural regions; Growth, distribution and density of population; Demographic attributes: sex-ratio, age structure, literacy rate, work-force, dependency ratio, longevity; migration (inter-regional, interaregional and international) and associated problems; Population problems and policies; Health indicators.
- 7. Settlements : Types, patterns and morphology of rural settlements; Urban developments; Morphology of Indian cities; Functional classification of Indian cities; Conurbations and metropolitan regions; Urban sprawl; Slums and associated problems; Town planning; Problems of urbanisation and remedies.
- 8. Regional Development and Planning: Experience of regional planning in India; Five Year Plans; Integrated rural development programmes; Panchayati Raj and decentralised planning; Command area development; Watershed management; Planning for backward area, desert, drought-prone, hill tribal area development; Multi-level planning; Regional planning and development of island territories.
- **9. Political Aspects :** Geographical basis of Indian federalism; State reorganisation; Emergence of new states; Regional consciousness and inter-state issues; International boundary of India and related issues; Crossborder terrorism; India's role in world affairs; Geopolitics of South Asia and Indian Ocean realm.
- 10. Contemporary Issues : Ecological issues: Environmental hazards: landslides, earthquakes, Tsunamis, floods and droughts, epidemics; Issues related to environmental pollution; Changes in patterns of land use; Principles of environmental impact assessment and environmental management; Population explosion and food security; Environmental degradation; Deforestation, desertification and soil erosion; Problems of agrarian and industrial unrest; Regional disparities in economic development; Concept of sustainable growth and development; Environmental awareness; Linkage of rivers; Globalisation and Indian economy.

NOTE : Candidates will be required to answer one compulsory map question pertinent to subjects covered by this paper.

GEOLOGY

PAPER I

1. General Geology :

The Solar System, meteorites, origin and interior of the earth and age of earth; Volcanoes—causes and products, Volcanic belts. Earthquakes—causes, effects, seismic of zone of India; Island arcs, trenches and mid-ocean ridges; Continental drift; Seafloor spreading, plate tectonics. Isostasy.

2. Geomorphology and Remote Sensing :

Basic concepts of geomorphology. Weathering and soil formations; Landforms, slopes and drainage. Geomorphic cycles and their interpretation. Morphology and its relation to structures and lithology; Coastal geomorphology; Applications of geomorphology in mineral prospecting, civil engineering; hydrology and environmental studies; Geomorphology of Indian sub-continent.

Aerial photographs and their interpretation—merits and limitations; The Electromagnetic spectrum. Orbiting Satellites and Sensor Systems. Indian Remote Sensing Satellites. Satellite data products; Applications of remote sensing in geology; The Geographic Information System (GIS) and Global Positioning System (GPS)—its applications.

3. Structural Geology :

Principles of geologic mapping and map reading, projection diagrams, Stress and strain ellipsoid and stressstrain relationships of elastic, plastic and viscous materials; Strain markers in deformed rocks. Behaviour of minerals and rocks under deformation conditions. Folds and faults classification and mechanics; Structural analysis of folds, foliations, lineations, joints and faults, unconformities; Time-relationship between crystallization and deformation.

4. Paleontology :

Species—definition and nomenclature; Megafossils and Microfossils. Modes of preservation of fossils; Different kinds of microfossils; Application of microfossils in correlation, petroleum exploration, paleoclimatic and paleoceanographic studies; Evolutionary trend in Hominidae, Equidae and Proboscidae. Siwalik fauna.

Gondwana flora and fauna and its importance; Index fossils and their significance.

5. Indian Stratigraphy :

Classification of stratigraphic sequences: lithostrati-graphic, biostratigraphic, chrono-stratigraphic and magnetostratigraphic and their interrelationships; Distribution and classification of Precambrian rocks of India; Study of stratigraphic distribution and lithology of Phanerozoic rocks of India with reference to fauna, flora and economic importance. Major boundary problems—Cambrian/ Precambrian, Permian/Triassic, Cretaceous/Tertiary and Pliocene/Pleistocene; Study of climatic conditions, paleogeography and igneous activity in the Indian sub-continent in the geological past. Tectonic framework of India. Evolution of the Himalayas.

6. Hydrogeology and Engineering Geology :

Hydrologic cycle and genetic classification of water; Movement of subsurface water; Springs; Porosity, permeability, hydraulic conductivity, transmissivity and storage coefficient, classification of aquifers; Water-bearing characteristics of rocks; Groundwater chemistry. Salt water intrusion. Types of wells. Drainage basin morphometry; Exploration for groundwater; Groundwater recharge; Problems and management of groundwater; Rainwater harvesting; Engineering properties of rocks; Geological investigations for dams, tunnels highways, railway and bridges; Rock as construction material; Landslides causes, prevention and rehabilitation; Earthquake-resistant structures.

PAPER II

1. Mineralogy :

Classification of crystals into systems and classes of symmetry; International system of crystallographic notation; Use of projection diagrams to represent crystal symmetry; Elements of X-ray crystallography.

Physical and chemical characters of rock forming silicate mineral groups; Structural classification of silicates; Common minerals of igneous and metamorphic rocks; Minerals of the carbonate, phosphate, sulphide and halide groups; Clay minerals.

Optical properties of common rock forming minerals; Pleochroism, extinction angle, double refraction, birefringence, twinning and dispersion in minerals.

2. Igneous and Metamorphic Petrology :

Generation and crystallisation of magmas. Crystallisation of albite—anorthite, diopside—anorthite and diopside—wollastonite—silica systems. Bowen's Reaction Principle; Magmatic differentiation and assimilation. Petrogenetic significance of the textures and structures of igneous rocks. Petrography and petrogenesis of granite, syenite, diorite, basic and ultrabasic groups, charnockite, anorthosite and alkaline rocks. Carbonatites. Deccan volcanic province.

Types and agents of metamorphism. Metamorphic grades and zones; Phase rule. Facies of regional and contact metamorphism; ACF and AKF diagrams; Textures and structures of metamorphic rocks. Metamorphism of arenaceous, argillaceous and basic rocks; Minerals assemblages. Retrograde metamorphism; Metasomatism and granitisation, migmatites. Granulite terrains of India.

3. Sedimenary Petrology :

Sedimentas and Sedimentary rocks: Processes of formation; digenesis and lithification; Clastic and non-clastic rocks-their classification, petrography and depositional environment; Sedimentary facies and provenance. Sedimentary structures and their significance. Heavy minerals and their significance. Sedimentary basins of India.

4. Economic Geology :

Ore, ore mineral and gangue, tenor of ore. Classification of ore deposits; Processes of formation of mineral deposits; Controls of ore localisation; Ore texures and structures; Metallogenic epochs and provinces; Geology of the important Indian deposits of aluminium, chromium, copper, gold, iron, lead, zinc, manganese, titanium, uranium and thorium and industrial minerals; Deposits of coal and petroleum in India, National Mineral Policy; Conservation and utilization of mineral resources. Marine mineral resources and Law of Sea.

5. Mining Geology :

Methods of prospecting—geological, geophysical, geochemical and geobotanical; Techniques of sampling. Estimation of reserves of ore; Methods of exploration and mining-metallic ores, industrial minerals, marine mineral resources and building stones. Mineral beneficiation and ore dressing.

6. Geochemistry and Environmental Geology :

Cosmic abundance of elements. Composition of the planets and meteorites. Structure and composition of earth and distribution of elements. Trace elements. Elements of crystal chemistry-types of chemical bonds, coordination number. Isomorphism and polymorphism. Elementary thermodynamics.

Natural hazards—floods, mass wasting, costal hazards, earthquakes and volcanic activity and mitigation; Environmental impact of urbanization, mining, industrial and radioactive waste disposal, use of fertilizers, dumping of mine waste and fly-ash. Pollution of ground and surface water, marine pollution. Environment protection—legislative measures in India; Sea level changes: causes and impact.

HISTORY

PAPER I

1. Sources

Archaeological sources :

Exploration, excavation, epigraphy, numismatics, monuments.

Literary sources:

Indigenous: Primary and secondary; poetry, scientific literature, literature, literature in regional languages, religious literature.

Foreign account: Greek, Chinese and Arab writers.

2. Pre-history and Proto-history :

Geographical factors; hunting and gathering (paleolithic and mesolithic); Beginning of agriculture (neolithic and chalcolithic).

3. Indus Valley Civilization :

Origin, date, extent, characteristics-decline, survival and significance, art and architecture.

4. Megalithic Cultures :

Distribution of pastoral and farming cultures outside the Indus, Development of community life, Settlements, Development of agriculture, Crafts, Pottery, and Iron industry.

5. Aryans and Vedic Period :

Expansions of Aryans in India :

Vedic Period: Religious and philosophic literature; Transformation from Rig Vedic period to the later Vedic period; Political, social and economical life; Significance of the Vedic Age; Evolution of Monarchy and Varna system.

6. Period of Mahajanapadas :

Formation of States (Mahajanapada): Republics and monarchies; Rise of urban centres; Trade routes; Economic growth; Introduction of coinage; Spread of Jainism and Buddism; Rise of Magadha and Nandas.

Iranian and Mecedonian invasions and their impact.

7. Mauryan Empire :

Foundation of the Mauryan Empire, Chandragupta, Kautilya and Arthashastra; Ashoka; Concept of Dharma; Edicts; Polity, Administration, Economy; Art, architecture and sculpture; External contacts; Religion; Spread of religion; Literature.

Disintegration of the empire; sungas and Kanvas.

8. Post-Mauryan Period (Indo-Greeks, Sakas, Kushanas, Western Kshatrapas) :

Contact with outside world; growth of urban centres, economy, coinage, development of religions, Mahayana, social conditions, art, architecture, culture, literature and science.

9. Early State and Society in Eastern India, Deccan and South India:

Kharavela, The Satavahanas, Tamil States of the Sangam Age; Administration, Economy, land grants, coinage, trade guilds and urban centres; Buddhist centres; Sangam literature and culture; Art and architecture.

10. Guptas, Vakatakas and Vardhanas:

Polity and administration, Economic conditions, Coinage of the Guptas, Land grants, Decline of urban centres, Indian feudalism, Caste system, Position of women, Education and educational institutions; Nalanda, Vikramshila and Vallabhi, Literature, scientific literature, art and architecture.

11. Regional States during Gupta Era:

The Kadambas, Pallavas, Chalukyas of Badami; Polity and Administration, Trade guilds, Literature; growth of Vaishnava and Saiva religions. Tamil Bhakit movement, Shankaracharya; Vedanta; Institutions of temple and temple architecture; Palas, Senas, Rashtrakutas, Paramaras, Polity and administration; Cultural aspects. Arab conquest of Sind; Alberuni, The Chaluky as of Kalyana, Cholas, Hoysalas, Pandyas; Polity and Administration; Local Government; Growth of art and architecture, religious sects, Institution of temple and Mathas, Agraharas, education and literature, economy and society.

12. Themes in Early Indian Cultural History:

Languages and texts, major stages in the evolution of art and architecture, major philosophical thinkers and schools, ideas in Science and Mathematics.

13. Early Medieval India, 750-1200:

- Polity: Major political developments in Northern India and the peninsula, origin and the rise of Rajputs.
- The Cholas: administration, village economy and society "Indian Feudalism".
- Agrarian economy and urban settlements.
- Trade and commerce.
- Society: the status of the Brahman and the new social order.
- Condition of women.
- Indian science and technology.

14. Cultural Traditions in India, 750-1200:

- Philosophy: Skankaracharya and Vedanta, Ramanuja and Vishishtadvaita, Madhva and Brahma-Mimansa.
- Religion: Forms and features of religion, Tamil devotional cult, growth of Bhakti, Islam and its arrival in India, Sufism.
- Literature: Literature in Sanskrit, growth of Tamil literature, literature in the newly developing languages, Kalhan's Rajtarangini, Alberuni's India.
- Art and Architecture: Temple architecture, sculpture, painting.

15. The Thirteenth Century:

- Establishment of the Delhi Sultanate: The Ghurian invasions factors behind Ghurian success.
- Economic, Social and cultural consequences.
- Foundation of Delhi Sultanate and early Turkish Sultans.
- Consolidation: The rule of Iltutmish and Balban.

16. The Fourteenth Century:

- "The Khalji Revolution".
- Alauddin Khalji: Conquests and territorial expansion, agrarian and economic measure.
- Muhammad Tughluq: Major projects, agrarian measures, bureaucracy of Muhammad Tughluq.
- Firuz Tugluq: Agrarian measures, achievements in civil engineering and public works, decline of the Sultanate, foreign contacts and Ibn Battuta's account.

17. Society, Culture and Economy in the Thirteenth and Fourteenth Centuries:

- Society: composition of rural society, ruling classes, town dwellers, women, religious classes, caste and slavery under the Sultanate, Bhakti movement, Sufi movement.
- Culture: Persian literature, literature in the regional languages of North India, literature in the languages of South India, Sultanate architecture and new structural forms, painting, evolution of a composite culture.
- Economy: Agricultural Production, rise of urban economy and non-agricultural production, trade and commerce.

18. The Fifteenth and Early Sixteenth Century-Political Developments and Economy:

- Rise of Provincial Dynasties : Bengal, Kashmir (Zainul Abedin), Gujarat.
- Malwa, Bahmanids.
- The Vijayanagara Empire.
- Lodis.
- Mughal Empire, first phase : Babur, Humayun.
- The Sur Empire : Sher Shah's administration.
- Portuguese colonial enterprise, Bhakti and Sufi Movements.

19. The Fifteenth and Early Sixteenth Century- Society and culture:

- Regional cultures specificities.
- Literary traditions.
- Provincial architectural.
- Society, culture, literature and the arts in Vijayanagara Empire.

20. Akbar:

- Conquests and consolidation of empire.
- Establishment of *jagir* and *mansab* systems.
- -Rajput policy.
- Evolution of religious and social outlook. Theory of Sulh-i-kul and religious policy.
- Court patronage of art and technology.

21. Mughal Empire in the Seventeenth Century:

- Major administrative policies of Jahangir, Shahjahan and Aurangzeb.
- The Empire and the Zamindars.
- Religious policies of Jahangir, Shahjahan and Aurangzeb.
- Nature of the Mughal State.
- Late Seventeenth Century crisis and the revolts.
- The Ahom kingdom.
- Shivaji and the early Maratha Kingdom.

22. Economy and society, in the 16th and 17th Centuries:

- Population Agricultural and craft production.
- Towns, commerce with Europe through Dutch, English and French companies : a trade revolution.
- Indian mercantile classes. Banking, insurance and credit systems.
- Conditions of peasants, Condition of Women.
- Evolution of the Sikh community and the Khalsa Panth.

23. Culture during Mughal Empire:

- Persian histories and other literature.
- Hindi and religious literatures.
- Mughal architecture.
- Mughal painting.
- Provincial architecture and painting.
- Classical music.
- Science and technology.

24. The Eighteenth Century:

- Factors for the decline of the Mughal Empire.
- The regional principalities: Nizam's Deccan, Bengal, Awadh.
- Maratha ascendancy under the Peshwas.
- The Maratha fiscal and financial system.
- Emergence of Afghan power Battle of Panipat, 1761.
- State of, political, cultural and economic, on eve of the British conquest.

PAPER-II

1. European Penetration into India:

The Early European Settlements; The Portuguese and the Dutch; The English and the French East India Companies; Their struggle for supremacy; Carnatic Wars; Bengal-The conflict between the English and the Nawabs of Bengal; Siraj and the English; The Battle of Plassey; Significance of Plassey.

2. British Expansion in India:

Bengal-Mir Jafar and Mir Kasim; The Battle of Buxar; Mysore; The Marathas; The three Anglo-Maratha Wars; The Punjab.

3. Early Structure of the British Raj:

The Early administrative structure; From diarchy to direct contol; The Regulating Act (1773); The Pitt's India Act (1784); The Charter Act (1833); The Voice of free trade and the changing character of British colonial rule; The English utilitarian and India.

4. Economic Impact of British Colonial Rule:

- (a) Land revenue settlements in British India; The Permanent Settlement; Ryotwari Settlement; Mahalwari Settlement; Economic impact of the revenue arrangements; Commercialization of agriculture; Rise of landless agrarian labourers; Impoverishment of the rural society.
- (b) Dislocation of traditional trade and commerce; De-industrialisation; Decline of traditional crafts; Drain of wealth; Economic transformation of India; Railroad and communication network including telegraph and postal services; Famine and poverty in the rural interior; European business enterprise and its limitations.

5. Social and Cultural Developments:

The state of indigenous education, its dislocation; Orientalist-Anglicist controversy, The introduction of western education in India; The rise of press, literature and public opinion; The rise of modern vernacular literature; Progress of Science; Christian missionary activities in India.

6. Social and Religious Reform Movements in Bengal and Other Areas:

Ram Mohan Roy, The Brahmo Movement; Devendranath Tagore; Iswarchandra Vidyasagar; The Young Bengal Movement; Dayanada Saraswati; The social reform movements in India including Sati, widow remarriage, child marriage etc.; The contribution of Indian renaissance to the growth of modern India; Islamic revivalism-the Feraizi and Wahabi Movements.

7. Indian Response to British Rule:

Peasant movement and tribal uprisings in the 18th and 19th centuries including the Rangpur Dhing (1783), the Kol Rebellion (1832), the Mopla Rebellion in Malabar (1841-1920), the Santal Hul (1855), Indigo Rebellion (1859-60), Deccan Uprising (1875) and the Munda Ulgulan (1899-1900); The Great Revolt of 1857 —Origin, character, casuses of failure, the consequences; The shift in the character of peasant uprisings in the post-1857 period; the peasant movements of the 1920s and 1930s.

- 8. Factors leading to the birth of Indian Nationalism; Politics of Association; The Foundation of the Indian National Congress; The Safety-valve thesis relating to the birth of the Congress; Programme and objectives of Early Congress; the social composition of early Congress leadership; the Moderates and Extremists; The Partition of Bengal (1905); The Swadeshi Movement in Bengal; the economic and political aspects of Swadeshi Movement; The beginning of revolutionary extremism in India.
- 9. Rise of Gandhi; Character of Gandhian nationalism; Gandhi's popular appeal; Rowlatt Satyagraha; the Khilafat Movement; the Non-cooperation Movement; National politics from the end of the Non-cooperation movement to the beginning of the Civil Disobedience Movement; the two phases of the Civil Disobedience Movement; Simon Commission; The Nehru Report; the Round Table Conferences; Nationalism and the Peasant Movements; Nationalism and Working class movements; Women and Indian youth and students in Indian politics (1885-1947); the election of 1937 and the formation of ministries; Cripps Mission; the Quit India Movement; the Wavell Plan; The Cabinet Mission.
- 10. Constitutional Developments in the Colonial India between 1858 and 1935.
- 11. Other strands in the National Movement.

The Revolutionaries: Bengal, the Punjab, Maharashtra, U.P. the Madras Presidency, Outside India.

The Left; The Left within the Congress: Jawaharlal Nehru, Subhas Chandra Bose, the Congress Socialist Party; the Communist Party of India, other left parties.

- 12. Politics of Separatism; the Muslim League; the Hindu Mahasabha; Communalism and the politics of partition; Transfer of power; Independence.
- 13. Consolidation as a Nation; Nehru's Foreign Policy; India and her neighbours (1947-1964); The linguistic reorganisation of States (1935-1947); Regionalism and regional inequality; Integration of Princely States; Princes in electoral politics; the Question of National Language.
- 14. Caste and Ethnicity after 1947; Backward Castes and Tribes in post-colonial electoral politics; Dalit movements.
- 15. Economic development and political change; Land reforms; the politics of planning and rural reconstruction; Ecology and environmental policy in post-colonial India; Progress of Science.

16. Enlightenment and Modern ideas:

- (i) Major Ideas of Enlightenment : Kant, Rousseau.
- (ii) Spread of Enlightenment in the colonies.
- (iii) Rise of socialist ideas (up to Marx); spread of Marxian Socialism.

17. Origins of Modern Politics :

- (i) European States System.
- (ii) American Revolution and the Constitution.

- (iii) French Revolution and Aftermath, 1789-1815.
- (iv) American Civil War with reference to Abraham Lincoln and the abolition of slavery.
- (v) British Democratic politics, 1815-1850 : Parliamentary Reformers, Free Traders, Chartists.

18. Industrialization :

- (i) English Industrial Revolution : Causes and Impact on Society.
- (ii) Industrialization in other countries : USA, Germany, Russia, Japan.
- (iii) Industrialization and Globalization.

19. Nation-State System :

- (i) Rise of Nationalism in 19th century.
- (ii) Nationalism : State-building in Germany and Italy.
- (iii) Disintegration of Empires in the face of the emergence of nationalities across the World.

20. Imperialism and Colonialism :

- (i) South and South-East Asia.
- (ii) Latin America and South Africa.
- (iii) Australia.
- (iv) Imperialism and free trade: Rise of neo-imperialism.

21. Revolution and Counter-Revolution :

- (i) 19th Century European revolutions.
- (ii) The Russian Revolution of 1917-1921.
- (iii) Fascist Counter-Revolution, Italy and Germany.
- (iv) The Chinese Revolution of 1949.

22. World Wars :

- (i) 1st and 2nd World Wars as Total Wars : Societal implications.
- (ii) World War I: Causes and Consequences.
- (iii) World War II : Causes and Consequences.

23. The World after World War II:

- (i) Emergence of Two power blocs.
- (ii) Emergence of Third World and non-alignment.
- (iii) UNO and the global disputes.

24. Liberation from Colonial Rule :

- (i) Latin America-Bolivar.
- (ii) Arab World-Egypt.
- (iii) Africa-Apartheid to Democracy.
- (iv) South-East Asia-Vietnam.

25. Decolonization and Underdevelopment :

(i) Factors constraining Development ; Latin America, Africa.

26. Unification of Europe :

- (i) Post War Foundations ; NATO and European Community.
- (ii) Consolidation and Expansion of European Community
- (iii) European Union.

27. Disintegration of Soviet Union and the Rise of the Unipolar World :

Khandakavya

Muktaka Kavya.

Section **B**

- 4. Essential of Indian Culture with stress on :
 - (a) Purusãrthas
 - (b) Samskāras
 - (c) Varnãsramavyavasthã
 - (d) Arts and fine arts
 - (e) Technical Sciences.
- 5. Trends of Indian Philosophy
 - (a) Mïmansã
 - (b) Vedãnta
 - (c) Nyaya
 - (d) Vaisesika
 - (e) Sãnkhya
 - (f) Yoga
 - (g) Bauddha
 - (h) Jaina
 - (i) Carvãka
- 6. Short Essay (in Sanskrit)
- 7. Unseen passage with the questions (to be answered in Sanskrit).

PAPER-II

Question from Group 4 is to be answered in Sanskrit only. Questions from Groups 1, 2 and 3 are to be answered either in Sanskrit or in the medium opted by the candidate.

Section A

General study of the following groups :---

Seneral staay of the following groups.			
Group 1	(a)	Raghuvamsam—Kalidasa	
	(b)	Kumarasambhavam—Kalidasa	
	(c)	Kiratarjuniyam—Bharavi	
	(d)	Sisupalavadham—Magha	
	(e)	Naisadhiyacaritam—Sriharsa	
	(f)	Kadambari—Banabhatta	
	(g)	Dasakumaracaritam—Dandin	
	(h)	Sivarajyodayam—S.B. Varnekar	
Group 2	(a)	Isãvãsyopanisad	
	(b)	Bhagavadgitã	
	(c)	Sundarakanda of Valmiki's Ramayana	
	(d)	Arthasastra of Kautilya	
Group 3	(a)	Svapanavasavadattam—Bhasa	
	(b)	Abhijnanasakuntalam—Kalidasa	
	(c)	Mricchakatikam—Sudraka	
	(d)	Mudraraksasam—Visakhadatta	
	(e)	Uttararamacaritam—Bhavbhuti	
	(f)	Ratnavali—Sriharshavardhana	
	(g)	Venisamharam—Bhattanarayana	
Group 4	Short n	nort notes in Sanskrit on the following :	
	(a)	Meghadutam—Kalidasa	
	(b)	Nitisatakam—Bhartrhari	
	(c)	Pancatantra—	
	(d)	Rajatarangini—Kalhana	
	(e)	Harsacaritam—Banabhatta	
	(f)	Amarukasatakam—Amaruka	

(g) Gitagovindam—Jayadeva.

Section B

This section will require first hand reading of the following selected texts :— (Questions from Groups 1 & 2 are to be answered in Sanskrit only) Questions from Groups 3 and 4 are to be answered either in Sanskrit or in the Medium opted by the candidate.

Group 1	(a)	Raghuvamsam—Canto I, Verses 1 to 10	
	(b)	Kumarasambhavam—Canto I, Verses 1 to 10	
	(c)	Kiratarjuniyaue—Canto I, Verses 1 to 10	
Group 2	(a)	Isavasyopanisad—Verses—1, 2, 4, 6, 7, 15 and 18	
	(b)	Bhagavatgita II Chapter Verses 13 to 25	
	(c)	Sundarakandam of Valmiki Canto 15, Verses 15 to 30 (Geeta Press Edition)

PAPER I

1. Managerial Function and Process :

Concept and foundations of management, Evolution of Management Thoughts; Managerial Functions— Planning, Organizing, Controlling; Decision-making; Role of Manager, Managerial skills; Entrepreneurship; Management of innovation; Managing in a global environment, Flexible Systems Management; Social responsibility and managerial ethics; Process and customer orientation; Managerial processes on direct and indirect value chain.

2. Organisational Behaviour and Design :

Conceptual model of organization behaviour; The individual processes—personality, values and attitude, perception, motivation, learning and reinforcement, work stress and stress management; The dynamics of Organization behaviour—power and politics, conflict and negotiation, leadership process and styles, communication; The Organizational Processes—decision-making, job design; Classical, Neoclassical and Contingency approaches to organizational design; Organizational theory and design—Organizational culture, managing cultural diversity, learning Organization; Organizational change and development; Knowledge Based Enterprise—systems and processes; Networked and virtual organizations.

3. Human Resource Management :

HR challenges; HRM functions; The future challenges of HRM; Strategic Management of human resources; Human resource planning; Job analysis; Job evaluation, Recruitment and selection; Training and development; Promotion and transfer; Performance management; Compensation management and bnenefits; Employee morale and productivity; Management of Organizational climate and Industrial relations; Human resources accounting and audit; Human resource information system; International human resource management.

4. Accounting for Managers :

Financial accounting—concept, importance and scope, generally accepted accounting principles, preparation of financial statements with special reference to analysis of a balance sheet and measurment of business income, inventory valuation and depreciation, financial statement analysis, fund flow analysis, the statement of cash flows; Management accounting concept, need, imporance and scope; Cost accounting—records and processes, cost ledger and control accounts, reconciliation and integration bwtween financial and cost accounts; Overhead cost and control, Job and process costing, Budget and budgetary control, Performance budgeting, Zero-base budgeting, relevant costing and costing for decision-making, standard costing and variance analysis, marginal costing and absorption costing.

5. Financial Management :

Goal of Finance Function. Concepts of value and return. Valuation of bonds and Shares; Management of working capital : Estimation and Financing; Management of cash, receivables, inventory and current liabilities; Cost of capital ; Capital budgeting; Financial and operating leverage; Design of capital structure: theories and practices; Shareholder value creation: dividend policy, corporate financial policy and strategy, management of corporate distress and restructuring strategy; Capital and money markets: institutions and instruments; Leasing hire purchase and venture capital; Regulation of capital market; Risk and return: portfolio theory; CAPM; APT; Financial derivatives: option, futures, swap; Recent reforms in financial sector.

6. Marketing Management :

Concept, evolution and scope; Marketing strategy formulation and components of marketing plan; Segmenting and targeting the market; Positioning and differentiating the market offering; Analyzing competition; Analyzing consumer markets; Industrial buyer behaviour; Market research; Product strategy; Pricing strategies; Designing and managing Marketing channels; Integrated marketing communications; Building customer staisfaction, Value and retention; Services and non-profit marketing; Ethics in marketing; Consumer protection; Internet marketing; Retail management; Customer relationship management; Concept of holistic marketing.

PAPER-II

1. Quantitative Techniques in Decision-making :

Descriptive statistics—tabular, graphical and numerical methods, introduction to probability, discrete and continuous probability distributions, inferential statistics-sampling distributions, central limit theorem, hypothesis testing for differences between means and proportions, inference about population variances, Chisquare and ANOVA, simple correlation and regression, time series and forecasting, decision theory, index numbers; Linear programming—problem formulation, simplex method and graphical solution, sensitivity analysis.

2. Production and Operations Management :

Fundamentals of operations management; Organizing for production; Aggregate production planning, capacity planning, plant design: process planning, plant size and scale of operations, Management of facilities; Line balancing; Equipment replacement and maintenance; Production control; Supply, chain management—vendor evaluation and audit; Quality management; Statistical process control, Six Sigma; Flexibility and agility in manufacturing systems; World class manufaturing; Project management concepts, R&D management, Management of service operations; Role and importance of materials management, value analysis, make or buy decision; Inventory control, MRP; Waste management.

3. Management Information System :

Conceptual foundations of information systems; Information theory; Information resource management; Types of information Systems; Systems Development—Overview of Systems and Design; System Development management life-cycle, Designing online and distributed environments; Implementation and control of project; Trends in information technology; Managing data resources—Organising data. DSS and RDBMS; Enterprise Resource Planning (ERP), Expert systems, e-Business architecture, e-Governance; Information systems planning, Flexibility in information systems; User involvement; Evaluation of information systems.

4. Government Business Interface :

State participation in business, Interaction between Government, Business and different Chambers of Commerce and Industry in India; Government's ploicy with regard to Small Scale Industries; Government clearances for establishing a new enterprise; Public Distribution System; Government control over price and distribution; Consumer Protection Act (CPA) and The Role of Voluntary Organizations in protecting consumers' rights; New Industrial Policy of the Government : liberalization, deregulation and privatisation; Indian planning system; Government policy concerning development of Backward areas/regions; The Responsibilities of the business as well as the Government to protect the environment; Corporate Governance; Cyber Laws.

5. Strategic Cost Management :

Business policy as a field of study; Nature and scope of strategic management, Strategic intent, vision, objectives and policies; Process of strategic planning and implementa-tion; Environmental analysis and internal analysis; SWOT analysis; Tools and techniques for strategic analysis—Impact matrix: The experience curve, BCG matrix, GEC mode, Industry analysis, Concept of value chain; Strategic profile of a firm; Framework for analysing competition; Competitive advantage of a firm; Generic competitive strategies; Growth strategies—expansion, integration and diversification; Concept of core competence, Strategic flexibility; Reinventing strategy; Strategy and structure; chief Executive and Board; turnaround management; Management of strategic change; Strategic alliances, Mergers and Acquisitions; Strategy and corporate evolution in the Indian context.

6. International Business :

International Business Environment : Changing composition of trade in goods and services; India's Foreign Trade: Policy and trends; Financing of International trade; Regional Economic Cooperation; FTAs; Internationalisation of service firms; International production; Operation Management in International companies; International Taxation; Global competitiveness and technological developments; Global E-Business; Designing global organisational structure and control; Multicultural management; Global business strategy; Global marketing strategies; Export Management; Export-Import procedures; Joint Ventures; Foreign Investment: Foreign direct investment and foreign portfolio investment; Cross-border Mergers and Acquisitions; Foreign Exchange Risk Exposure Management; World Financial Markets and International Banking; External Debt Management; Country Risk Analysis.

MATHEMATICS

PAPER I

(1) Linear Algebra :

Vector spaces over R and C, linear dependence and independence, subspaces, bases, dimensions, Linear transformations, rank and nullity, matrix of a linear transformation.

Algebra of Matrices; Row and column reduction, Echelon form, congruence's and similarity; Rankof a matrix; Inverse of a matrix; Solution of system of linear equations; Eigenvalues and eigenvectors, characteristic polynomial, Cayley-Hamilton theorem, Symmetric, skew-symmetric, Hermitian, skew-Hermitian, orthogonal and unitary matrices and their eigenvalues.

(2) Calculus :

Real numbers, functions of a real variable, limits, continuity, differentiability, mean-value theorem, Taylor's theorem with remainders, indeterminate forms, maxima and minima, asymptotes; Curve tracing; Functions of two or three variables; Limits, continuity, partial derivatives, maxima and minima, Lagrange's method of multipliers, Jacobian.

Riemann's definition of definite integrals; Indefinite integrals; Infinite and improper integral; Double and triple integrals (evaluation techniques only); Areas, surface and volumes.

(3) Analytic Geometry :

Cartesian and polar coordinates in three dimensions, second degree equations in three variables, reduction to Canonical forms; straight lines, shortest distance between two skew lines, Plane, sphere, cone, cylinder, paraboloid, ellipsoid, hyperboloid of one and two sheets and their properties.

(4) Ordinary Differential Equations :

Formulation of differential equations; Equations of first order and first degree, integrating factor; Orthogonal trajectory; Equations of first order but not of first degree, Clairaut's equation, singular solution.

Second and higher order liner equations with constant coefficients, complementary function, particular integral and general solution.

Section order linear equations with variable coefficients, Euler-Cauchy equation; Determination of complete solution when one solution is known using method of variation of parameters.

Laplace and Inverse Laplace transforms and their properties, Laplace transforms of elementary functions. Application to initial value problems for 2nd order linear equations with constant coefficients.

(5) Dynamics and Statics :

Rectilinear motion, simple harmonic motion, motion in a plane, projectiles; Constrained motion; Work and energy, conservation of energy; Kepler's laws, orbits under central forces.

Equilibrium of a system of particles; Work and potential energy, friction, Common catenary; Principle of virtual work; Stability of equilibrium, equilibrium of forces in three dimensions.

(6) Vector Analysis :

Scalar and vector fields, differentiation of vector field of a scalar variable; Gradient, divergence and curl in cartesian and cylindrical coordinates; Higher order derivatives; Vector identities and vector equation.

Application to geometry : Curves in space, curvature and torsion; Serret-Furenet's formulae.

Gauss and Stokes' theorems, Green's indentities.

PAPER II

(1) Algebra :

Groups, subgroups, cyclic groups, cosets, Lagrange's Theorem, normal subgroups, quotient groups, homomorphism of groups, basic isomorphism theorems, permutation groups, Cayley's theorem.

Rings, subrings and ideals, homomorphisms of rings; Integral domains, principal ideal domains, Euclidean domains and unique factorization domains; Fields, quotient fields.

(2) Real Analysis :

Real number system as an ordered field with least upper bound property; Sequences, limit of a sequence, Cauchy sequence, completeness of real line; Series and its convergence, absolute and conditional convergence of series of real and complex terms, rearrangement of series. Continuity and uniform continuity of functions, properties of continuous functions on compact sets.

Riemann integral, improper integrals; Fundamental theorems of integral calculus.

Uniform convergence, continuity, differentiability and integrability for sequences and series of functions; Partial derivatives of functions of several (two or three) variables, maxima and minima.

(3) Complex Analysis :

Analytic function, Cauchy-Riemann equations, Cauchy's theorem, Cauchy's integral formula, power series, representation of an analytic function, Taylor's series; Singularities; Laurent's series; Cauchy's residue theorem; Contour integration.

(4) Linear Programming :

Linear programming problems, basic solution, basic feasible solution and optimal solution; Graphical method and simplex method of solutions; Duality.

Transportation and assignment problems.

(5) Partial Differential Equations :

Family of surfaces in three dimensions and formulation of partial differential equations; Solution of quasilinear partial differential equations of the first order, Cauchy's method of characteristics; Linear partial differential equations of the second order with constant coefficients, canonical form; Equation of a vibrating string, heat equation, Laplace equation and their solutions.

(6) Numerical Analysis and Computer Programming :

Numerical methods: Solution of algebraic and transcendental equations of one variable by bisection, Regula-Falsi and Newton-Raphson methods, solution of system of linear equations by Gaussian Elimination and Gauss-Jorden (direct), Gauss-Seidel (iterative) methods. Newton's (forward and backward) and interpolation, Lagrange's interpolation.

Numerical integration: Trapezoidal rule, Simpson's rule, Gaussian quadrature formula.

Numerical solution of ordinary differential equations : Eular and Runga Kutta methods.

Computer Programming : Binary system; Arithmetic and logical operations on numbers; Octal and Hexadecimal Systems; Conversion to and from decimal Systems; Algebra of binary numbers.

Elements of computer systems and concept of memory; Basic logic gates and truth tables, Boolean algebra, normal forms.

Representation of unsigned integers, signed integers and reals, double precision reals and long integers.

Algorithms and flow charts for solving numerical analysis problems.

(7) Mechanics and Fluid Dynamics :

Generalised coordinates; D'Alembert's principle and Lagrange's equations; Hamilton equations; Moment of inertia; Motion of rigid bodies in two dimensions.

Equation of continuity; Euler's equation of motion for inviscid flow; Stream-lines, path of a particle; Potential flow; Two-dimensional and axisymmetric motion; Sources and sinks, vortex motion; Navier-Stokes equation for a viscous fluid.

MECHANICAL ENGINEERING

PAPER I

1. Mechanics :

1.1 Mechanics of Rigid Bodies :

Equations of equilibrium in space and its application; first and second moments of area; simple problems on friction; kinematics of particles for plane motion; elementary particle dynamics.

1.2 Mechanics of Deformable Bodies :

Generalized Hooke's law and its application; design problems on axial stress, shear stress and bearing stress; material properties for dynamic loading; bending shear and stresses in beams; determination of principle stresses and strains-analytical and graphical; compound and combined stresses; bi-axial stresses-thin walled pressure vessel; material behaviour and design factors for dynamic load; design of circular shafts for bending and torsional load only; deflection of beam for statically determinate problems; theories of failure.

2.Engineering Materials :

Basic concepts on structure of solids, common ferrous and non-ferrous materials and their applications; heat-treatment of steels; non-metalsplastics, cermics, composite materials and nano-materials.

3.Theory of Machines :

Kinematic and dynamic analysis of plane mechanisms. Cams, Gears and empicyclie gear trains, flywheels, governors, balancing of rigid rotors, balancing of single and multicy- linder engines, linear vibration analysis of mechanical systems (single degree of freedom), Critical speeds and whirling of shafts.

4. Manufacturing Science :

4.1 Manufacturing Process:

Machine tool engineering - Merhant's force analysis: Taylor's tool life equation; conventional machining; NC and CNC machining process; jigs and fixtures.

Non-conventional machining-EDM, ECM, ultrasonic, water jet machining etc.; application of lasers and plasmas; energy rate calculations.

Forming and welding processes-standard processes.

Metrology-concept of fits and tolerances; tools and guages; comparators; inspection of length; position; profile and surface finish.

4.2 Manufacturing Management :

System design: factory location—simple OR models; plant layout-methods based; applications of engineering economic analysis and break-even analysis for product selection, process selection and capacity planning; predetermined time standards.

System planning; forecasting methods based on regression and decomposition, design and blancing of multi model and stochastic assembly lines; inventory management-probablistic inventory models for order time and order quanitity determination; JIT systems; strategic sourcing; managing inter plant logistics.

System operations and control: Scheduling algorithms for job shops; applications of statistical methods for product and process quality control applications of control charts for mean, range, percent defective, number of defectives and defects per unit; quality cost systems; management of resources, organizations and risks in projects.

System improvement: Implementation of systems, such as total quality management, developing and managing flexible, lean and agile Organizations.

PAPER II

1. Thermodynamics, Gas Dynamics Turbine :

1.1 Basic concept of First-law and Second law of Thermodynamics; concept of entropy and reversibility; availability and unavailability and irreversibility.

1.2 Classification and properties of fluids; incompressible and compressible fluids flows; effect of Mach number and compressibility; continuity momentum and energy equations; normal and oblique shocks; one dimensional isentropic flow; flow or fluids in duct with frictions that transfer.

1.3 Flow through fans, blowers and compressors; axial and centrifugal flow configuration; design of fans and compressors; single problems compresses and turbine cascade; open and closed cycle gas turbines; work done in the gas turbine; reheat and regenerators.

2. Heat Transfer :

2.1 Conduction heat transfer—general conduction equation-Laplace, Poisson and Fourier equations; Fourier law of conduction; one dimensional steady state heat conduction applied to simple wall, solid and hollow cylinder and spheres.

2.2 Convection heat transfer—Newton's law of convection; free and forces convection; heat transfer during laminar and turbulent flow of an incompressible fluid over a flat plate; concepts of Nusselt number, hydrodynamic and thermal boundary layer their thickness; Prandtl number; analogy between heat and momentum transfer—Reynolds, Colbum, Prandtl analogies; heat transfer during laminar and turbulent flow through horizontal tubes; free convection from horizontal and vertical plates.

2.3 Black body radiation—basic radiation laws such as Stefan-boltzman, Planck distribution, Wein's displacement etc.

2.4 Basic heat exchanger analysis; classification of heat exchangers.

3. Engines :

3.1 Classification, themodynamic cycles of operation; determination of break power, indicated power, mechanical efficiency, heat balance sheet, interpretation of performance characteristics, petrol, gas and diesel engines.

3.2 Combustion in SI and CI engines, normal and abnormal combustion; effect of working parameters on knocking, reduction of knocking; Forms of combustion chamber for SI and CI engines; rating of fuels; additives; emission.

3.3 Different systems of IC engines-fuels; lubricating; cooling and transmission systems. Alternate fuels in IC engines.

4. Steam Engineering :

4.1 Steam generation—modified Ranking cycle analysis; Modern steam boilers; steam at critical and supercritical pressures; draught equipment; natural and artificial draught; boiler fuels solid, liquid and gaseous fuels. Steam turbines—Principle; types; compounding; impulse and reaction turbines; axial thrust.

4.2 Steam nozzles—flow of steam in convergent and divergent nozzle pressure at throat for maximum discharge with different initial steam conditions such as wet, saturated and superheated, effect of variation of back pressure; supersaturated flow of steam in nozzles, Wilson line.

4.3 Rankine cycle with internal and external irreversibility; reheat factor; reheating and regeneration, methods of governing; back pressure and pass out turbines.

4.4 Steam power plants—combined cycle power generation; heat recovery steam generators (HRSG) fired and unfired, co-generation plants.

5. Refrigeration and Air-conditioning :

5.1 Vapour compression refrigeration cycle—cycle on p-H & T-s diagrams; ecofriendly refrigerants—R 134a. 123; Systems like evaporators, condensers, compressor, expansion devices. Simple vapour absorption systems.

5.2 Psychrometry—properties; processes; charts; sensible heating and cooling; humidification and dehumidification effective temperature; air-conditioning load calculation; simple duct design.

MEDICAL SCIENCE

PAPER I

1. Human Anatomy :

Applied anatomy including blood and nerve supply of upper and lower limbs and joints of shoulder, hip and knee.

Gross anatomy, blood supply and lymphatic drainage of tongue, thyroid, mammary gland, stomach, liver, prostate, gonads and uterus.

Applied anatomy of diaphragm, perineum and inguinal region.

Clinical anatomy of kidney, urinary bladder, uterine tubes, vas deferens.

Embryology : Placenta and placental barrier. Development of heart, gut, kidney. uterus, ovary, testis and their common congenital abnormalities.

Central and Peripheral Autonomic Nervous System : Gross and clinical anatomy of ventricles of brain, circulation of cerebrospinal fluid; Neural pathways and lesions of cutaneous sensations, hearing and vision; Cranial nerves distribution and clinical significance; Components of autonomic nervous system.

2. Human Physiology :

Conduction and transmission of impulse, mechanism of contraction, neuromuscular transmission, reflexes, control of equilibrium, posture and muscle tone, descending pathways, functions of cerebellum, basal ganglia, Physiology of sleep and consciousness.

Endocrine System : Mechanism of action of hormones; formation, secretion, transport, metabolism, function and regulation of secretion of pancreas and pituitary gland.

Physiology of Reproductive System : Pregnancy menstrual cycle, lactation, pregnancy.

Blood : Development, regulation and fate of blood cells.

Cardio-vascular, cardiac output, blood pressure, regulation of cardiovascular functions.

3. Biochemistry :

Organ function tests-liver, kidney, thyroid Protein synthesis.

Vitamins and minerals.

Restriction fragment length.

polymorphism (RFLP).

Polymerase chain reaction (PCR).

Radio-immunoassays (RIA).

4. Pathology :

Inflammation and repair, disturbances of growth and cancer, Pathogenesis and histopathology of rheumatic and ischaemic heart disease and diabetes mellitus. Differentiation between benign, malignant, primary and metastatic malignancies, Pathogenesis and histopathology of bronchogenic carcinoma, carcinoma breast, oral cancer, cancer cervix, leukemia, Etiology, pathogenesis and histopathology of—cirrhosis liver, glomerulonephritis, tuberculosis, acute osteomyelitis.

5. Microbiology :

Humoral and cell mediated immunity.

Diseases caused by and laboratory diagnosis of ----

- * Meningococcus, Saimonella
- * Shigella, Herpes, Dengue, Polio
- * HIV/AIDS, Malaria, E. Histolytica, Giardia
- * Candida, Cryptococcus, Aspergillus.

6. Pharmacology :

Mechanism of action and side effects of the following drugs :

- * Antipyretics and analgesics, Antibiotics,
- * Antimalaria, Antikala-azar, Antidiabetics,
- * Antihypertensive, Antidiuretics, General and cardiac vasodilators, Antiviral, Antiparasitic, Antifungal, Immunosuppressants,
- * Anticancer.

7. Forensic Medicine and Toxicology

Forensic examination of injuries and wounds; Examination of blood and seminal stains; Poisoning, sedative overdose, hanging, drowning, burns, DNA and finger print study.

PAPER-II

1. General Medicine

Etiology, clinical features, diagnosis and principles of management (including prevention) of-Typhoid, Rabies, AIDS, Dengue, Kala-azar, Japanese Encephalitis.

Etiology, clinical features, diagnosis and principles of management of :

Ischaemic heart disease, pulmonary embolism.

Bronchial asthma.

Pleural effusion, tuberculosis, Malabsorption syndromes; acid peptic diseases, Viral hepatitis and cirrhosis of liver.

Glomerulonephritis and pyelonephritis, renal failure, nephrotic syndrome, renovascular hypertension, complications of diabetes mellitus, coagulation disorders, leukaemia, Hypo and hyper thyrodism, meningitis and encephalitis.

Imaging in medical problems, ultrasound, echo- cardiogram, CT scan, MRI.

Anxiety and Depressive Psychosis and schizophrenia and ECT.

2. Paediatrics

Immunization, Baby friendly hospital, congenital cyanotic heart disease, respiratory distress syndrome, broncho— pneumonias, kernicterus. IMNCI classification and management, PEM grading and management. ARI and Diarrhea of under five and their management.

3. Dermatology

Psoriasis, Allergic dermatitis, scabies, eczema, vitiligo, Stevan Johnson's syndrome, Lichen Planus.

4. General Surgery

Clinical features, causes, diagnosis and principles of management of cleft palate, harelip.

Laryngeal tumour, oral and esophageal tumours.

Peripheral arterial diseases, varicose veins, coarctation of aorta.

Tumours of Thyroid, Adrenal, Glands.

Abscess cancer, fibroadenoma and adenosis of breast.

Bleeding peptic ulcer, tuberculosis of bowel, ulcerative colitis, cancer stomach.

Renal mass, cancer prostatie.

Haemothorax, stones of Gall bladder, Kidney, Ureter and Urinary Bladder.

Management of surgical conditions of Rectum, Anus and Anal canal, Gall bladder and Bile ducts.

Splenomegaly, cholecystitis, portal hypertension, liver abscess, peritonitis, carcinoma head of pancreas.

Fractures of spine, Colles' fracture and bone tumors.

Endoscopy.

Laprascopic Surgery.

5. Obstetrics and Gynaecology including Family Planning

Diagnosis of pregnancy.

Labour management, complications of 3rd stage, Antepartum and postpartum hemorrhage, resuscitation of the newborn, Management of abnormal life and difficult labour. Management of small for date or premature newborn.

Diagnosis and management of anemia. Preeclampsia and Toxaemias of pregnancy, Management of Postmenopausal Syndrome. Intra-uterine devices, pills, tubectomy and vasectomy. Medical termination of pregnancy including legal aspects.

Cancer cervix.

Leucorrhoea, pelvic pain; infertility, dysfunctional uterine bleeding (DUB), amenorrhoea, Fibroid and prolapse of uterus.

6. Community Medicine (Preventive and Social Medicine)

Principles, methods approach and measurements of Epidemiology.

Nutrition, nutritional diseases/diorders and Nutrition Programmes.

Health information Collection, Analysis and Presentation.

Objectives, components and critical analysis of National programmes for control/eradication of :

Malaria, Kala-azar, Filaria and Tuberculosis,

HIV/AIDS, STDs and Dengue.

Critical appraisal of Health care delivery system.

Health management and administration; Techniques, Tools, Programme Implementation and Evaluation.

Objectives, Components, Goals and Status of Reproductive and Child Health, National Rural Health Mission and Millennium Development Goals.

Management of hospital and industrial waste.

PHILOSOPHY

PAPER-I

History and Problems of Philosophy

- 1. Plato and Aristotle : Ideas; Substance; Form and Matter; Causation; Actuality and Potentiality.
- 2. Rationalism (Descartes, Spinoza, Leibniz); Cartesian Method and Certain Knowledge; Substance; God; Mind-Body Dualism; Determinism and Freedom.
- 3. Empiricism (Locke, Berkeley, Hume) : Theory of Knowledge; Substance and Qualities; Self and God; Scepticism.
- 4. Kant: Possibility of Synthetic a priori Judgments; Space and Time; Categories; Ideas of Reason; Antinomies; Critique of Proofs for the Existence of God.
- 5. Hegel : Dialectical Method; Absolute Idealism.
- 6. Moore, Russell and Early Wittgenstein : Defence of Commonsense; Refutation of Idealism; Logical Atomism; Logical Constructions; Incomplete Symbols; Picture Theory of Meaning; Sying and Showing.
- 7. Logical Positivism : Verification Theory of Meaning; Rejection of Metaphysics; Linguistic Theory of Necessary Propositions.
- 8. Later Wittgenstein : Meaning and Use; Language-games; Critique of Private Language.
- 9. Phenomenology (Husserl): Method; Theory of Essences; Avoidance of Psychologism.
- 10. Existentialism (Kierkegaard, Sarte, Heidegger): Existence and Essence; Choice, Responsibility and Authentic Existence; Being-in-the-world and Temporality.
- 11. Quine and Strawson : Critique of Empiricism; Theory of Basic Particulars and Persons.
- 12. Carvaka : Theory of Knowlegde; Rejection of Transcendent Entities.
- 13. Jainism : Theory of Reality; Saptabhanginaya; Bondage and Liberation.
- 14. Schools of Buddhism : Prat Ityasamutpada; Ksanikavada, Nairatmyavada.
- 15. Nyaya—Vaiesesika : Theory of Categories; Theory of Appearance; Theory of Pramana; Self, Liberation; God; Proofs for the Existence of God; Theory of Causation; Atomistic Theory of Creation.
- 16. Samkhya; Prakrit; Purusa; Causation; Liberation.
- 17. Yoga; Citta; Cittavrtti; Klesas; Samadhi; Kaivalya.
- 18. Mimamsa: Theory of Knowlegde.

- 19. Schools of Vedanta : Brahman; Isvara; Atman; Jiva; Jagat; Maya; Avida; Adhyasa; Moksa; Aprthaksiddhi; Pancavidhabheda.
- 20. Aurobindo: Evolution, Involution; Integral Yoga.

PAPER-II

Socio-Political Philosophy

- 1. Social and Political Ideals : Equality, Justice, Liberty.
- 2. Sovereignty : Austin, Bodin, Laski, Kautilya.
- 3. Individual and State : Rights; Duties and Accountability.
- 4. Forms of Government : Monarchy; Theocracy and Democracy.
- 5. Political Ideologies: Anarchism; Marxism and Socialism.
- 6. Humanism; Secularism; Multi-culturalism.
- 7. Crime and Punishment : Corruption, Mass Violence, Genocide, Capital Punishment.
- 8. Development and Social Progress.
- 9. Gender Discrimination : Female Foeticide, Land and Property Rights; Empowerment.
- 10. Caste Discrimination : Gandhi and Ambedkar.

Philosophy of Religion

- 1. Notions of God : Attributes; Relation to Man and the World. (Indian and Western).
- 2. Proofs for the Existence of God and their Critique (Indian and Western).
- 3. Problem of Evil.
- 4. Soul : Immortality; Rebirth and Liberation.
- 5. Reason, Revelation and Faith.
- 6. Religious Experience : Nature and Object (Indian and Western).
- 7. Religion without God.
- 8. Religion and Morality.
- 9. Religious Pluralism and the Problem of Absolute Truth.
- 10. Nature of Religious Language : Analogical and Symbolic; Cognitivist and Non-cognitive.

PHYSICS

PAPER-I

1. (a) Mechanics of Particles :

Laws of motion; conservation of energy and momentum, applications to rotating frames, centripetal and Coriolis accelerations; Motion under a central force; Conservation of angular momentum, Kepler's laws; Fields and potentials; Gravitational field and potential due to spherical bodies, Gauss and Poisson equations, gravitational self-energy; Twobody problem; Reduced mass; Rutherford scattering; Centre of mass and laboratory reference frames.

(b) Mechanics of Rigid Bodies :

System of particles; Centre of mass, angular momentum, equations of motion; Conservation theorems for energy, momentum and angular momentum; Elastic and inelastic collisions; Rigid Body; Degrees of freedom, Euler's theorem, angular velocity, angular momentum, moments of inertia, theorems of parallel and perpendicular axes, equation of motion for rotation; Molecular rotations (as rigid bodies); Di and tri-atomic molecules; Precessional motion; top, gyroscope.

(c) Mechanics of Continuous Media :

Elasticity, Hooke's law and elastic constants of isotropic solids and their inter-relation; Streamline (Laminar) flow, viscosity, Poiseuille's equation, Bernoulli's equation, Stokes' law and applications.

(d) Special Relativity :

Michelson-Morely experiment and its implications; Lorentz transformations length contraction, time dilation, addition of relativistic velocities, aberration and Doppler effect, mass-energy relation, simple applications to a decay process. Four dimensional momentum vector; Covariance of equations of physics.

(a) Waves :

Simple harmonic motion, damped oscillation, forced oscillation and resonance; Beats; Stationary waves in a string; Pulses and wave packets; Phase and group velocities; Reflection and refraction from Huygens' principle.

(b) Geometrial Optics :

Laws of reflection and refraction from Fermat's principle; Matrix method in paraxial optic-thin lens formula, nodal planes, system of two thin lenses, chromatic and spherical aberrations.

(c) Interference :

Interference of light -Young's experiment, Newton's rings, interference by thin films, Michelson interferometer; Multiple beam interference and Fabry Perot interferometer.

(d) Diffraction :

Fraunhofer diffraction - single slit, double slit, diffraction grating, resolving power; Diffraction by a circular aperture and the Airy pattern; Fresnel diffraction: half-period zones and zone plates, circular aperture.

(e) Polarisation and Modern Optics :

Production and detection of linearly and circularly polarized light; Double refraction, quarter wave plate; Optical activity; Principles of fibre optics, attenuation; Pulse dispersion in step index and parabolic index fibres; Material dispersion, single mode fibers; Lasers-Einstein A and B coefficients. Ruby and He-Ne lasers. Characteristics of laser light-spatial and temporal coherence; Focusing of laser beams. Three-level scheme for laser operation; Holography and simple applications.

3. Electricity and Magnetism :

(a) Electrostatics and Magnetostatics :

Laplace and Poisson equations in electrostatics and their applications; Energy of a system of charges, multipole expansion of scalar potential; Method of images and its applications. Potential and field due to a dipole, force and torque on a dipole in an external field; Dielectrics, polarisation. Solutions to boundary-value problems-conducting and dielectric spheres in a uniform electric field; Magnetic shell, uniformly magnetised sphere; Ferromagnetic materials, hysteresis, energy loss.

(b) Current Electricity :

Kirchhoff's laws and their applications. Biot-Savart law, Ampere's law, Faraday's law, Lenz' law. Self-and mutual- inductances; Mean and rms values in AC circuits; DC and AC circuits with R, L and C components; Series and parallel resonance; Quality factor; Principle of transformer.

4. Electromagnetic Waves and Blackbody Radiation :

Displacement current and Maxwell's equations; Wave equations in vacuum, Poynting theorem; Vector and scalar potentials; Electromagnetic field tensor, covariance of Maxwell's equations; Wave equations in isotropic dielectrics, reflection and refraction at the boundary of two dielectrics; Fresnel's relations; Total internal reflection; Normal and anomalous dispersion; Rayleigh scattering; Blackbody radiation and Planck 's radiation law- Stefan-Boltzmann law, Wien's displacement law and Rayleigh-Jeans law.

5. Thermal and Statistical Physics :

(a) Thermodynamics :

Laws of thermodynamics, reversible and irreversible processes, entropy; Isothermal, adiabatic, isobaric, isochoric processes and entropy changes; Otto and Diesel engines, Gibbs' phase rule and chemical potential; Van der Waals equation of state of a real gas, critical constants; Maxwell-Boltzmann distribution of molecular velocities, transport phenomena, equipartition and virial theorems; Dulong-Petit, Einstein, and Debye's theories of specific heat of solids; Maxwell relations and application; Clausius-Clapeyron equation. Adiabatic demagnetisation, Joule-Kelvin effect and liquefaction of gases.

(b) Statistical Physics :

Macro and micro states, statistical distributions, Maxwell-Boltzmann, Bose-Einstein and Fermi-Dirac Distributions, applications to specific heat of gases and blackbody radiation; Concept of negative temperatures.

PAPER-II

1. Quantum Mechanics :

Wave-particle duality; Schroedinger equation and expectation values; Uncertainty principle; Solutions of the one-dimensional Schroedinger equation for free particle (Gaussian wave-packet), particle in a box, particle in a finite well, linear harmonic oscillator; Reflection and transmission by a step potential and by a rectangular barrier; Particle in a three dimensional box, density of states, free electron theory of metals; Angular momentum; Hydrogen atom; Spin half particles, properties of Pauli spin matrices.

2. Atomic and Molecular Physics :

Stern-Gerlach experiment, electron spin, fine structure of hydrozen atom; L-S coupling, J-J coupling; Spectroscopic notation of atomic states; Zeeman effect; Franck-Condon principle and applications; Elementary theory of rotational, vibrational and electronic spectra of diatomic molecules; Raman effect and molecular structure; Laser Raman spectroscopy; Importance of neutral hydrogen atom, molecular hydrogen and molecular hydrogen ion in astronomy. Fluorescence and Phosphorescence; Elementary theory and applications of NMR and EPR; Elementary ideas about Lamb shift and its significance.

3. Nuclear and Particle Physics :

Basic nuclear properties-size, binding energy, angular momentum, parity, magnetic moment; Semi-empirical mass formula and applications. Mass parabolas; Ground state of a deuteron, magnetic moment and non-central forces; Meson theory of nuclear forces; Salient features of nuclear forces; Shell model of the nucleus - success and limitations; Violation of parity in beta decay; Gamma decay and internal conversion; Elementary ideas about Mossbauer spectroscopy; Q-value of nuclear reactions; Nuclear fission and fusion, energy production in stars. Nuclear reactors.

Classification of elementary particles and their interactions; Conservation laws; Quark structure of hadrons : Field quanta of electroweak and strong interactions; Elementary ideas about unification of forces; Physics of neutrinos.

4. Solid State Physics, Devices and Electronics :

Crystalline and amorphous structure of matter; Different crystal systems, space groups; Methods of determination of crystal structure; X-ray diffraction, scanning and transmission electron microscopies; Band theory of solids—conductors, insulators and semi-conductors; Thermal properties of solids, specific heat, Debye theory; Magnetism: dia, para and ferromagnetism; Elements of super-conductivity, Meissner effect, Josephson junctions and applications; Elementary ideas about high temperature super-conductivity.

Intrinsic and extrinsic semi-conductors- p-n-p and n-p-n transistors; Amplifiers and oscillators. Op-amps; FET, JFET and MOSFET; Digital electronics-Boolean identities, De Morgan's laws, Logic gates and truth tables. Simple logic circuits; Thermistors, solar cells; Fundamentals of microprocessors and digital computers.

POLITICAL SCIENCE AND INTERNATIONAL RELATIONS

PAPER- I

Political Theory and Indian Politics :

- 1. Political Theory: meaning and approaches.
- 2. Theories of state : Liberal, Neo-liberal, Marxist, Pluiralist, post-colonial and Feminist.
- 3. Justice : Conceptions of justice with special reference to Rawl's theory of justice and its communitarian critiques.
- 4. Equality : Social, political and economic; relationship between equality and freedom; Affirmative action.
- 5. Rights : Meaning and theories; different kinds of rights; Concept of Human Rights.
- 6. Democracy : Classical and contemporary theories; different models of democracy—representative, participatory and deliberative.
- 7. Concept of power : hegemony, ideology and legitimacy.
- 8. Political Ideologies : Liberalism, Socialism, Marxism, Fascism, Gandhism and Feminism.
- 9. Indian Political Thought: *Dharamshastra, Arthashastra* and Buddhist Traditions; Sir Syed Ahmed Khan, Sri Aurobindo, M. K. Gandhi, B. R. Ambedkar, M. N. Roy.
- 10. Western Political Thought : Plato, Aristotle, Machiavelli, Hobbes, Locke, John S. Mill, Marx, Gramsci, Hannah Arendt.

Indian Government and Politics

1. Indian Nationalism :

- (a) Political Strategies of India's Freedom Struggle : Constitutionalism to mass Satyagraha, Non-cooperation, Civil Disobedience; Militant and Revolutionary Movements, Peasant and Workers Movements.
- (b) Perspectives on Indian National Movement; Liberal, Socialist and Marxist; Radical Humanist and Dalit.
- 2. Making of the Indian Constitution : Legacies of the British rule; different social and political perspectives.
- 3. Salient Features of the Indian Constitution : The Preamble, Fundamental Rights and Duties, Directive Principles; Parliamentary System and Amendment Procedures; Judicial Review and Basic Structure doctrine.
- 4. (a) Principal Organs of the Union Government : Envisaged role and actual working of the Executive, Legislature and Supreme Court.
 - (b) Principal Organs of the State Government : Envisaged role and actual working of the Executive, Legislature and High Courts.
- 5. Grassroots Democracy : Panchayati Raj and Municipal Government; Significance of 73rd and 74th Amendments; Grassroot movements.
- 6. Statutory Institutions/Commissions : Election Commission, Comptroller and Auditor General, Finance Commission, Union Public Service Commission, National Commission for Scheduled Castes, National Commission for Scheduled Tribes, National Commission for Women; National Human Rights Commission, National Commission for Minorities, National Backward Classes Commission.
- 7. Federalism : Constitutional provisions; changing nature of centre-state relations; integrationist tendencies and regional aspirations; inter-state disputes.
- 8. Planning and Economic development : Nehruvian and Gandhian perspectives; Role of planning and public sector; Green Revolution, land reforms and agrarian relations; liberalization and economic reforms.
- 9. Caste, Religion and Ethnicity in Indian Politics.
- 10. Party System : National and regional political parties, ideological and social bases of parties; Patterns of coalition politics; Pressure groups, trends in electoral behaviour; changing socio-economic profile of Legislators.
- 11. Social Movement : Civil liberties and human rights movements; women's movements; environmentalist movements.

PAPER-II

Comparative Politics and International Relations

Comparative Political Analysis and International Politics :

- 1. Comparative Politics : Nature and major approaches; Political economy and political sociology perspectives; Limitations of the comparative method.
- 2. State in Comparative Perspective : Characteristics and changing nature of the State in capitalist and socialist economies, and advanced industrial and developing societies.
- 3. Politics of Representation and Participation : Political parties, pressure groups and social movements in advanced industrial and developing societies.
- 4. Globalisation : Responses from developed and developing societies.
- 5. Approaches to the Study of International Relations : Idealist, Realist, Marxist, Functionalist and Systems theory.
- 6. Key Concepts in International Relations : National interest, security and power; Balance of power and deterrence; Transational actors and collective security; World capitalist economy and globalisation.
- 7. Changing International Political Order :
 - (a) Rise of super powers; Strategic and ideological Bipolarity, arms race and cold war; Nuclear threat;
 - (b) Non-aligned Movement : Aims and achievements.
 - (c) Collapse of the Soviet Union; Unipolarity and American hegemony; Relevance of non-alignment in the contemporary world.
- Evolution of the International Economic System : From Brettonwoods to WTO; Socialist economies and the CMEA (Council for Mutual Economic Assistance); Third World demand for new international economic order; Globalisation of the world economy.
- 9. United Nations : Envisaged role and actual record; Specialized UN agencies—aims and functioning; need for UN reforms.

- 10. Regionalisation of World Politics : EU, ASEAN, APEC, AARC, NAFTA.
- 11. Contemporary Global Concerns : Democracy, human rights, environment, gender justice terrorism, nuclear proliferation.

India and the World

- 1. Indian Foreign Policy : Determinants of foreign policy; the institutions of policy-making; Continuity and change.
- 2. India's Contribution to the Non-Alignment Movement Different phases; Current role.
- 3. India and South Asia :
 - (a) Regional Co-operation : SAARC-past performance and future prospects.
 - (b) South Asia as a Free Trade Area.
 - (c) India's "Look East" policy.
 - (d) Impediments to regional co-operation : River water disputes; illegal cross border migration; Ethnic conflicts and insurgencies; Border disputes.
- 4. India and the Global South : Relations with Africa and Latin America; Leadership role in the demand for NIEO and WTO negotiations.
- 5. India and the Global Centres of Power : USA, EU, Japan, China and Russia.
- 6. India and the UN System: Role in UN Peace-keeping; Demand for Permanent Seat in the Security Council.
- 7. India and the Nuclear Question : Changing perceptions and policy.
- 8. Recent developments in Indian Foreign Policy : India's position on the recent crises in Afghanistan, Iraq and West Asia, growing relations with US and Isreal; Vision of a new world order.

PSYCHOLOGY

PAPER-I

Foundations of Psychology

1. Introduction : Definition of Psychology; Historical antecedents of Psychology and trends in the 21st centrury; Psychology and scientific methods; Psychology in relation to other social sciences and natural sciences; Application of Psychology to societal problems.

2. Methods of Psychology : Types of research : Descriptive, evaluative, diagnostic and prognostic; Methods of Research : Survey, observation, case-study and experiments; Characteristics of experimental design and non-experimental designs; quasi-experimental designs; Focussed group discussions, brain storming, grounded theory approach.

3. Research methods : Major steps in psychological research (problem statement, hypothesis formulation, research design, sampling, tools of data collection, analysis and interpretation and report writing); Fundamental versus applied research; Methods of data collection (interview, observation, questionnaire and case study). Research Designs (Ex-post facto and experimental). Application of statistical techniques (t-test, two-way ANOVA, correlation and regression and factor analysis) item response theory.

4. Development of Human Behaviour : Growth and development; Principles of development, Role of genetic and environmental factors in determining human behaviour; Influence of cultural factors in socialization; Life span development—Characteristics, development tasks, promoting psychological well-being across major stages of the life span.

5. Sensation, Attention and Perception : Sensation: concepts of threshold, absolute and difference thresholds, signal-detection and vigilance; Factors influencing attention including set and characteristics of stimulus; Definition and concept of perception, biological factors in perception; Perceptual organization-influence of past experiences, perceptual defence-factor influencing space and depth perception, size estimation and perceptual readiness; The plasticity of perception; Extrasensory perception; Culture and perception, Subliminal perception.

6. Learning : Concepts and theories of learning (Behaviourists, Gestaltalist and Information processing models). The processes of extinction, discrimination and generalisation. Programmed learning, probability learning, self instructional learning, concepts, types and the schedules of reinforcement, escape, avoidance and punishment, modelling and social learning.

7. Memory : Encoding and remembering; Shot-term memory, Long-term memory, Sensory memory, Iconic memory, Echoic memory: The Multistore model, levels of processing; Organization and Mnemonic techniques to improve memory; Theories of forgetting: decay, interference and retrieval failure: Metamemory; Amnesia: Anterograde and retrograde.

8. Thinking and Problem Solving : Piaget's theory of cognitive development; Concept formation processes; Information processing, Reasoning and problem solving, Facilitating and hindering factors in problem solving, Methods of problem solving: Creative thinking and fostering creativity; Factors influencing decision making and judgement; Recent trends.

9. Motivation and Emotion : Psychological and physiological basis of motivation and emotion; Measurement of motivation and emotion; Effects of motivation and emotion on behaviour; Extrinsic and intrinsic motivation; Factors influencing intrinsic motivation; Emotional competence and the related issues.

10. Intelligence and Aptitude : Concept of intelligence and aptitude, Nature and theories of intelligence-Spearman, Thurstone, Gulford Vernon, Sternberg and J.P. Das; Emotional Intelligence, Social intelligence, measurement of intelligence and aptitudes, concept of I Q deviation I Q, constancy of I Q; Measurement of multiple intelligence; Fluid intelligence and crystallized intelligence.

11. Personality : Definition and concept of personality; Theories of personality (psychoanalytical, sociocultural, interpersonal, developmental, humanistic, behaviouristic, trait and type approaches); Measurement of personality (projective tests, pencil-paper test); The Indian approach to personality; Training for personality development; Latest approaches like big 5 factor theory; The notion of self in different traditions.

12. Attitudes, Values and Interests : Definitions of attitudes, values and interests; Components of attitudes; Formation and maintenance of attitudes. Measurement of attitudes, values and interests. Theories of attitude changes, strategies for fostering values. Formation of stereotypes and prejudices; Changing other's behaviour, Theories of attribution; Recent trends.

13. Language and Communication : Human language—Properties, structure and linguistic hierarchy, Language acquisition—predispotion, critical period hypothesis; Theories of Language development—Skinner and Chomsky; Process and types of communication—effective communication training.

14. Issues and Perspectives in Modern Contemporary Psychology : Computer application in the psychological laboratory and psychological testing; Artificial intelligence; Psychocybernetics; Study of consciousnessleep-wak schedules; dreams, stimulus deprivation, meditation, hypnotic/drug induced states; Extrasensory perception; Intersensory perception; Simulation studies.

PAPER-II

Psychology : Issues and applications

1. Psychological Measurement of Individual Differences :

The nature of individual differences. Characteristics and construction of standardized psychological tests. Types of psychological tests. Use, misuse and limitation of psychological tests. Ethical issues in the use of psychological tests.

2. Psychological well being and Mental Disorders :

Concept of health-ill health positive health, well being casual factores in Mental disorders (Anxiety disorders, mood disorders; schizophrenia and delusional disorders; personality disorders, substance abuse disorders). Factors influencing positive health, well being; lifestyle and quality of life; Happiness disposition.

3. Therapeutic Approaches :

Psychodynamic therapies. Behaviour therapies. Client centered therapy. Cognitive therapies. Indigenous therapies (Yoga, Meditation). Biofeedback therapy. Prevention and rehabilitation of the mentally ill; Fostering mental health.

4. Work Psychology and Organisational Behaviour :

Personnel selection and training. Use of Psychological tests in the industry. Training and human resource development. Theories of work motivation. Herzberg, Maslow, Adam Equity theory, Porter and Lawler, Vroom; Leadership and participatory management; Advertising and marketing; Stress and its management; Ergonomics; consumer psychology; Managerial effectiveness; Transformational leadersip; Senitivity training; Power and politics in organizations.

5. Application of Psychology to Educational Field :

Psychological principles underlying effective teaching-learning process. Learning styles. Gifted, retarded, learning disabled and their training. Training for improving memory and better academic achievement. Personality development and value education. Educational, vocational guidance and Career counselling. Use of Psychological tests in educational institutions; Effective strategies in guidance programmes.

6. Community Psychology :

Definition and concept of Community Psychology. Use of small groups in social action. Arousing Community consciousness and action for handling social problems. Group decision making and leadership for social change. Effective strategies for social change.

7. Rehabilitation Psychology :

Primary, secondary and tertiary prevention programmes—role of psychologists. Organising of services for rehabilitation of physically, mentally and socially challenged persons including old persons. Rehabilitation of persons suffering from substance abuse, juvenile delinquency, criminal behaviours. Rehabilitation of victims of violence. Rehabilitation of HIV/AIDS victims, the role of social agencies.

8. Application of Psychology to disadvantaged groups :

The concepts of disadvantaged, deprivation social, physical, cultural and economic consequences of disadvantaged and deprived groups. Educating and motivating the disadvantaged towards development; Relative and prolonged deprivation.

9. Psychological problem of social integration :

The concept of social integration. The problem of caste, class, religion and language conflicts and prejudice. Nature and manifestation of prejudice between the ingroup and outgroup. Casual factors of such conflicts and prejudices. Psychological strategies for handling the conflicts and prejudices. Measures to achieve social integration.

10. Application of Psychology in Information Technology and Mass Media :

The present scenario of information technology and the mass media boom and the role of psychologists. Selection and training of Psychology professionals to work in the field of IT and mass media. Distance learning through IT and mass media. Entrepreneurship through e-commerce. Multilevel marketing. Impact of TV and fostering value through IT and mass media. Psychological consequences of recent developments in Information Technology.

11. Psychology and Economic development :

Achievement motivation and economic development. Characteristics of entrepreneurial behaviour. Motivating and Training people for entrepreneurship and economic development; Consumer rights and consumer awareness, Government policies for promotion of entrepreneurship among youth including women entrepreneurs.

12. Application of Psychology to environment and related fields :

Environmental Psychology effects of noise, pollution and crowding. Population Psychology : Psychological consequence of population explosion and high population density. Motivating for small family norms. Impact of rapid scientific and technological growth on degradation of environment.

13. Application of psychology in other fields :

(a) Military Psychology

Devising psycological tests for defence personnel for use in selection, Training, counseling; training psychologists to work, with defence personnel in promoting positive health; Human engineering in defence.

(b) Sports Psychology

Psychological interventions in improving performance of athletes and sports. Persons participating in Individual and Team Games.

(c) Media influences on pro and anti-social behaviour.

(d) Psychology of Terrorism.

14. Psychology of Gender :

Issues of discrimination, Management of diversity; Glass ceiling effect, Self-fulfilling prophesy, Women and Indian society.

PUBLIC ADMINISTRATION

PAPER-I

Administration Theory

1. Introduction :

Meaning, scope and significance of Public Administration, Wilson's vision of Public Administration, Evolution of the discipline and its present status. New Public Administration, Public Choice approach; Challenges of liberalization, Privatisation, Globalisation; Good Governance: concept and application; New Public Management.

2. Administrative Thought :

Scientific Management and Scientific Management movement; Classical Theory; Weber's bureaucratic model its critique and post-Weberian Developments; Dynamic Administration (Mary Parker Follett); Human Relations School (Elton Mayo and others); Functions of the Executive (C.I. Barnard); Simon's decision-making theory; Participative Management (R. Likert, C. Argyris, D. McGregor.)

3. Administrative Behaviour :

Process and techniques of decision-making; Communication; Morale; Motivation Theories content, process and contemporary; Theories of Leadership: Traditional and Modem:

4. Organisations :

Theories systems, contingency; Structure and forms: Ministries and Departments, Corporations, Companies; Boards and Commissions; Ad hoc, and advisory bodies; Headquarters and Field relationships; Regulatory Authorities; Public-Private Partnerships.

5. Accountability and Control :

Concepts of accountability and control; Legislative, Executive and judicial control over administration; Citizen and Administration; Role of media, interest groups, voluntary organizations; Civil society; Citizen's Charters; Right to Information; Social audit.

6. Administrative Law :

Meaning, scope and significance; Dicey on Administrative law; Delegated legislation; Administrative Tribunals.

7. Comparative Public Administration :

Historical and sociological factors affecting administrative systems; Administration and politics in different countries; Current status of Comparative Public Administration; Ecology and administration; Riggsian models and their

critique.

8. Development Dynamics :

Concept of development; Changing profile of development administration; 'Anti-development thesis'; Bureaucracy and development; Strong state versus the market debate; Impact of liberalisation on administration in developing countries; Women and development the self-help group movement.

9. Personnel Administration :

Importance of human resource development; Recruitment, training, career advancement, position classification, discipline, performance appraisal, promotion, pray and service conditions; employer-employee relations, grievance redressal mechanism; Code of conduct; Administrative ethics.

10. Public Policy :

Models of policy-making and their critique; Processes of conceptualisation, planning, implementation, monitoring, evaluation and review and their limitations; State theories and public policy formulation.

11. Techniques of Adminstrative Improvement :

Organisation and methods, Work study and work management; e-governance and information technology; Management aid tools like network analysis, MIS, PERT, CPM.

12. Financial Administration :

Monetary and fiscal policies: Public borrowings and public debt Budgets types and forms; Budgetary process; Financial accountability; Accounts and audit.

PAPER-II

Indian Administration

1. Evolution of Indian Administration :

Kautilya Arthashastra; Mughal administration; Legacy of British rule in politics and administration Indianization of Public services, revenue administration, district Administration, local self Government.

2. Philosophical and Constitutional framework of

Government :

Salient features and value premises; Constitutionalism; Political culture; Bureaucracy and democracy; Bureaucracy and development.

3. Public Sector Undertakings :

Public sector in modern India; Forms of Public Sector Undertakings; Problems of autonomy, accountability and control; Impact of liberalization and privatization.

4. Union Government and Administration :

Executive, Parliament, Judiciary-structure, functions, work processes; Recent trends; Intra-governmental relations; Cabinet Secretariat; Prime Minister's Office; Central Secretariat; Ministries and Departments; Boards; Commissions;

Attached offices; Field organizations.

5. Plans and Priorities :

Machinery of planning; Role, composition and functions of the Planning Commission and the National Development Council; 'Indicative' planning; Process of plan formulation at Union and State levels; Constitutional Amendments (1992) and decentralized planning for economic development and social justice.

6. State Government and Administration :

Union-State administrative, legislative and financial relations; Role of the Finance Commission; Governor; Chief Minister; Council of Ministers; Chief Secretary; State Secretariat; Directorates.

7. District Administration since Independence :

Changing role of the Collector; Union-State-local relations; Imperatives of development management and law and order administration; District administration and democratic decentralization.

8. Civil Services :

Constitutional position; Structure, recruitment, training and capacity building; Good governance initiatives; Code of conduct and discipline; Staff associations; Political rights; Grievance redressal mechanism; Civil service neutrality; Civil service activism.

9. Financial Management :

Budget as a political instrument; Parliamentary control of public expenditure; Role of finance ministry in monetary and fiscal area; Accounting techniques; Audit; Role of Controller General of Accounts and Comptroller and Auditor

General of India.

10. Administrative Reforms since Independence :

Major concerns; Important Committees and Commissions; Reforms in financial management and human resource development; Problems of implementation.

11. Rural Development :

Institutions and agencies since Independence; Rural development programmes: foci and strategies; Decentralization and Panchayati Raj; 73rd Constitutional amendment.

12. Urban Local Government :

Municipal governance: main features, structures, finance and problem areas; 74th Constitutional Amendment; Global-local debate; New localism; Development dynamics, politics and administration with special reference to city management.

13. Law and Order Administration:

British legacy; National Police Commission; Investigative agencies; Role of Central and State Agencies including para military forces in maintenance of law and order and countering insurgency and terrorism; Criminalisation of politics and administration; Police-public relations; Reforms in Police.

14. Significant issues in Indian Administration:

Values in public service; Regulatory Commissions; National Human Rights Commission; Problems of administration in coalition regimes; Citizen administration interface; Corruption and administration; Disaster management.

SOCIOLOGY

PAPER-I

FUNDAMENTALS OF SOCIOLOGY

1. Sociology - The Discipline:

- (a) Modernity and social changes in Europe and emergence of Sociology.
- (b) Scope of the subject and comparison with other social sciences.
- (c) Sociology and common sense.

2. Sociology as Science:

- (a) Science, scientific method and critique.
- (b) Major theoretical strands of research methodology.
- (c) Positivism and its critique.
- (d) Fact value and objectivity.
- (e) Non-positivist methodologies.

3. Research Methods and Analysis:

- (a) Qualitative and quantitative methods.
- (b) Techniques of data collection.
- (c) Variables, sampling, hypothesis, reliability and validity.

4. Sociological Thinkers:

- (a) Karl Marx Historical materialism, mode of production, alienation, class struggle.
- (b) Emile Durkhteim Division of labour, social fact, suicide, religion and society.
- (c) Max Weber Social action, ideal types, authority, bureaucracy, protestant ethic and the spirit of capitalism.
- (d) Talcolt Parsons Social system, pattern variables.
- (e) Robert K. Merton Latent and manifest functions, conformity and deviance, reference groups.
- (f) Mead Self and identity.

5. Stratification and Mobility :

- (a) Concepts equality, inequality, hierarchy, exclusion, poverty and deprivation.
- (b) Theories of social stratification Structural func tionalist theory, Marxist theory, Weberian theory.
- (c) Dimensions Social stratification of class, status groups, gender, ethnicity and race.
- (d) Social mobility open and closed systems, types of mobility, sources and causes of mobility.

6. Works and Economic Life :

- (a) Social organization of work in different types of society slave society, feudal society, industrial capitalist society.
- (b) Formal and informal organization of work.
- (c) Labour and society.

7. Politics and Society:

- (a) Sociological theories of power.
- (b) Power elite, bureaucracy, pressure groups and political parties.
- (c) Nation, state, citizenship, democracy, civil society, ideology.
- (d) Protest, agitation, social movements, collective action, revolution.

8. Religion and Society :

- (a) Sociological theories of religion.
- (b) Types of religious practices: animism, monism, pluralism, sects, cults.
- (c) Religion in modern society: religion and science, secularization, religious revivalism, fundamen talism.

9. Systems of Kinship:

- (a) Family, household, marriage.
- (b) Types and forms of family.
- (c) Lineage and descent.
- (d) Patriarchy and sexual division of labour.
- (e) Contemporary trends.

10. Social Change in Modern Society :

- (a) Sociological theories of social change.
- (b) Development and dependency.
- (c) Agents of social change.
- (d) Education and social change.
- (e) Science, technology and social change.

PAPER-II

INDIAN SOCIETY: STRUCTURE AND CHANGE

A. Introducing Indian Society :

(i) Perspectives on the Study of Indian Society :

- (a) Indology (G.S. Ghure).
- (b) Structural functionalism (M. N. Srinivas).
- (c) Marxist sociology (A. R. Desai).

(ii) Impact of colonial rule on Indian society :

- (a) Social background of Indian nationalism.
- (b) Modernization of Indian tradition.
- (c) Protests and movements during the colonial period.
- (d) Social reforms.

B. Social Structure:

(i) Rural and Agrarian Social Structure:

- (a) The idea of Indian village and village studies.
- (b) Agrarian social structure—

evolution of land tenure system, land reforms.

(ii) Caste System:

- (a) Perspectives on the study of caste systems: G. S. Ghurye, M. N. Srinivas, Louis Dumont, Andre Beteille.
- (b) Features of caste system.
- (c) Untouchability-forms and perspectives

(iii) Tribal Communities in India:

- (a) Definitional problems.
- (b) Geographical spread.
- (c) Colonial policies and tribes.
- (d) Issues of integration and autonomy.

(iv) Social Classes in India:

- (a) Agrarian class structure.
- (b) Industrial class structure.
- (c) Middle classes in India.

(v) Systems of Kinship in India:

- (a) Lineage and descent in India.
- (b) Types of kinship systems.
- (c) Family and marriage in India.
- (d) Household dimensions of the family.
- (e) Patriarchy, entitlements and sexual division of labour.

(vi) Religion and Society :

- (a) Religious communities in India.
- (b) Problems of religious minorities.

C. Social Changes in India:

(i) Visions of Social Change in India:

- (a) Idea of development planning and mixed economy.
- (b) Constitution, law and social change.
- (c) Education and social change.

(ii) Rural and Agrarian Transformation in India:

- (a) Programmes of rural development, Community Development Programme, cooperatives, poverty alleviation schemes.
- (b) Green revolution and social change.
- (c) Changing modes of production in Indian agriculture.
- (d) Problems of rural labour, bondage, migration.

(iii) Industrialization and Urbanisation in India:

- (a) Evolution of modern industry in India.
- (b) Growth of urban settlements in India.
- (c) Working class: structure, growth, class mobilization.
- (d) Informal sector, child labour.
- (e) Slums and deprivation in urban areas.

(iv) Politics and Society :

- (a) Nation, democracy and citizenship.
- (b) Political parties, pressure groups, social and political elite.
- (c) Regionalism and decentralization of power.
- (d) Secularization.

(v) Social Movements in Modern India :

- (a) Peasants and farmers movements.
- (b) Women's movement.
- (c) Backward classes & Dalit movements.
- (d) Environmental movements.
- (e) Ethnicity and Identity movements.

(vi) Population Dynamics :

- (a) Population size, growth, composition and distribution.
- (b) Components of population growth: birth, death, migration.
- (c) Population Policy and family planning.
- (d) Emerging issues: ageing, sex ratios, child and infant mortality, reproductive health.

(vii) Challenges of Social Transformation :

- (a) Crisis of development : displacement, environmental problems and sustainability.
- (b) Poverty, deprivation and inequalities.
- (c) Violence against women.
- (d) Caste conflicts.
- (e) Ethnic conflicts, communalism, religious revivalism.
- (f) Illiteracy and disparities in education.

STATISTICS

PAPER-I

1. Probability :

Sample space and events, probability measure and probability space, random variable as a measurable function. distribution function of a random variable, discrete and continuous-type random variable, probability mass function, probability density function, vector-valued random variable, marginal and conditional distributions, stochastic independence of events and of random variables, expectation and moments of a random variable, conditional expectation, convergence of a sequence of random variable in distribution, in probability, in path mean and almost everywhere, their criteria and inter-relations, Chebyshev's inequality and Khintchine's weak law of large numbers, strong law of large numbers and Kolmogoroffs theorems, probability generating function, moment generating function, inversion theorem, Linderberg and Levy forms of central limit theorem, standard discrete and continuous probability distributions.

2. Statistical Inference:

Consistency, unbiasedness, efficiency, sufficiency, completeness, ancillary statistics, factorization theorem, exponential family of distribution and its properties, uniformly minimum variance unbiased (UMVU) estimation, Rao Blackwell and Lehmann-Scheffe theorems, Cramer-Rao inequality for single Parameter. Estimation by methods of moments, maximum likelihood, least squares, minimum chisquare and modified minimum chisquare, properties of maximum likelihood and other estimators, asymptotic efficiency, prior and posterior distributions, loss function, risk function, and minimax estimator. Bayes estimators.

Non-randomised and randomised tests, critical function, MP tests, Neyman-Pearson lemma, UMP tests, monotone likelihood ratio: similar and unbiased tests, UMPU tests for single paramet likelihood ratio test and its asymptotic distribution. Confidence bounds and its relation with tests.

Kolmogorov's test for goodness of fit and its consistency, sign test and its optimality. Wilcoxon signedranks test and its consistency, Kolmogorov-Smirnov two sample test, run test, Wilcoxon-Mann-Whitney test and median test, their consistency and asymptotic normality.

Wald's SPRT and its properties, Oc and ASN functions for tests regarding parameters for Bernoulli, Poisson, normal and exponential distributions. Wald's fundamental identity.

3. Linear Inference and Multivariate Analysis :

Linear statistical models, theory of least squares and analysis of variance, Gauss-Markoff theory, normal equations, least squares estimates and their precision, test of significance and interval estimates based on least squares theory in oneway, two-way and three-way classified data, regression analysis, linear regression, curvilinear regression and orthogonal polynomials, multiple regression, multiple and partial correlations, estimation of variance and covariance components, multivariate normal distribution, Mahalanobis's D² and Hotelling's T² statistics and their applications and properties, discriminant analysis, canonical correlations, principal component analysis.

4. Sampling Theory and Design of Experiments :

An outline of fixed-population and super-population approaches, distinctive features of finite population sampling, propability sampling designs, simple random sampling with and without replacement, stratified random sampling, systematic sampling and its efficacy, cluster sampling, twostage and multi-stage sampling, ratio and regression methods of estimation involving one or more auxiliary variables, two-phase sampling, probability proportional to size sampling with and without replacement, the Hansen-Hurwitz and the HorvitzThompson estimators, non-negative variance estimation with reference to the Horvitz-Thompson estimator, non-sampling errors.

Fixed effects model (two-way classification) random and mixed effects models (two-way classification with equal observation per cell), CRD, RBD, LSD and their analyses, incomplete block designs, concepts of orthogonality and balance, BIBD, missing plot technique, factorial experiments and 2⁴ and 3², confounding in factorial experiments, split-plot and simple lattice designs, transformation of data Duncan's multiple range test.

PAPER II

1. Industrial Statistics

Process and product control, general theory of control charts, different types of control charts for variables and attributes, X, R, s, p, np and charts, cumulative sum chart. Single, double, multiple and sequential sampling plans for attributes, OC, ASN, AOQ and ATI curves, concepts of producer's and consumer's risks, AQL, LTPD and AOQL, Sampling plans for variables, Use of Dodge-Romin tables.

Concept of reliability, failure rate and reliability functions, reliability of series and parallel systems and other simple configurations, renewal density and renewal function, Failure models: exponential, Weibull, normal, lognormal. Problems in life testing, censored and truncated experiments for exponential models.

2. Optimization Techniques :

Different types of models in Operations Research, their construction and general methods of solution, simulation and Monte-Carlo methods formulation of Linear Programming (LP) problem, simple LP model and its graphical solution, the simplex procedure, the two-phase method and the M-technique with artificial variables, the duality theory of LP and its economic interpretation, sensitivity analysis, transpotation and assignment problems, rectangular games, two-person zerosum games, methods of solution (graphical and algebraic).

Replacement of failing or deteriorating items, group and individual replacement policies, concept of scientific inventory management and analytical structure of inventory problems, simple models with deterministic and stochastic demand with and without lead time, storage models with particular reference to dam type.

Homogeneous discrete-time Markov chains, transition probability matrix, classification of states and ergodic theorems, homogeneous continuous-time Markov chains, Poisson process, elements of queuing theory, M/MI, M/M/K, G/M/I and M/G/I queues.

Solution of statistical problems on computers using wellknown statistical software packages like SPSS.

3. Quantitative Economics and Official Statistics:

Determination of trend, seasonal and cyclical components, Box-Jenkins method, tests for stationary series, ARIMA models and determination of orders of autoregressive and moving average components, fore-casting.

Commonly used index numbers - Laspeyre's, Paasche's and Fisher's ideal index numbers, cham-base index number, uses and limitations of index numbers, index number of wholesale prices, consumer price, agricultural production and industrial production, test fot index numbers -proportionality, time-reversal, factor-reversal and circular.

General linear model, ordinary least square and generalized least squares methods of estimation, problem of multi-collinearity, consequences and solutions of multi-collinearity, autocorrelation and its consequences, heteroscedasticity of disturbances and its testing, test for independence of disturbances concept of structure and model for simultaneous equations, problem of identification-rank and order conditions of identifiability, two-stage least sauare method of estimation.

Present official statistical system in India relating to population, agriculture, industrial production, trade and prices, methods of collection of official statistics, their reliability and limitations, principal publications containing such statistics, various official agencies responsible for data collection and their main functions.

4. Demography and Psychometry :

Demographic data from census, registration, NSS other surveys, their limitations. and uses, definition, construction and uses of vital rates and ratios, measures of fertility, reproduction rates, morbidity rate, standardized death rate, complete and abridged life tables, construction of life tables from vital statistics and census returns, uses of life tables, logistic and other population growth curves, fitting a logistic curve, population projection, stable population, quasi-stable population, techniques in estimation of demographic parameters, standard classification by cause of death, health surveys and use of hospital statistics.

Methods of standardisation of scales and tests, Z-scores, standard scores, T-scores, percentile scores, intelligence quotient and its measurement and uses, validity and reliability of test scores and its determination, use of factor analysis and path analysis in psychometry.

ZOOLOGY

PAPER-I

1. Non-chordata and Chordata :

- (a) Classification and relationship of various phyla up to subclasses: Acoelomate and Coelomate, Protostomes and Deuterostomes, Bilateria and Radiata; Status of Protista, Parazoa, Onychophora and Hemichordata; Symmetry.
- (b) Protozoa: Locomotion, nutrition, reproduction, sex; General features and life history of *Paramaecium*, *Monocystis*. *Plasmodium* and *Leishmania*.
- (c) Porifera: Skeleton, canal system and reproduction.

- (d) Cnidaria: Polymorphism, defensive structures and their mechanism; coral reefs and their formation; metagenesis; general features and life history of *Obelia* and *Aurelia*.
- (e) Platyhelminthes: Parasitic adaptation; general features and life history of Fasciola and Taenia and their-Pathogenic symptoms.
- (f) Nemathelminthes: General features, life history, parasitic adaptation of Ascaris and Wuchereria.
- (g) Annelida: Coelom and metamerism; modes of life in polychaetes; general features and life history of Nereis, earthworm and leach.
- (h) Arthropoda: Larval forms and parasitism in Crustacea; vision and respiration in arthropods (Prawn, cockroach and scorpion); modification of mouth, parts in insects (cockroach, mosquito, housefly, honey bee and butterfly), metapmor phosis in insect and its hormonal regulation, socialbehaviour of Apis and termites.
- Molluscs: Feeding, respiration, locomotion, general features and life history of Lamellidens, Pila and Sepia. Torsion and detorsion in gastropods.
- (j) Echinodermata: Feeding, respiration, locomotion, larval forms, general features and life history of Asterias.
- (k) Protochordata: Origin of chordates; general features and life history of Branchiostoma and Herdmania.
- (l) Pisces: Respiration, locomotion and migration.
- (m) Amphibia: Origin of tetrapods, parental care, paedomorphosis.
- (n) Reptilia; Origin of reptiles, skull types, status of Sphenodon and crocodiles.
- (o) Aves: Origin of birds, flight adaptation, migration.
- (p) Mammalia: Origin of mammals, dentition, general features of egg laying mammals, pouchedmammals, aquatic mammals and primates, endocrine glands (pituitary, thyroid, parathyroid, adrenal, pancreas, gonads) and their interrelationships.
- (q) Comparative functional anatomy of various systems of vertebrates. (integument and its derivatives, endoskeleton, locomotory organs, digestive system, respiratory system, circulatory system including heart and aortic arches, urinogenital system, brain and sense organs (eye and ear).

2. Ecology :

- (a) Biosphere: concept of biosphere; biomes, Biogeochemical cycles, Human induced changes in atmosphere including green house effect, ecological succession, biomes and ecotones, community ecology.
- (b) Concept of ecosystem; structure and function of ecosystem, types of ecosystem, ecological succession, ecological adaptation.
- (c) Population; characteristics, population dynamics, population stabilization.
- (d) Biodiversity and diversity conservation of natural resources.
- (e) Wildlife of India.
- (f) Remote sensing for sustainable development.
- (g) Environmental biodegradation; pollution and its impact on biosphere and its prevention.

3. Ethology :

- (a) Behaviour: Sensory filtering, responsiveness, sign stimuli, learning, and memory, instinct, habituation, conditioning, imprinting.
- (b) Role of hormones in drive; role of pheromones in alarm spreading; crypsis, predator detection, predator tactics, social hierarchies in primates, social organization in insects;
- (c) Orientation, navigation, homing; biological rhythms: biological clock, tidal, seasonal and circadian rhythms.
- (d) Methods of studying animal behaviour including sexual conflict, selfishness, kinship and altruism.

4. Economic Zoology :

- (a) Apiculture, sericulture, lac culture, carp culture, pearl culture, prawn culture, vermiculture.
- (b) Major infectious and communicable diseases (malaria, filaria, tuberculosis, cholera and AIDS) their vectors, pathogens and prevention.
- (c) Cattle and livestock diseases, their pathogen (helminths) and vectors (ticks, mites, Tabanus, Stomoxys).
- (d) Pests of sugar cane (Pyrilla perpusiella), oil seed (Achaeajanata) and rice (Sitophilus oryzae).
- (e) Transgenic animals.
- (f) Medical biotechnology, human genetic disease and genetic counselling, gene therapy.
- (g) Forensic biotechnology.

5. Biostatistics :

Designing of experiments; null hypothesis; correlation, regression, distribution and measure of central tendency, chi square, student-test, F-test (one-way & two-way F-test).

6. Instrumentation methods :

- (a) Spectrophotometer, phase contrast and fluorescence microscopy, radioactive tracer, ultra centrifuge, gel . electrophoresis, PCR, ELISA, FISH and chromosome painting.
- (b) Electron microscopy (TEM, SEM).

PAPER II

1. Cell Biology :

- (a) Structure and function of cell and its organelles (nucleus, plasma membrane, mitochondria, Golgi bodies, endoplasmic reticulum, ribosomes and lysosomes), cell division (mitosis and meiosis), mitotic spindle and mitotic apparatus, chromosome movement chromosome type ploytene and lambrush, organization of chromatin, heterochromatin, Cell cycle regulation.
- (b) Nucleic acid topology, DNA motif, DNA replication, transcription, RNA processing, translation, protein foldings and transport.

2. Genetics :

- (a) Modern concept of gene, split gene, genetic regulation, genetic, code.
- (b) Sex chromosomes and their evolution, sex determination in Drosophila and human.
- (c) Mendel's laws of inheritance, recombination, linkage, multiple alleles, genetics of blood groups, pedigree analysis, hereditary diseases in human.
- (d) Mutations and mutagenesis.
- (e) Recombinant DNA technology, plasmid, cosmid, artificial chromosomes as vectors, transgenics, DNA cloning and whole animal cloning (principles and methods).
- (f) Gene regulation and expression in prokaryotes and eukaryotes.
- (g) Signal molecules, cell death, defects in signaling pathway and consequences.
- (h) RFLP, RAPD and AFLF and application of RFLP in DNA finger-printing, ribozyme technologies, human genome project, genomics and protomics.

3. Evolution :

- (a) Theories of origin of life.
- (b) Theories of evolution; Natural selection, role of mutation in evolution, evolutionary patterns, molecular drive, mimicry, variation, isolation and speciation.
- (c) Evolution of horse, elephant and human using fossil data.

351

- (d) Hardy-Weinberg Law.
- (e) Continental drift and distribution of animals.

4. Systematics :

Zoological nomenclature, international code, cladistics, molecular taxonomy and biodiversity.

5. Biochemistry :

- (a) Structure and role of carbohydrates, fats, fatty acids, cholesterol, proteins and amino-acids, nucleic acids. Bioenergetics.
- (b) Glycolysis and Krebs cycle, oxidation and reduction, oxidative phosphorylation; energy conservation and release, ATP, cycl cyclic AMP-its structure and role.
- (c) Hormone classification (steroid and peptide hormones), biosynthesis and functions.
- (d) Enzymes: types and mechanisms of action.
- (e) Vitamins and co-enzymes.
- (f) Immunoglobulin and immunity.

6. Physiology (with special reference to mammals) :

- (a) Composition and constituents of blood; blood groups and Rh factor in human; factors and mechanism of coagulation; iron metabolism, acid-base balance, thermo regulation, anticoagulants.
- (b) Haemoglobin: Composition, types and role in transport of oxygen and carbon dioxide.
- (c) Digestion and absorption: Role of salivary glands, liver, pancreas and intestinal glands.
- (d) Excretion: nephron and regulation of urine formation; osmo-regulation and excretory product.
- (e) Muscles: Types, mechanism of contraction of skeletal muscles, effects of exercise on muscles.
- (f) Neuron: nerve impulse—its conduction and synaptic transmission; neurotransmitters.
- (g) Vision, hearing and olfaction in human.
- (h) Physiology of reproduction puberty and menopause in human.

7. Developmental Biology :

- (a) Gametogenesis; spermatogenesis, composition of semen, *in vitro* and *in vivo* capacitation of mammalian sperm, Oogenesis, totipotency; fertilization, morphogenesis and morphogen; blastogeneis, establishment of body axes formation, fate map, gestulation in frog and chick; genes in development in chick homeotic genes, development of eye and heart, placenta in mammals.
- (b) Cell lineage, cell to cell interaction, Genetic and induced teratogenesis, role of thyroxine in control of metamorphosisin amphibia, paedogenesis and neoteny, cell death, aging.
- (c) Developmental genes in human, in vitro fertilization; and embryo transfer; cloning.
- (d) Stem cells: Sources, types and their use in human welfare.

(e) Biogenetic law.

APPENDIX II

Brief particulars relating to the Services to which recruitment is to be made through Civil Services Examination-2021, are given hereafter only for general information of candidates. The details relating to each service would also be made available on the website of the respective Cadre Controlling Authorities. Link to these websites would be made available through a hyperlink provided in the DoP&T website (www.dopt.gov.in). Service matters for each Service are subject to specific Rules and Regulations which would prevail in any case of doubt.

Note-I: Nature of duties in the participating Services varies with the post held by the Officer, i.e. assignments are different in posts that may be held by the candidates selected for appointment to different Services.

Note-II: Appointment of selected candidates may be made on probation for a period that may be specified for a Service. Unless specified otherwise, the terms "Probationer" or "Probationary Officer" or "Officer Trainee" also imply officers appointed on probation.

1. Indian Administrative Service:

(a) Appointments will be made on probation for a period of two years which may be extended subject to certain conditions. Appointed Officers will be required to undergo prescribed training at such places and in such manner and pass such examinations during the period of probation as the Central Government may determine.

(b) If in the opinion of Government, the work or conduct of an officer during the period on probation is unsatisfactory or shows that the officer is unlikely to become efficient, Government may discharge the officer forthwith or, as the case may be, revert the officer to the permanent post, on which the officer holds a lien or would hold a lien had it not been suspended under the rules applicable prior to appointment of the Officer to the Service.

(c) On satisfactory completion of the period of probation, Government may confirm the officer in the Service or if the work or conduct of the officer has, in the opinion of Government, been unsatisfactory, Government may either discharge the officer from the Service or may extend the period of probation for such further period, subject to certain conditions as Government may think fit.

(d) An officer belonging to the Indian Administrative Service will be liable to serve anywhere in India or abroad either under the Central Government or under a State Government.

Sl. No.	Grade	Level/Pay Scale
1.	Junior Scale	Level-10 (Rs. 56,100 - 1,77,500)
2.	Senior Time Scale	Level-11 (Rs. 67,700 - 2,08,700)
3.	Junior Administrative Grade	Level-12 (Rs. 78,800 - 2,09,200)
4.	Selection Grade	Level-13 (Rs. 1,23,100 - 2,15,900)
5.	Super Time Scale	Level-14 (Rs. 1,44,200 - 2,18,200)
6.	HAG Scale	Level-15 (Rs. 1,82,200 - 2,24,100)
7.	Apex Scale	Level-17 (Rs. 2,25,000)

(e) Pay Bands and Grade Pays attached to various grades of IAS:

Note : A probationer will start on the junior time scale and be permitted to count the period spent on probation towards leave, pension or increment in the time scale.

(f) **Dearness Allowance**—Dearness allowance will be admissible in accordance with the orders issued by the Central Government from time to time under the All India Service (Dearness Allowance) Rules, 1972.

(g) Provident Fund—Officers of the Indian Administrative Service are governed by the All India Service (Provident Fund) Rules, 1955, as amended from time to time.

(h) Leave—Officers of the Indian Administrative Service are governed by the All India Service (Leave) Rules, 1955 as amended from time to time.

(i) Medical Attendance—Officers of the Indian Administrative Service are entitled to medical attendance benefits admissible under the All India Service Medical Attendance Rules, 1954, as amended from time to time.

(j) Retirement Benefit—Officers of the Indian Administrative Service appointed on the basis of Civil Services Examination are governed by the All India Services (Death-cum-Retirement Benefits) Rules, 1958 as amended from time to time.

2. Indian Foreign Service:

(a) Appointment will be made in the Junior Time Scale on probation for a period of 2 years, which may be extended, if required. Appointed Officers will be required to undergo training in India and thereafter, they may be posted as Third Secretaries in Indian Missions abroad to pursue training in the allotted Compulsory Foreign Language. During the period of probation, or any extension thereof, Officers may be required to undergo such course of training and pass such examinations , and tests as the Government may deem fit, as a condition to satisfactory completion of probation.

(b) On the conclusion of the period of probation to the satisfaction of Government and on passing the prescribed examination, the Officer Trainee is confirmed in appointment. If however, the work or conduct of the Officer is found to be unsatisfactory, Government may discharge the Officer from the Service or may extend the period of probation for such duration, as they may deem fit.

(c) If, in the opinion of Government, the work or conduct of an Officer on probation is unsatisfactory or shows that the Officer is not likely to prove suitable for the Indian Foreign Service, Government may either discharge the Officer forthwith or may revert the Officer to substantive post, if any.

Sl. No.	Grade	Level/Pay Scale
1.	Junior Scale	Level-10 (Rs. 56,100 - 1,77,500)
2.	Senior Scale	Level-11 (Rs. 67,700 - 2,08,700)
3.	Junior Administrative Grade	Level-12 (Rs. 78,800 - 2,09,200)
4.	Grade IV	Level-13 (Rs. 1,23,100 - 2,15,900)
5.	Grade III	Level-14 (Rs. 1,44,200 - 2,18,200)
6.	Grade II	Level-15 (Rs. 1,82,200 - 2,24,100)
7.	Grade I	Level-17 (Rs. 2,25,000)

(d)Scale of pay :

Note-I : An Officer Trainee will be permitted to count the period spent on probation towards leave, pension or increment in the time-scale.

Note-II: Annual increments during probation will be contingent on the probationer passing the prescribed test if any and showing progress to the satisfaction of Government.

Note-III: The pay of the Government servant, who held a permanent post other than a tenure post in substantive capacity prior to appointment in IFS, will be regulated, subject to the provisions of F.R. 22-B(i).

(e) An officer belonging to the Indian Foreign Service will be liable to serve anywhere in or outside India.

(f) During service at Indian Embassies and Consulates abroad, IFS officers are granted Foreign Allowance commensurate to their ranks in order to cover the additional cost of living at the station where the officer is posted as well as the expenditure incurred at home, while serving abroad. In addition, the following facilities are also admissible to these officers:

- (i) Free accommodation according to diplomatic rank.
- (ii) Medical attendance facilities under the Assisted Medical Attendance Scheme.
- (iii) One set of Home Leave Passage is normally given during each posting abroad for self and entitled family members, in addition to two single Emergency Passages during an officer's entire career for self or an entitled member of his/her family to travel to India on emergencies.
- (iv) Annual return air passage for children between the ages of 6 and 22 studying in India to visit their parents in stations abroad during vacation, subject to certain conditions.
- (v) Children Education Allowance for a maximum of two children between ages 3 and 20 studying at the station of the officer's posting in any of the schools approved by the Ministry of External Affairs.

(g)Central Civil Services (Leave Rules, 1972) as amended from time to time, will apply to members of the Service, subject to certain modifications. For service abroad, IFS officers are entitled under the IFS (PLCA) Rules, 1961 to an additional credit of leave to the extent of 50 per cent to Earned Leave admissible under the C.C.S. (Leave) Rules, 1972, for the period of effective service rendered abroad.

(h) Retirement benefits will be as per Government of India norms as amended from time to time.

3. Indian Police Service:

(a) Appointment will be made on probation for a period of two years which may be extended subject to certain conditions. Appointed Officers will be required to undergo prescribed training at such places and in such manner and pass such examinations during the period of probation as Government may determine.

(b) If in the opinion of Government, the work or conduct of an officer during the period on probation is unsatisfactory or shows that the officer is unlikely to become efficient, Government may discharge the officer forthwith or, as the case may be, revert the officer to the permanent post, on which the officer holds a lien or would hold a lien had it not been suspended under the rules applicable prior to appointment of the Officer to the Service.

(c) On satisfactory completion of the period of probation, Government may confirm the officer in the Service or if the work or conduct of the officer has, in the opinion of Government, been unsatisfactory, Government may either discharge the officer from the Service or may extend the period of probation for such further period, subject to certain conditions as Government may think fit.

(d)An officer belonging to the Indian Police Service will be liable to serve anywhere in India or abroad either under the Central Government or under a State Government.

(e)Scales of Pay:

Sl. No.	Grade	Level/Pay Scale
1.	Junior Scale	Level-10 (Rs. 56,100 - 1,77,500)
2.	Senior Scale	Level-11 (Rs. 67,700 - 2,08,700)
	(i) Senior Time Scale	Level-12 (Rs. 78,800 - 2,09,200)
	(ii) Junior Administrative Grade	Level-13 (Rs. 1,23,100 - 2,15,900)
	(iii) Selection Grade	Level-10 (Rs. 56,100 - 1,77,500)
3.	Super Time Scale	
	(i) Deputy Inspector General of Police	Level-13A (Rs. 1,31,100- 2,16,600)
	(ii) Inspector General of Police	Level-14 (Rs. 1,44,200 - 2,18,200)
4.	Above Super Time Scale	
	(i) Additional Director General of Police	Level-15 (Rs. 1,82,200 - 2,24,100)
	(ii) HAG+ Scale	Level-16 (Rs. 2,05,400-2,24,400)
	(iii) Apex Scale	Level-17 (Rs. 2,25,000)

Note : A probationer will start on the junior time scale and be permitted to count the period spent on probation towards leave, pension or increment in the time scale.

(f) **Dearness Allowance**—Dearness allowance will be admissible in accordance with the orders issued by the Central Government from time to time under the All India Service (Dearness Allowance) Rules, 1972.

(g) Provident Fund—Officers of the Indian Police Service are governed by the All India Service (Provident Fund) Rules, 1955, as amended from time to time.

(h) Leave—Officers of the Indian Police Service are governed by the All India Service (Leave) Rules, 1955 as amended from time to time.

(i) Medical Attendance—Officers of the Indian Police Service are entitled to medical attendance benefits admissible under the All India Service Medical Attendance Rules, 1954, as amended from time to time.

(j) Retirement Benefit—Officers of the Indian Police Service appointed on the basis of Civil Services Examination are governed by the All India Services (Death-cum-Retirement Benefits) Rules, 1958 as amended from time to time.

4. Indian Audit and Accounts Service:

(a) Appointments will be made on probation for a period of 2 years provided that this period may be extended if the officer on probation has not qualified for confirmation by passing the prescribed departmental examinations. Repeated failure to pass the departmental examination within a period of three years will involve loss of appointment or as the case may be reversion to the permanent post on which the Officer holds a lien under the rules applicable prior to appointment to the service.

(b) If in the opinion of Government or the Comptroller and Auditor General of India, as the case may be, the work or conduct of an Officer on probation is unsatisfactory or shows that the Officer is unlikely to become efficient, Government may discharge the Officer forthwith or as the case may be revert the Officer to the permanent post on which the Officer holds a lien under the rules applicable to prior to appointment to the service.

(c) On the conclusion of period of probation, Government or the Comptroller and Auditor General of India, as the case may be, may confirm the officer in the appointment or if the work or conduct of the Officer has in the opinion of Government or the Comptroller and Auditor General of India, as the case may be, been unsatisfactory, Government may either discharge the Officer from the Service, or may extend the period of probation for such further period as Government may think fit, provided that in respect of appointments to temporary vacancies there will be no claim to confirmation.

(d) In view of the possibility of the separation of Audit from Accounts and other reforms, the constitution of the Indian Audit and Accounts Service is liable to undergo changes and any Officer selected for that Service will have no claim for compensation in consequence of any such changes and will be liable to serve either in the separated Accounts Offices under the Central or State Governments or in the Statutory Audit Offices under the Comptroller and Auditor General of India and to be absorbed finally if the exigencies of service required it in the cadre on which posts in the separated Accounts offices under the Central or State Governments may be borne.

(e) The Indian Audit and Accounts Service carries with it a definite liability for service in any part of India as well as for field service in or out of India.

Sl. No.	Grade	Level/Pay Scale
1.	Junior Time Scale	Level-10 (Rs. 56,100 - 1,77,500)
2.	Senior Time Scale	Level-11 (Rs. 67,700 - 2,08,700)
3.	Junior Administrative Grade	Level-12 (Rs. 78,800 - 2,09,200)
4.	Non-functional Selection Grade of JAG	Level-13 (Rs. 1,23,100 - 2,15,900)
5.	Sr. Administrative Grade	Level-14 (Rs. 1,44,200 - 2,18,200)
6.	Pr. AG/DG	Level-15 (Rs. 1,82,200 - 2,24,100)
7.	Addl. Deputy C & AG	Level-16 (Rs. 2,05,400-2,24,400)
8.	Deputy C & AG	Level-17 (Rs. 2,25,000)

(f) Scales of Pay :

Note-I: Probationary Officers will start on the minimum of the time scale of IA&AS and will count their service for increments from the date of joining.

Note-II : The Officers on probation may be granted the first increment with effect from the date of passing Part I of the departmental examination or on completion of one years's service whichever is earlier. The second increment may be granted with effect from the date of passing Part II of the departmental examination or on completion of two years service whichever is earlier. The third increment raising the pay to Rs. 59,500 per month will be granted only on the completion of 3 years' service and subject to satisfactory completion of the specified period of probation or such other conditions as may be laid down.

Note-III: The pay of a Government servant who held a permanent post other than a tenure post, in a substantive capacity prior to appointment as probationer will however be regulated subject to the provision of F.R. 22-B (I)."

5. Indian Civil Accounts Service:

(a) Appointment will be made on probation for a period of 2 years provided that this period may be extended if the officer on probation has not qualified for confirmation by passing the prescribed departmental examinations. Repeated failure to pass the departmental examinations within a period of four years will involve loss of appointment.

(b) If in the opinion of Government, the work or conduct of an officer on probation is unsatisfactory, or shows that the Officer is unlikely to become efficient, Government may discharge the Officer forthwith or may revert the Officer to substantive post, if any.

(c) On the conclusion of period of probation, Government may confirm the Officer in the appointment or if the work or conduct of the Officer has, in the opinion of Government been unsatisfactory, Government may, either discharge the Officer from the service or may extend the period of probation for such further period as Government may think fit, provided that in respect of appointments to temporary vacancies there will be no claim to confirmation.

(d) It should be clearly understood by the Officers in probation that the appointment would be subject to any change in the Constitution of the Indian Civil Accounts Service, which the Government of India may think proper to make from time to time and that the Officers would have no claim for compensation in consequence of any such changes.

SI. No.	Post	Grade	Level/Pay Scale
1.	Assistant Controller of Accounts	Junior Time Scale	Level-10 (Rs. 56,100 - 1,77,500)
2.	Assistant Controller General of Accounts/Dy. Controller of Accounts	Senior Time Scale	Level-11 (Rs. 67,700 - 2,08,700)
3.	Dy. Controller General of Accounts/ Controller of Accounts	Junior Administrative Grade	Level-12 (Rs. 78,800 - 2,09,200)
4.	Dy. Controller General of Accounts/ Controller of Accounts	Selection Grade (Non-functional) in the Junior Administrative Grade (NFSG)	Level-13 (Rs. 1,23,100 - 2,15,900)
5.	Jt. Controller General of Accounts/ Chief Controller of Accounts	Senior Administrative Grade	Level-14 (Rs. 1,44,200 - 2,18,200)
6.	Principal Chief Controller of Accounts	Higher Administrative Grade	Level-15 (Rs. 1,82,200 - 2,24,100)
7.	Additional Controller General of Accounts	Higher Administrative Grade+	Level-16 (Rs. 2,05,400-2,24,400)
8.	Controller General of Accounts	Apex Scale	Level-17 (Rs. 2,25,000)

(e) Scales of pay :

Note-I: Probationary officer will start on the minimum of the level in the pay matrix of ICAS and will count their service for increments from the date of joining.

Note-II: The pay of Government servant who held a permanent post other than a tenure post in a substantive capacity prior to his appointment as probationer will however be regulated in accordance to provisions under Central Civil Services (Revised Pay) Rules, 2016

6. Indian Corporate Law Service:

(a) Appointments will be made on probation for a period of two years which may be extended subject to certain conditions. Appointed Officers will be required to undergo prescribed training at such places and in such manner and pass such examination during the period of probation as the Central Government may determine.

(b) If in the opinion of Government, the work or conduct of a probationer is unsatisfactory or shows that the Officer is unlikely to become efficient, Government may discharge the Officer forthwith or, as the case may be, revert to the permanent post, on which the Officer holds a lien or would hold a lien had it not been suspended under the rules applicable to the Officer prior to appointment to the Service.

(c)On satisfactory completion of the period of probation, Government may confirm the officer in the Service or if the work or conduct of the Officer has, in the opinion of Government, been unsatisfactory, Government may either, discharge the Officer from the Service or may extend the period of probation for such further period, subject to certain conditions as Government may think fit.

(d) An officer belonging to the Indian Corporate Law Service will be liable to serve anywhere in India or abroad under the Central Government.

(e) Scales of pay :

356

Sl. No.	Grade	Level/Pay Scale
1.	Junior Time Scale	Level-10 (Rs. 56,100 - 1,77,500)
2.	Senior Time Scale	Level-11 (Rs. 67,700 - 2,08,700)
3.	Junior Administrative Grade	Level-12 (Rs. 78,800 - 2,09,200)
4.	Junior Administrative Grade (Non-Functional Selection Grade)	Level-13 (Rs. 1,23,100 - 2,15,900)
5.	Senior Administrative Grade	Level-14 (Rs. 1,44,200 - 2,18,200)
6.	Higher Administrative Grade	Level-15 (Rs. 1,82,200 - 2,24,100)

Note : A probationer will start on the junior time scale and be permitted to count the period spent on probation towards leave, pension or increment in the time scale.

(f) Dearness allowance will be admissible in accordance with the orders issued by the Central Government from time-to-time.

(g) The conditions of service of the members of the Service will be regulated in accordance with the Indian Corporate Law Service Rules, 2015. The conditions of service of the members of the Service in respect of matters for which no provision has been made in the Indian Corporate Law Service Rules, 2008 shall be the same as are applicable from time to time, to the Group 'A' Officers of the Central Civil Service.

7. Indian Defence Accounts Service:

(a) Appointments will be made on probation for a period of two years, during which the Probationers will have to qualify for confirmation by passing the prescribed Departmental Examinations. This period may be extended by the Government upto a total of four years, if considered necessary. Repeated failure to pass the probation (including extension thereof) will result in termination of service. Extension of probation beyond the normal period of two years may entail loss of seniority. Further, if during the period of probation, if any of the probationers are held to be unsuitable in any manner for employment in the Indian Defence Accounts Service, their services may be terminated by the Government without notice. The appointment is subject to any change in the Constitution of the Indian Defence Accounts Service, which the Government of India may think it proper to name and that the Officer will have no claim for any compensation in consequence of such change.

(b) Seniority of person recruited on the basis of results of Civil Services Examination conducted by the Commission in any year to the posts in the Junior Time Scale shall be fixed in accordance with the rules and orders on the subject and with reference to their merit position as recommended by the Union Public Service Commission based on the Civil Services Examination. Provided that any probationer appointed on the basis of earlier selection shall rank above the persons appointed on the basis of subsequent selection.

(c) The acceptance of this appointment in the Indian Defence Accounts Service involves a definite liability for field service in or out of India as well as for service in any part of the country.

(d) During the period of probation the officers will undergo training in three phases : (1) Foundation course at Lal Bahadur Shastri National Academy of Administration, Mussoorie or any other equivalent Academy (duration—three months), (2) A certificate course in MBA (Finance) at the National Institute of Financial Management, Faridabad (duration—10 months), and (3) Departmental training at National Academy of Defence Financial Management, Pune (duration—10 months).

(e) At the end of the training period the officers will be posted as Assistant Controller of Defence Accounts/Assistant Controller of Finance and Accounts (Factories) and equivalent to any one of the following organisations :

- (i) Principal Controller/Controller of Defence Accounts (Army Commands)
- (ii) Principal Controller/Controller of Defence Accounts (Air Force)
- (iii) Principal Controller of Defence Accounts (Navy)
- (iv) Principal Controller/Controller of Defence Accounts (Pensions)
- (v) Principal Controller Accounts (Ordnance Factories)
- (vi) Principal Controller/Controller of Defence Accounts (Research and Development)
- (vii) Principal Controllor/Controller of Defence Accounts (Border Roads)
- (viii) Integrated Financial Advisors (Army/Navy/Air Force/Border Road/Coast Guard/R & D)
- (ix) Any other Principal Controllor/Controller Officer

(f) Scale of pay :

SI. No.	Grade	Level/Pay Scale
1.	Junior Time Scale (Assistant Controller of Defence Accounts and equivalent)	Level-10 (Rs. 56,100 - 1,77,500)
2.	Senior Time Scale (Deputy Controller of Defence Accounts and equivalent)	Level-11 (Rs. 67,700 - 2,08,700)
3.	Junior Administrative Grade (Joint Controller of Defence Accounts and equivalent)	Level-12 (Rs. 78,800 - 2,09,200)
4.	Junior Administrative Grade (Selecton Grade) (Additional Controller of Defence Accounts and equivalent)	Level-13 (Rs. 1,23,100 - 2,15,900)
5.	Senior Administrative Grade (Controller of Defence Accounts and equivalent)	Level-14 (Rs. 1,44,200 - 2,18,200)
6.	Principal Controller of Defence Accounts and equivalent	Level-15 (Rs. 1,82,200 - 2,24,100)
7.	Additional Controller General of Defence Accounts and equivalent	Level-16 (Rs. 2,05,400-2,24,400)
8.	Controller General of Defence Accounts (Head of the Department)	Level-17 (Rs. 2,25,000)

Note :A Probationary Officer will start at the minimum of the Time Scale of Pay of Rs. 56,100 at level 10 of pay matrix.

8. Indian Defence Estates Service, Group 'A':

(a) (i) An Officer selected for appointment shall be required to be on probation for a period which shall not ordinarily exceed 2 years. During this period the Officer shall be required to undergo such course of training as may be prescribed by Government.

(ii) The pay of a Government servant who held a permanent post other than a tenure post in a substantive capacity prior to appointment as probationer will however be regulated subject to the provisions of F.R. 22-B(i).

- (b) During the period of probation the Officer will be required to pass the prescribed departmental examination.
- (c) (i) If in the opinion of Government, the work or conduct of any Officer on probation is unsatisfactory or shows that the Officer is unlikely to become efficient, Government may discharge the Officer after apprising the Officer the grounds on which it is proposed to do so and after giving the Officer an opportunity to show cause in writing before such order is passed.
 - (ii) If at the conclusion of the period of probation an Officer has not passed the Departmental Examination mentioned in sub-para (b) above, Government may, in its discretion, either discharge the Officer from service or if the circumstances of the case so warrant, extend the period of probation for such period as Government may consider fit.
 - (iii) On the conclusion of the period of probation Government may confirm an officer in the appointment, or if the work or conduct of the Officer has, in the opinion of Government been unsatisfactory, Government may either discharge the Officer after apprising the Officer the grounds on which it is proposed to do so and after giving the Officer an opportunity to show cause in writing before such order is passed or extend the period of probation for such further period Government may consider fit.

Sl. No.	Grade	Level/Pay Scale
1.	Junior Time Scale	Level-10 (Rs. 56,100 - 1,77,500)
2.	Senior Time Scale	Level-11 (Rs. 67,700 - 2,08,700)
3.	Junior Administrative Grade (Ordinary)	Level-12 (Rs. 78,800 - 2,09,200)
4.	Junior Administrative Grade (Selection Grade)	Level-13 (Rs. 1,23,100 - 2,15,900)
5.	Senior Administrative Grade	Level-14 (Rs. 1,44,200 - 2,18,200)
6.	Higher Administrative Grade	Level-15 (Rs. 1,82,200 - 2,24,100)
7.	Director General of Defence Estates	Level-16 (Rs. 2,05,400-2,24,400)

(d)The scales of pay:

(e)(i) In the Junior Time Scale, officers will be normally appointed as Chief Executive Officers in Cantonments notified under the Cantonments Act, 2006/Defence Estates Officers/Staff appointments etc.

(ii) In the Senior Time Scale, the officers will either be appointed as Chief Executive Officers/Defence Estates Officers of a Circle or in the Staff appointments etc.

(f) All promotions from Junior Time Scale to higher scales will be done in accordance with Indian Defence Estates Service Group 'A' posts, Recruitment Rules, 2013 as amended from time to time.

(g) The Indian Defence Estates Service carries with it a definite liability for Service in any part of India as well as for Field Service in India.

(h) An Officer appointed to the service shall be governed by the Indian Defence Estates Service Group 'A' posts, Recruitment Rules, 2013, as amended from time to time.

9. The Indian Information Service, Junior Grade (Group 'A'):

(a) The Indian Information Service consists of posts all over India including a few abroad in various media organisations (like Press Information Bureau, Doordarshan, All India Radio, Bureau of Outreach and Communication, etc.) of the Ministry of Information and Broadcasting/Ministry of Defence (Directorate of Public Relations) requiring management skills and competency in dealing with the information and its dissemination for and on behalf of the Government so as to educate, motivate and inform the people through different media on Government policies and programmes and their implementation for the social and economic upliftment of the general masses. The Central Information Service which was constituted with effect from 1st March, 1960 has been renamed as the Indian Information Service in 1987 vide Ministry of I&B's notification No. G.S.R. 153, dated 7-3-1987.

Sl. No.	Grade	Level/Pay Scale
1.	Junior Time Scale	Level-10 (Rs. 56,100 - 1,77,500)
2.	Senior Time Scale	Level-11 (Rs. 67,700 - 2,08,700)
3.	Junior Administrative Grade	Level-12 (Rs. 78,800 - 2,09,200)
4.	Junior Administrative Grade (NFSG)	Level-13 (Rs. 1,23,100 - 2,15,900)
5.	Senior Administrative Grade	Level-14 (Rs. 1,44,200 - 2,18,200)
6.	Selection Grade	Level-15 (Rs. 1,82,200 - 2,24,100)
7.	Higher Grade	Level-17 (Rs. 2,25,000)

(b) The service has at present the following grades :

(c) The remaining vacancies in the Grade and also vacancies in the Higher Grade, Selection Grade, Senior Administrative Grade, Junior Administrative Grade and Senior Grade are filled up by promotion by selection from amongst officers holding duty posts in the next lower grade.

(d) (i) Direct recruits to the Junior Grade will be on probation for two years. During probation, they will be given professional training in the Indian Institute of Mass Communication, New Delhi for a period of 9 months. The period and nature of training will be liable to alteration by Government. During the training, they will have to pass departmental test(s). Failure to pass the departmental test(s) during the training period involves liability to discharge from service or reversion to substantive post, if any, on which the Officer may hold lien.

(ii) On the conclusion of period of probation, Government may confirm the direct recruits in their appointments in accordance with the rules in force. If the work or conduct of an officer on probation is unsatisfactory the Officer will be discharged from service or the period of probation extended for such period as the Government may deem fit. If the work or conduct of the Officer is such as to show that the Officer is unlikely to become an efficient officer of the service, he may be discharged forthwith.

(iii) Officers on probation shall start on the minimum of the time scale of Junior Grade Group A and will count their service for increment from the date of joining.

(e) Government may post an officer to hold a field post in any organisation under the Ministry of Information and Broadcasting/Ministry of Defence (Directorate of Public Relations).

(f) As regards leave, pension and other conditions of service Officers of the Indian Information Service will be treated like other Group 'A' and Group 'B' Officers.

10. Indian Postal Service:

(a) Officers appointed to the Indian Postal Service will be on probation for a period of two years.

(b) The controlling officer may extend the period of probation in accordance with the instructions issued by the Government from time to time.

(c) Any decision for extension of the probation period shall be taken ordinarily within eight weeks after the expiry of the previous probationary period and communicated in writing to the officer concerned together with the reasons for so doing within the said period.

(d) On completion of the probation or any extension thereof, officer shall, if, considered fit, for permanent appointment, be retained in appointment on regular basis and be confirmed in due course against the available substantive vacancy, as the case may be.

(e) If, during the period of probation or any extension thereof, as the case may be, Government is of the opinion that an officer is not fit for permanent appointment, Government may discharge or revert the officer to the post held by the Officer prior to his appointment in the service, as the case may be.

(f) During the period of probation or any extension thereof, the Officer may be required by the Government to undergo such courses of training and instructions and to pass examination and tests (including examination in Hindi) as the Government may deem fit, as a condition to satisfactory completion of the probation.

(g) As regards other matters relating to probation, the Officers shall be governed by the orders or instructions issued by the Government from time to time in this regard.

(h) Officers appointed to the Service are liable to serve anywhere, including field service and in the Army Postal Service, in or outside of India.

Sl. No.	Grade	Level/Pay Scale
1.	Junior Time Scale	Level-10 (Rs. 56,100 - 1,77,500)
2.	Senior Time Scale	Level-11 (Rs. 67,700 - 2,08,700)
3.	Junior Administrative Grade	Level-12 (Rs. 78,800 - 2,09,200)
4.	Junior Administrative Grade (NFSG)	Level-13 (Rs. 1,23,100 - 2,15,900)
5.	Senior Administrative Grade	Level-14 (Rs. 1,44,200 - 2,18,200)

7.	Higher Administrative Grade + [Members of the Postal Services Board/ Additional Director General (Coordination)]	Level-16 (Rs. 2,05,400-2,24,400)
8.	Director General Postal Services, Apex Scale	Level-17 (Rs. 2,25,000)

(i) Details of Pay Scales in Indian Postal Service, Group 'A' are as follows :

11. Indian P&T Accounts and Finance Service:

(a) Appointments will be made on probation for a period of 2 years including the Foundational Course, provided that this period may be extended if the officer on probation has not qualified for confirmation by passing the prescribed examinations.

(b) If, in the opinion of Government, the work and conduct of an officer on probation is unsatisfactory, or shows that the Officer is unlikely to become efficient, the Government may discharge the Officer forthwith or, as the case may be, revert to the management post on which the Officer holds a lien under the rules applicable to the Officer prior to appointment to the service.

(c) On the conclusion of the period of probation Government may confirm the officer in the appointment or if the work or conduct of the Officer has in the opinion of the Government been unsatisfactory, Government may either discharge the Officer from the service or may extend the period of probation for such further period as Government may think fit or may revert the Officer to substantive post, if any.

(d) The Department of Telecommunications and Department of Posts are two constituent department serviced (by the Service) as per Indian Posts and Telecommunications Accounts and Finance Service Group 'A' Recruitment Rules, 2018. The recruitment of posts in the Department of Telecommunications and in the Department of Posts would be made through Civil Services Exams conducted by UPSC.

(e) The Indian P&T Accounts & Finance Service carries with it a definite liability for service in any part of India through its field units called Principal Controller of Communication Accounts/Controller of Communication Accounts offices under the office of the Controller General of Communication Accounts – CGCA (an apex level post), an attached office of the Department of Telecommunications, and in the Department of Posts through General Manager (Postal Accounts Finance)/Director of Accounts (Postal) offices located mainly in State Capitals.

(f)Scales of Pay:

Sl. No.	Grade	Level/Pay Scale
1.	Junior Time Scale	Level-10 (Rs. 56,100 - 1,77,500)
2.	Senior Time Scale	Level-11 (Rs. 67,700 - 2,08,700)
3.	Junior Administrative Grade	Level-12 (Rs. 78,800 - 2,09,200)
4.	Selection Grade in Junior Administrative Grade	Level-13 (Rs. 1,23,100 - 2,15,900)
5.	Senior Administrative Grade	Level-14 (Rs. 1,44,200 - 2,18,200)
6.	Higher Administrative Grade	Level-15 (Rs. 1,82,200 - 2,24,100)
7.	Higher Administrative Grade+	Level-16 (Rs. 2,05,400-2,24,400)
8.	Apex Level	Level-17 (Rs. 2,25,000)

(g) The pay of a Government servant who held a permanent post other than a tenure post in a substantive capacity prior to the appointment as probationer will however, be regulated subject to the provisions of F.R. 22 (b) (i).

12. Indian Railway Protection Force Service (IRPFS):

[Erstwhile Railway Protection Force]

(a) **Probation** - The Officers recruited to the Indian Railway Protection Force Service will be appointed as Probationers for a period of 2 years during which they will undergo training. If the period of training has to be extended in any case, due to the training having not been completed satisfactorily the total period of probation will also be correspondingly extended.

(b) Training - All the probationers will be required to undergo training for a period of 1.5 years in accordance with the prescribed training syllabus for the Service/post at such places and in such manner and pass such examination during this period as the Government may determine from time to time.

(c) Termination of appointment :

(i)The appointment of probationers can be terminated by three months notice in writing on either side during the period of probation. Such notice is not, however, required in cases of dismissal or removal as a disciplinary measure after compliance with the provisions of clause (2) of Article 311 of the Constitution and compulsory retirement due to mental or physical incapacity. The Government, however, reserve the right to terminate the services forthwith.

(ii)If in the opinion of the Government, the work or conduct of a probationer is unsatisfactory or shows that the probationer is unlikely to become efficient, Government may discharge the probationer forthwith or may revert the Officer to substantive post, if any.

(iii)Failure to pass the departmental examinations may result in termination of services. Failure to pass the examination in Hindi or an approved standard within the period of probation shall involve liability to termination of services.

(d) Confirmation - On the satisfactory completion of the period of probation and on passing all the prescribed department and Hindi examinations, the probationer will be confirmed in the Junior Scale of the Service if they are considered fit for appointment in all respects.

Sl. No.	Grade	Level/Pay Scale
1.	Junior Scale	Level-10 (Rs. 56,100 - 1,77,500)
2.	Senior Scale	Level-11 (Rs. 67,700 - 2,08,700)
3.	Junior Administrative Grade	Level-12 (Rs. 78,800 - 2,09,200)
4.	Non-Functional Senior Grade	Level-13 (Rs. 1,23,100 - 2,15,900)
5.	Deputy Inspector General/RPF	Level-13A (Rs. 1,31,100-2,16,600)
6.	Senior Administrative Grade	Level-14 (Rs. 1,44,200 - 2,18,200)
7.	Higher Administrative Grade	Level-15 (Rs. 1,82,200 - 2,24,100)
8.	Higher Administrative Grade+	Level-16 (Rs. 2,05,400-2,24,400)
9.	Apex Level	Level-17 (Rs. 2,25,000)

(e) Scales of pay:

Note : A probationer will start on the minimum of Junior Scale and will be permitted to count the period spent on probation towards leave, pension and increments in time scale.

(f) Dearness and other allowances will be admissible in accordance with the orders issued by the Government of India from time to time.

(g) Failure to pass the departmental and other examinations during the period of probation may result in stoppage or postponement of increments.

(h) Refund of the Cost of Training - If for any reason, which, in the opinion of the Government, is not beyond the control of the probationers, a probationer, wishes to withdraw from training on probation, the probationer shall be liable to refund any moneys paid, including the pay and allowances, travelling expenses to join appointment and all expenses that shall or may have been incurred by the Central Government for the Probationary Training. For this purpose Probationers will be required to execute a bond, a copy of which will be enclosed along with their offers of appointment. The Probationers permitted to apply for appointment to Indian Administrative Service, Indian Foreign Service etc. will not however, be required to refund the cost of training.

(i) Leave - Officers of the Service will be eligible for leave in accordance with the Leave Rules in force from time to time.

(j) Medical attendance - Officers will be eligible for medical attendance and treatment in accordance with the Rules in force from time to time.

(k) Passes and Privilege Ticket Order - Officers will be eligible for free Railway Passes and Privilege Ticket Orders in accordance with the Rules in force from time to time.

(I) Provident Fund and Pension - Officers recruited to the Service will be governed by the Railway Pension Rules and shall subscribe to the State Railway Provident Fund (Non-contributory) under the rules of that Fund as in force from time to time.

(m) Officers recruited to the Service/post are liable to serve in any Railway or Project in or out of India.

Note : Officers recruited to the Indian Railway Protection Force Service will in addition to be governed by the provisions contained in the R.P.F. Act, 1957 and the R.P.F. Rules, 1959.

13. Indian Revenue Service (Customs &Indirect Taxes) Group 'A':

[Erstwhile Indian Revenue Service (Customs & Central Excise)]

(a) Appointments will be made on probation for a period of 2 years provided that this period may be extended if the officer on probation has not qualified for confirmation by passing the prescribed departmental examinations. Repeated failures to pass the departmental examination within a period of two years will involve loss of appointment or as the case may be, reversion to the permanent post on which the Officer holds a lien under the rules applicable to the Officer prior to appointment to the service.

(b) If in the opinion of the Government the work or conduct of an officer on probation is unsatisfactory or shows that the Officer is unlikely to become efficient. Government may discharge the Officer forthwith or as the case may be revert the Officer to the permanent post on which the Officer holds a lien under the rules applicable to the Officer prior to appointment to the service.

(c) On the conclusion of the period of probation, Government may confirm the Officer in the appointment or if the work or conduct of the Officer has in the opinion of Government been unsatisfactory, Government may either discharge the Officer from the service or may extend the period of probation for such further period as Government may think fit or may revert the Officer to substantive post, if any, provided that in respect of appointments to temporary vacancies there will be no claim to confirmation.

(d) The Indian Revenue Service (Customs &Indirect Taxes) Group "A" carries with it a definite liability for service in any part of India.

Sl. No.	Grade	Level/Pay Scale
1.	Assistant Commissioner (JTS Scale)	Level-10 (Rs. 56,100 - 1,77,500)
2.	Deputy Commissioner (STS Scale)	Level-11 (Rs. 67,700 - 2,08,700)
3.	Joint Commissioner (JAG Scale)	Level-12 (Rs. 78,800 - 2,09,200)
4.	Additional Commissioner (JAG NFSG Scale)	Level-13 (Rs. 1,23,100 - 2,15,900)
5.	Commissioner (SAG Scale)	Level-14 (Rs. 1,44,200 - 2,18,200)
6.	Principal Commissioner (HAG + Scale)	Level-15 (Rs. 1,82,200 - 2,24,100)
7.	Chief Commissioner/Director General (HAG + Scale)	Level-16 (Rs. 2,05,400-2,24,400)
8.	Pr. Chief Commissioner/Pr. Director General (APEX Scale)	Level-17 (Rs. 2,25,000)

(e) Scales of pay :

Note-I: A probationary officer will start drawing pay in the Pay Band -3 of Rs. 15,600 -39,100 (Plus Grade Pay of Rs. 5400/-) (Pre-revised) [corresponding to the Level 10 of Pay Matrix] in the manner as laid down in CCS (Revised Pay) Rule 2016 and other Government instructions issued on the subject from time to time and will count the service for increments from the date of joining.

Note-II: The pay of a Government servant who held a permanent post other than a tenure post in a substantive capacity prior to the appointment as probationer in the Indian Revenue Service (Customs & Indirect Taxes) Group 'A' will be regulated subject to the provisions of F.R. 22-B(1).

Note-III : During the period of probation, an Officer will undergo departmental training at National Academy of Customs, Indirect Taxes and Narcotics, Faridabad and also Foundation Course Training at the Lal Bahadur Shastri National Academy of Administration Mussoorie. The Officer will have to pass Part I and Part II of the Departmental Examination. The increments of the Probationers will be regulated as under :

"The first increment will be granted with effect from the date of passing of one of the two parts of the departmental examination or on completion of one year's service, whichever is earlier. The second increment will be granted with effect from the date of passing the second part of examination or on completion of two years' service whichever is earlier. The third increment will however, be granted only on completion of 3 years' service and subject to satisfactory completion of probation and any other period specified in that behalf and any other condition which may be prescribed by the Government."

Note-IV : It should be clearly understood by the probationers that the appointment would be subject to any change in the constitution of the Indian Revenue Service (Customs & Indirect Taxes) Group "A" which the Government of India may think proper to make from time to time and that they would have no claim for compensation in consequence of any such change.

14. Indian Revenue Service (Income Tax) Group 'A':

(a) Appointments will be made on probation for a period of 2 years provided that this period may be extended if the officer on probation has not qualified for a confirmation by passing the prescribed departmental examinations. Repeated failures to pass the departmental examinations within a period of 3 years will involve loss of appointment or reversion to substantive post, if any.

(b) If in the opinion of Government the work or conduct of an officer on probation is unsatisfactory or shows that the Officer is unlikely to become an efficient Income-tax Officer, the Government may discharge the Officer forthwith or may revert the officer to substantive post, if any.

(c) On the conclusion of the period of probation Government may confirm the Officer in the appointment or if the work or conduct of the Officer has in the opinion of Government been unsatisfactory, Government may either discharge the Officer from the service or may extend the period of probation for such further period as Government may think fit provided that in respect of appointment to temporary vacancies there will be no claim to confirmation.

(d) If the power to make appointment in the service is delegated by Government to any officer, that officer may exercise any of the powers of Government described in the above clauses.

Sl. No.	Grade	Level/Pay Scale
1.	Assistant Commissioner of Income-tax/Assistant Director of Income-tax	Level-10 (Rs. 56,100-1,77,500)
2.	Deputy Commissioner of Income-tax/Deputy Director of Income-tax	Level-11 (Rs. 67,700-2,08,700)
3.	Joint Commissioner of Income-tax/Joint Director of Income-tax	Level-12 (Rs. 78,800-2,09,200)
4.	Additional Commissioner of Income-tax/Additional Director of Income-tax	Level-13 (Rs. 1,23,100-2,15,900)
5.	Commissioner of Income-tax/Director of Income-tax	Level-14 (Rs. 1,44,200-2,18,200)
6.	Principal Commissioner of Income-tax/Principal Director of Income-tax	Level-15 (Rs. 1,82,200-2,24,100)
7.	Chief Commissioner of Income-tax/Director General of Income-tax	Level-16 (Rs. 2,05,400-2,24,400)
8.	Principal Chief Commissioner of Income-tax/Principal Director General of Income-tax	Level-17 (Rs. 2,25,000)

(e) Pay Scales :

Note-I : The number of Posts in 'Non-functional Selection Grade' in the "Level 13 in the Pay Matrix Rs. 118500-214100" shall be restricted to thirty percent of senior duty pots in the cadre, that is posts in "Level 11 in the Pay Matrix Rs 67700-208700" and above. There shall be no increase in the overall strength of the cadre and the number of posts to be operated in the 'Non-functional Selection' shall not exceed the number of posts available in the Junior Administrative Grade."

Note-II: It should clearly be understood by probationer that their appointment would be subject to any change in the constitution of the Indian Revenue Service Group 'A' which the Government of India may think proper to make from time to time and that they would have no claim for compensation in consequences of any such changes.

15. The Indian Trade Service, Group 'A':

(a) Appointment to the service will be made on probation for a period of 2 years which may be extended or curtailed subject to the conditions. Appointed Officers will be required to undergo prescribed training and instructions and to pass such examinations and test (including examination in Hindi) as a condition to satisfactory completion of probation at such place and in such manner during the period of probation as the Central Government may determine.

(b) If in the opinion of Government the work or conduct of a probationer is unsatisfactory or shows that the Officer is unlikely to become efficient, Government may discharge the Officer forthwith or as the case be, revert the Officer to the permanent post if any to which the Officer holds the lien or would hold a lien had it not been suspended under the rules applicable to the Officer prior to the appointment to the service or such orders as they think fit.

(c) On satisfactory completion of the period of probation, Government may confirm the officer in the service if the work or conduct of the Officer has in the opinion of Government been unsatisfactory, Government may either, discharge the Officer from the service or extend the period of probation for such further period subject to certain conditions as Government may think fit :

Provided that in cases where it is proposed to extend the period of probation, the Government shall give notice in writing of its intention to do so to the Officer.

(d) An officer appointed to the JTS of the Service shall be liable to service anywhere in India or outside. Officers if deputed shall be liable to serve in any other Ministry or Department of the Government of India or Corporation and Industrial Undertaking of Government.

(e) Scales of	pay :
---------------	-------

(i) Provident Funds - Officers appointed in the Grade III of Indian Trade Service shall be eligible to join the General Provident Fund (Central Services) and shall be governed by the rules in force regulating the Fund.

(j) Leave - Officer appointed to the JTS of ITS of Indian Trade Services will be governed by the CCS (Leave) Rules, 1972 as amended from time-to-time.

(k) Medical Attendance - Officers of the JTS of ITS of Indian Trade Service will be governed by the Civil Service (Medical Attendance) Rules, 1944 as amended from time-to- time.

(1) Retirement benefits - Officers of the JTS of ITS of Indian Trade Service will be governed by the CCS (Pension) Rules, 1972 as amended from time-to-time.

(m) Central Government Employees Group Insurance Scheme, 1980—Officers appointed to the JTS of ITS of Indian Trade Service will be governed by the Central Government Employees Group Insurance Scheme, 1980.

16. The Armed Forces Headquarters (AFHQ) Civil Service, (Section Officer's Grade)-:

(a) Upon recruitment in the Section Officer Grade, the officers will be under probation for a period of 2 years. During the period of probation, or any extension thereof, officers may be required to undergo such courses of training and instructions and to pass such examination and tests, as the Government may deem fit, as a condition to satisfactory completion of the probation, (Rule 11-I (4) of AFHQ Civil Service Rules, 2018).

(b) For any other matter relating to probation, the members of service shall be governed by the instructions issued by the Government in this regard from time to time (Rule 11-I (5) of AFHQ Civil Service Rules, 2018).

(c) The officers of AFHQ Civil Service will be posted in Integrated Headquarter of the Ministry of Defence (Army, Navy and Air), Integrated Defence Staff Headquarters, the Inter-Service Organisations under the Ministry of Defence and the Secretariat of the Ministry of Defence. The officers may also be posted in the establishments related to defence located outside Delhi.

Sl. No.	Grade	Level/Pay Scale	
1.	Section Officer	Level-8 (Rs. 47,600-1,51,100)	
2.	Non-Functional Scale	Level-10 (Rs. 56,100-1,77,500) (on Completion of 4 years of approved service subject to vigilance clearance)	
	Deputy Director	Level-11 (Rs. 67,700-2,08,700)	
3.	Joint Director	Level-12 (Rs. 78,800-2,09,200)	
4.	Director	Level-13 (Rs. 1,23,100-2,15,900)	
5.	Principal Director	Level-14 (Rs. 1,44,200-2,18,200)	

(d) Scales of Pay :

(e) The posts of Principal Director, Director, Joint Director and Deputy Director shall be classified as Central Civil Service Group 'A'. The post in the grade of Section Officer shall be classified as Central Civil Service Group 'B' Gazetted. [Rule 4 (2) of Armed Force Headquarters Central Civil Service Rules, 2018].

(f) As regards Leave, Pension and other conditions of service, officers of the Armed Forces Headquarters Civil Service will be governed by the rules, regulations and orders in force from time to time in respect of civilian officers paid from Defence Service Estimates.

17. NCT of Delhi, Andaman and Nicobar Islands, Lakshadweep, Daman and Diu and Dadra and Nagar Haveli Civil Service (DANICS)—Group 'B':

(a) Appointments will be made on probation for a period of two years, which may be extended at the discretion of the competent authority. Officers appointed on probation will be required to undergo such training and pass such departmental tests as the Central Government may prescribe.

(b) If in the opinion of the Government, the work or conduct of an Officer appointed to the Service on probation is found unsatisfactory or shows that the Officer is unlikely to become an efficient Government servant, the Central Government may discharge the Officer forthwith without assigning any reasons.

(c) An officer who has been declared to have satisfactorily completed the period of probation shall be confirmed in the Service. However, if the work or conduct of the Officer has, in the opinion of the Central Government, been found unsatisfactory, the Central Government may either discharge the Officer from the service or may extend the period of probation for such further period as it may deem fit.

(d) Scales of pay :

Sl. No.	Grade	Level/Pay Scale
1.	Entry Grade (Group-B)	Level-8 (Rs. 47,600-1,51,000) (On initial appointment)
		Level-10 (Rs. 56,100-1,77,500) (On completion of four years approved service subject to vigilance and integrity clearance)
2.	Selection Grade (Group-A)	Level-11 (Rs. 67,700-2,08,700)
3.	Junior Administrative Grade-II (Group-A)	Level-12 (Rs. 78,800-2,09,200)
4.	Junior Administrative Grade-I (Group-A)	Level-13 (Rs. 1,23,100-2,15,900)

(e) An officer recruited on the results of the Civil Services Examination shall, on appointment to the Entry Grade of the Service, draw pay at the minimum of the scale prescribed for initial appointment to the said grade :

Provided that if the Officer held a post, other than a tenure post, under the Central Government or the State Governments prior to the appointment to the Service, the Officer's pay shall be regulated under the provisions of the Fundamental Rules.

(f) Officers of the Service are entitled to get Dearness Pay, Dearness Allowance, City Compensatory Allowance, House Rent Allowance and such other allowances at the rates as may be prescribed by the Central Government from time to time.

(g) Officers appointed to the Service shall be governed by the provisions of the NCT of Delhi, Andaman and Nicobar Islands, Lakshadweep, Daman and Diu and Dadra and Nagar Haveli Civil Service Rules, 2003 and such other regulations or instructions as may be issued by the Central Government from time to time for the purpose of giving effect to these Rules. In regard to matters not specifically covered by the aforesaid Rules or Regulations and Orders, they shall be governed by the Rules or Regulations and Orders applicable to corresponding officers serving in connection with the affairs of the Union.

18. NCT of Delhi, Andaman and Nicobar Islands, Lakshadweep, Daman and Diu and Dadra and Nagar Haveli Police Service (DANIPS)—Group 'B':

(a) Appointments will be made on probation for a period of two years, which may be extended at the discretion of the competent authority. Officers appointed on probation will be required to undergo such training and pass such departmental tests as the Central Government may prescribe.

(b) If in the opinion of the Government, the work or conduct of an Officer appointed to the Service on probation is found unsatisfactory or shows that the Officer is unlikely to become an efficient Government servant, the Central Government may discharge the Officer forthwith without assigning any reasons.

(c) An officer who has been declared to have satisfactorily completed the period of his probation shall be confirmed in the Service. However, if the work or conduct of the Officer has, in the opinion of the Central Government, been found unsatisfactory, the Central Government may either discharge the Officer from the Service or may extend the period of probation for such further period as it may deem fit.

(d) Scales of pay :

Sl. No.	Grade	Level/Pay Scale
1.	Entry Grade (Group-B)	Level-8 (Rs. 47,600-1,51,000) (On initial appointment)
		Level-10 (Rs. 56,100-1,77,500) (On completion of four years approved service subject to vigilance and integrity clearance)
2.	Selection Grade (Group-A)	Level-11 (Rs. 67,700-2,08,700)
3.	Junior Administrative Grade-II (Group-A)	Level-12 (Rs. 78,800-2,09,200)
4.	Junior Administrative Grade-I (Group-A)	Level-13: (Rs. 1,23,100-2,15,900)

(e) An officer recruited on the basis of results of the Civil Services Examination shall, on appointment to the Entry Grade of the Service, draw pay at the minimum of the scale prescribed for initial appointment to the said grade :

Provided that if the Officer held a post, other than a tenure post, under the Central Government or the State Governments prior to the appointment to the Service, the Officer's pay shall be regulated under the provisions of the Fundamental Rules.

(f) Officers of the Service are entitled to get Dearness Pay, Dearness Allowance, City Compensatory Allowance, House Rent Allowance and such other allowances at the rates as may be prescribed by the Central Government from time to time.

(g) Officers appointed to the Service shall be governed by the provisions of the NCT of Delhi, Andaman and Nicobar Islands, Lakshadweep, Daman and Diu and Dadra and Nagar Haveli Police Service Rules, 2003 and such other regulations or instructions as may be issued by the Central Government from time to time for the purpose of giving effect to these Rules. In regard to matters not specifically covered by the aforesaid Rules or Regulations or Orders, they shall be governed by the Rules, Regulations and Orders applicable to corresponding officers serving in connection with the affairs of the Union.

19. Pondicherry Civil Service (PONDICS)-Group 'B':

(a) Appointments will be made on probation for a period of two years, which may be extended at the discretion of the competent authority. Officers appointed on probation will be required to undergo such training and pass such departmental tests as the administrator of the Union Territory of Puducherry may prescribe.

(b) If in the opinion of the Administrator, the work or conduct of an Officer on probation is unsatisfactory or shows that the Officer is unlikely to become efficient, the Administrator may discharge the Officer forthwith or may revert the Officer to substantive post, if any.

(c) The officer who has been declared to have satisfactorily completed the period of the probation may be confirmed in the Service. If the work or conduct of the Officer has in the opinion of the Administrator been unsatifactory, the Administrator may either discharge the Officer from the Service or may extend the period of probation for such further period as the Administrator may deem fit.

(d) A person recruited on the basis of results of Civil Services Examination shall on appointment to the Service draw pay at the minimum of the Pay Matrix Level-8.

Sl. No.	Grade	Level/Pay Scale
1.	On initial appointment	Level-8 (Rs. 47,600 – 1,51,000)
2.	On fulfilling the residence requirement of 4 years	Level-10(Rs. 56,100 - 1,77,500)
3.	On fulfilling the residence requirement of 8 years	Level-11(Rs. 67,700 – 2,08,700)
4.	On fulfilling the residence requirement of 13 years	Level-12(Rs. 78,800 - 2,09,200)
5.	On fulfilling the residence requirement of 18 years	Level-13 (Rs. 1,23,100 – 2,15,900)

(e) Scales of pay :

(f) An Officer recruited on the basis of results of the Civil Services Examination shall, on appointment to the Service, draw pay in the entry grade scale of pay only :

Provided that if the Officer held a permanent post other than a tenure post in a substantive capacity prior to the Officer's appointment to the Service, the Officer's pay during the period of probation in Service shall be regulated under the provisions of sub-rule (1) of Rule 22-B of the Fundamental Rules. The pay and increments in the case of other persons appointed to the Service shall be regulated in accordance with the Fundamental Rules.

(g) Officers of the Service are eligible for promotion to posts in the senior scale of the Indian Administrative Service in accordance with the Indian Administrative Service (Appointment by Promotion) Regulations, 1955.

(h) Officers of the Service are governed by Pondicherry Civil Service Rules, 1967 and such other regulations as may be made or instruction issued by Administrator for the purpose of giving effect to those rules.

APPENDIX III

REGULATIONS RELATING TO THE MEDICAL EXAMINATION OF CANDIDATES

1. Introduction

- 1(1) Civil Services Examination (CSE) is conducted in terms of the provisions of Civil Services Examination Rules notified by Department of Personnel and Training (DoPT), Government of India. Rule 18 of these rules provides that a candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the discharge of duties as an officer of the service. A candidate, who after such Medical Examination as the Central Government or the Appointing Authority, as the case may be, may prescribe, is found not to satisfy these requirements, will not be appointed. A candidate called for the Interview/Personality Test by the Commission is required to undergo Medical Examination. Thus, Medical Examination is one of the important factors for allocation of service and therefore completion of Medical Examination in entirety as prescribed is essential for service allocation.
- 1(2) These regulations relating to the Medical Examination of candidates are published for the convenience of candidates and to help them ascertain for themselves their possessing the required medical standards. These regulations are also intended to provide guidelines to the Medical Examiners conducting the Medical Examination.
- 1(3) All notices and information relating to the Medical Examination would be posted on the dedicated web page of the DoPT and of the candidates concerned on the DoPT web site. The candidates are advised to check this webpage frequently to get up-to-date information on various matters related to Medical Examination for the CSE-2021.

2. Designated Hospitals

- 2(1) The Medical Examination shall be conducted by the Government in New Delhi in designated hospitals viz. Safdarjung Hospital, Dr. Ram Manohar Lohia Hospital, Lok Nayak Jai Prakash Narayan Hospital, Sucheta Kriplani Hospital, Guru Teg Bahadur Hospital, Deen Dayal Upadhyay Hospital, B.R. Ambedkar Hospital, Guru Nanak Eye Centre, New Delhi and AIIMS, New Delhi.
- 2(2) Any candidate may be examined in any of the designated hospitals mentioned above. The decision of the Government regarding the date and venue of Medical Examination shall be final.
- 2(3) Candidates belonging to Persons with Benchmark Disability (PwBD) category as per their application for Civil Services (Preliminary) Examination would be examined in any of the above-mentioned designated Hospitals. Benchmark Disability of candidates belonging to PwBD category would be tested and assessed by a Benchmark Disability Expert Panel (BDEP) constituted at AIIMS, New Delhi.

3. Medical Boards- Constitution & Function

- 3(1) The Central Government shall constitute Central Standing Medical Boards (CSMB) in the designated hospitals for conduct of Medical Examination of candidates in CSE-2021.
- 3(2) In case of doubt regarding health of a candidate the Chairman of the CSMB may consult a suitable Specialist in the designated hospital to decide the issue of fitness or unfitness of the candidate for Government Service e.g. if a candidate is suspected to be suffering from any mental defect or aberration, the Chairman of the Board may consult a Psychiatrist, Psychologist, etc. in the designated hospital.
- 3(3) The Central Government shall constitute Appellate Medical Board (AMB) for examination of a candidate in case of appeal against decision of CSMB at a designated hospital in Delhi other than the one in which the initial Medical Examination of the candidate was conducted. AMB will comprise of members who would generally be higher in rank and position vis-a-vis those included in Central Standing Medical Boards and the same would invariably be headed by HOD. The recommendation of AMB would be final and no appeal would lie against the opinion of AMB.
- 3(4) As AIIMS, New Delhi is the apex medical institute in the country with availability of latest technology and equipment as well as expert manpower for conducting all the benchmark disability related medical tests objectively, the Central Government shall constitute Benchmark Disability Expert Panel(s) (BDEP) in AIIMS, New Delhi, to test and assess Benchmark Disability and subsequently issue the Certificate of Disability in the prescribed form to candidates of PwBD category.
- 3(5) The Central Government shall also constitute Appellate Disability Medical Board (ADMB) at AIIMS, New Delhi for examination of PwBD candidates on their Benchmark Disability appeal against decision of BDEP. ADMB shall comprise of members who would generally be higher in rank and position vis-a-vis those included in the BDEP and the same would invariably be headed by HOD. The recommendation of ADMB would be final and no appeal would lie against its opinion.

- 3(6) The Central Government shall constitute Central Standing Medical Board (CSMB) for Transgender candidates consisting of doctors from (a) Gynaecology (b) Surgery/Urology and (c) Endocrinology at AIIMS, New Delhi to confirm the fact whether transgender person is (a) Male to Female or (b) Female to Male and also to conduct their general Medical Examination.
- 3(7) The Central Government shall also constitute Appellate Medical Board (AMB) for examination of transgender candidates on their appeal against decision of CSMB, at AIIMS, New Delhi. AMB will comprise of members who would generally be higher in rank and position vis-a-vis those included in the CSMB and the same would invariably be headed by HOD. The recommendation of AMB for transgender candidates would be final and no appeal would lie against its opinion.
- 3(8) Special Ophthalmic Panel (SOP) for eye examination shall consist of 3 Ophthalmologists, constituted by the Medical Superintendent of the hospital with the head of the Department of Ophthalmology of the Hospital or the senior most ophthalmologist as the Chairman of the SOP. The Ophthalmologist/Medical Officer who has conducted the preliminary ophthalmic examination cannot be a part of the SOP. The cases mentioned in Regulation 9(2) under Appendix-III shall be referred by the CSMB to the Special Ophthalmic Panel.

4. General Guidelines for all Candidates

4(1) Candidates will be intimated to present themselves before the Central Standing Medical Board (CSMB) constituted for the purpose of conducting Medical Examination for determination of mental and physical status and on the basis of this determination a candidate will be recommended as **fit/unfit for all services** or **temporarily unfit** or **unfit for technical services** or **unfit for police services** as mentioned in Regulation7.

4(2) Before approaching the Medical Board for Medical Examination, candidates are expected to prepare themselves well in advance to avoid any adverse consequences as per instructions detailed below:

- (i) Candidates should come fasting for 10 hours or more on the day of Medical Examination.
- (ii) Candidates should come without taking any medicine on the day of Medical Examination.
- (iii) Candidates should bring along the Spectacles/Contact Lens, if any, being used along with the prescription for the same.
- (iv) Candidates should bring along Hearing Aid being used, if any, and its latest audiometry report.
- (v) Candidates belonging to Persons with Benchmark Disability category are advised to bring along the appliances being used for disability.
- (vi) Candidates should bring along prescription for any kind of medicine being taken on regular basis.
- (vii)Candidates should bring along records of any surgical procedure undergone in the past.
- (viii) Candidates should bring along the 'Disability Certificate', if any, issued by any Disability Medical Board in the past.
- (ix) Candidates should bring along any other relevant record that they may like to bring to the notice of the Central Standing Medical Board.
- (x) Candidates will be required to make a statement as per format provided at Regulation-15 prior to Medical Examination and they must sign the Declaration appended thereto.
- (xi) Candidates should submit to the Chairman of the Medical Board ten passport size photographs with white background.

4(3) Every candidate is required to participate and cooperate with the procedure of Medical Examination as advised by the Medical Board. If advised by the Medical Board, a candidate has to be present before any other Medical Panel on a given time and date. Not appearing for the Medical Examination or leaving the Medical Examination incomplete would render a candidate liable for cancellation of candidature. The candidate should leave the Medical Examination only after obtaining a relieving letter in the prescribed format (Annexure-I) to be issued by the Chairman, CSMB or an authorized representative and is required to keep this in possession as a proof of completing the Medical Examination.

Note 1 : The decision of the Government regarding suitability of the candidate for appointment to a Service after completion of Medical Examination shall be final.

Note 2 : The onus of appearing and fully cooperating in the Medical Examination process till its completion lies solely with the candidate. A candidate must complete the Medical Examination process within the prescribed time limit or such extended time limit as may be permitted by the Government and in any case, the same is to be completed before the commencement of Medical Examination process for next CSE (i.e. CSE-2022). Failure to complete the Medical Examination process as per CSE Rules-2021 within the time schedule prescribed would render a candidate liable for cancellation of candidature.

4(4) A candidate's Medical Examination report along with the recommendations will be published on the dedicated webpage of the candidate which is accessible only to the candidate concerned through dedicated password on DoPT's website within 7 (seven) working days from the date of receipt of medical reports from the hospital by DoPT.

4(5) In case of dissatisfaction/disagreement with the report of the Medical Examination or its recommendations, the candidate may prefer an appeal online to DoPT so as to reach DoPT within 7 (seven) working days from the date of publication of medical report on the website. No appeal will be entertained beyond this time period. No fee will be charged for filing an appeal against the findings of the CSMB.

4(6) The Medical Examination by the Appellate Medical Board (AMB) would be arranged at a designated Hospital in Delhi, preferably other than the one in which previous Medical Examination was conducted. The candidate will have to be present before the AMB on the date and time indicated in the notice for the same which will be uploaded in the website on the dedicated page for the candidate concerned. No separate notice would be sent by post. Failure to appear before the AMB on the appointed day would tantamount to forfeiture of the opportunity of appeal for the candidate. No further opportunity for appeal shall be provided in such a case and the recommendation of the CSMB would be deemed as final.

4(7) A candidate's appellate Medical Examination report along with the recommendations would be published on the dedicated webpage which is accessible only to the candidate concerned through dedicated password on DoPT's website within 7 (seven) working days from the date of receipt of medical report from the hospital to DoPT. The recommendation of the AMB would be final and no appeal would lie against its opinion.

4(8) No travelling allowance or daily allowance or any kind of Boarding or Lodging allowance, etc. will be admissible for the journeys performed by the candidate in connection with the Medical Examination.

5. General Guidelines for Persons with Benchmark Disability category

- 5(1) A Candidate who suffers permanently from not less than 40 percent of relevant benchmark disability would be eligible to apply against services reserved for PwBD category. A candidate who wants to avail the benefit of reservation for PwBD category would have to apply in the prescribed format (Annexure-II) to the competent authority for issue of a 'Certificate of Disability' as per the procedure mentioned in Rights of Persons with Disabilities Rules, 2017 and related guidelines of the Government amended from time to time. Only a candidate holding such a Certificate of Disability would be eligible to apply as a PwBD category candidate for Preliminary Examination under CSE-2021.
- 5(2) The Medical Examination for the PwBD category candidates shall consist of (a) General Medical Examination ; and, (b) Examination for Benchmark Disability.
- 5(3) PwBD category candidates would be advised to present themselves for their Medical Examination under these Regulations before the Central Standing Medical Board (CSMB) of a designated hospital to be decided by Government. All such candidates would have to undergo the general Medical Examination at the designated hospital.
- 5(4) The Benchmark Disability for PwBD candidates would be tested for confirmation by a Benchmark Disability Expert Panel(BDEP) constituted at AIIMS, New Delhi. The BDEP, AIIMS New Delhi shall, after due examination, furnish in every case a Report clearly certifying the percentage of benchmark disability or any other finding.
- 5(5) CSMB will give its recommendation as per proforma in Part–D of Regulation-16 on the basis of the report of the general Medical Examination and the report of BDEP, AIIMS New Delhi as per proforma in Part–E of Regulation-16.
- 5(6) The consolidated Medical Examination Report including the recommendation of the CSMB as well would be published on the dedicated webpage which is accessible only to the candidate concerned through dedicated password on DoPT website within 7 (seven) working days from the date of receipt of medical reports from the hospital.
- 5(7) In case of dissatisfaction/disagreement with the report of the general Medical Examination or the final recommendation of CSMB, the candidate may prefer an appeal online to DoPT to reach within 7 (seven) working days from the date of publication of the consolidated Medical Examination Report on the DoPT website. No appeal will be entertained beyond this time period. No fee will be charged for filing such an appeal.
- 5(8) A Medical Examination by the Appellate Medical Board (AMB) would be arranged at a designated Hospital in Delhi, preferably other than the one in which previous general Medical Examination was conducted. The candidate will have to be present before the AMB on the date and time indicated in the notice for the same which will be uploaded on the website on the dedicated page for the candidate concerned. No separate notice by post would be sent. The opinion of this AMB would be final and no appeal would lie against its opinion.
- 5(9) Failure to appear before the AMB on the appointed day would tantamount to forfeiture of the opportunity of appeal for the candidate and the recommendation of CSMB would be deemed to be final.

- 5(10) In case of dissatisfaction/disagreement with the report of the Benchmark Disability Expert Panel (BDEP), the candidate may prefer an appeal online to DoPT to reach within 7 (seven) working days from the date of publication of the consolidated Medical Examination Report on the DoPT website. No appeal will be entertained beyond this time period. No fee will be charged for filing such an appeal.
- 5(11) Candidate filing an appeal against the report of the BDEP will be referred to Appellate Disability Medical Board (ADMB) constituted at AIIMS, New Delhi. ADMB will comprise of members who would generally be higher in rank and position vis-a-vis those included in the BDEP and the same would invariably be headed by HOD. The candidate will have to be present before this Board on the date and time indicated in the notice for the same which will be uploaded in the website on the dedicated page for the candidate concerned. No separate notice by post would be sent. The opinion of this ADMB would be final and no appeal would lie against its opinion.
- 5(12) Failure to appear before the ADMB on the appointed day would tantamount to forfeiture of the opportunity of appeal for the candidate and the recommendation of CSMB regarding Benchmark Disability would be deemed to be final.
- 5(13) The onus, to cooperate fully with and desist from non-appearance on scheduled dates or leaving incomplete the medical examination or malingering etc. before the Expert Panels and Medical Boards, shall be upon the candidates. For allocation of service, a definite finding that a candidate meets the prescribed percentage of disability equal to or more than 40% is mandatory. Conversely, the absence of a definite finding that a candidate's benchmark disability was less than 40%, either due to non-appearance on scheduled dates or leaving incomplete the medical examination or malingering etc. on part of a candidate or for any other reasons whatsoever not deemed to be valid, shall not render a candidate as eligible to be considered for allocation of service.
- 5(14) No travelling allowance or daily allowance or any kind of Boarding or Lodging allowance, etc. will be admissible for the journeys performed by the candidate in connection with the Medical Examination/s.

6. General Guidelines for Medical Examination of Transgender Candidates

- 6(1) A Central Standing Medical Board (CSMB) of doctors from (a) Gynaecology (b) Surgery/Urology and (c) Endocrinology will be formed at AIIMS, New Delhi to confirm the facts whether transgender person is (a) Male to Female or (b) Female to Male. This board's findings will be necessary to put the sex of the transgender person in the correct sub-category. All Transgender applicants will be mandatorily referred to this board.
- 6(2) General Medical Examination of Transgender candidates shall be as per the format for any other candidate.
- 6(3) Physical standards in respect of parameters like Height, Weight and Chest expansion for Transgender candidates will be those as applicable to female candidates.
- 6(4) While examining the genital region, the physical characteristics shall be examined for 'Male', 'Female' or the third category.
- 6(5) The consolidated Medical Examination Report including the recommendation of the CSMB for Transgender candidates would be published on the dedicated webpage which is accessible only to the candidates concerned through dedicated password on DoPT website within 7 (seven) working days from the date of receipt of medical reports from the hospital.
- 6(6) In case of dissatisfaction/disagreement with the report of the general Medical Examination or the final recommendation of CSMB, a candidate may prefer an appeal online to DoPT to reach within 7 (seven) working days from the date of publication of the consolidated Medical Examination Report on the DoPT website. No appeal will be entertained beyond this time period. No fee will be charged for filing such an appeal.
- 6(7) The Medical Examination by the Appellate Medical Board (AMB) for Transgender candidates would be arranged at AIIMS, New Delhi. AMB will comprise members who would generally be higher in rank and position vis-a-vis those included in the CSMB and the same would invariably be headed by HOD and the candidate will have to be present before this Board on the date and time indicated in the notice for the same which will be uploaded in the website on the dedicated page for the candidate concerned. No separate notice by post would be sent. The recommendation of this AMB would be final and no appeal would lie against its opinion.
- 6(8) Failure to appear before the AMB on the appointed day would tantamount to forfeiture of the opportunity of appeal for the candidate and the recommendation of CSMB would be deemed to be final.
- 6(9) No travelling allowance or daily allowance or any kind of Boarding or Lodging allowance, etc. will be admissible for the journeys performed in connection with the Medical Examination/s.

7. Categories of Services

The participating services of CSE-2021 have been grouped into Technical and Non-Technical categories as shown below:

A. **TECHNICAL SERVICES :** Following services are treated as Technical Services requiring special medical status in terms of vision, height, chest, chest expansion etc:-

- 1) Indian Police Service (IPS), Group-'A'
- 2) Indian Railway Protection Force Service (IRPFS), Group-'A'
- Delhi, Andaman and Nicobar Islands, Lakshadweep, Daman & Diu and Dadra & Nagar Haveli Police Service (DANIPS), Group-'B'

B. NON-TECHNICAL SERVICES :

- 1) Indian Administrative Service (IAS), Group-'A'
- 2) Indian Foreign Service (IFS), Group-'A'
- 3) Indian Audit & Accounts Service (IA & AS), Group-'A'
- 4) Indian Civil Accounts Service (ICAS), Group-'A'
- 5) Indian Corporate Law Service (ICLS), Group-'A'
- 6) Indian Defence Accounts Service (IDAS), Group-'A'
- 7) Indian Defence Estates Service (IDES), Group 'A'
- 8) Indian Information Service (IIS), Group-'A'
- 9) Indian Postal Service (IPoS), Group-'A'
- 10) Indian Post & Telecommunication Accounts and Finance Service (IP & TAFS), Group 'A'
- 11) Indian Revenue Service (Customs and Indirect Taxes) [IRS(C & IT)], Group-'A'
- 12) Indian Revenue Service (Income Tax) [IRS (IT)], Group-'A'
- 13) Indian Trade Service (ITS), Group- 'A'
- 14) Armed Forces Headquarters (AFHQ) Civil Service, Group-'B'
- 15) Delhi, Andaman and Nicobar Islands, Lakshadweep, Daman & Diu and Dadra & Nagar Haveli Civil Service (DANICS), Group-'B'
- 16) Pondicherry Civil Service (PONDICS), Group-'B'

8. General Guidelines for Medical Boards:-

- 8(1) The following general guidelines shall apply to the Medical Examination/s :
 - i. The standard of physical fitness to be adopted should make due allowance for the age and length of service, if any, of the candidate concerned.
 - ii. No candidate will be deemed qualified for admission to the Civil Service who shall not satisfy Government or Appointing Authority as the case may be that the candidate has no disease, constitutional affliction, or infirmity of body or mind, making the candidate unfit or likely to make the candidate unfit for that Service.
 - iii. It should be understood that the question of fitness involves the future as well as present and that one of the main objectives of Medical Examination/s is to secure continuous effective service, and in the case of candidates for permanent appointment, to prevent early pension or payments in case of pre-mature death. It is at the same time a question of the likelihood of continuous effective service and the rejection of a candidate need not be advised on account of the presence of a defect which in only a small proportion of cases is found to interfere with continuous effective service.
 - iv. A Lady Doctor will be co-opted as a member of the Medical Board whenever a female candidate is to be examined.
 - v. An undertaking may be obtained from every female candidate regarding her gynaecological condition whether she is suffering from any disease or is pregnant or not.
 - vi. Pelvic examination, finger examination is to be performed in symptomatic married female candidates only after written informed consent.
- vii. Ultrasonography abdomen especially pelvis for uterus and adnexa is to be done for all symptomatic female candidate if need arises.

- viii. Rectal exam is not needed for female candidates. Non-invasive test like UPT and Ultrasound abdomen and pelvis have good sensitivity and specificity to detect gynaecological and surgical condition.
 - ix. In every case where a candidate is declared unfit for appointment in the Government Service, the ground for rejection may be communicated to the candidate and a copy of the complete report may be provided to the candidate under receipt, by the DoPT.
 - x. In case where a Medical Board considers that a temporary disability disqualifying a candidate for Government Service can be cured by treatment (medical or surgical), a statement to the effect should be recorded by the Medical Board. It will be open to the DoPT to ask for another Medical Board when the temporary disability has been cured by medical or surgical treatment.
 - xi. In the case of candidate who is declared to be 'Temporarily Unfit', the period specified for re-examination should not ordinarily exceed six months at the maximum. On re-examination after the specified period, the said candidate should not be declared temporarily unfit for a further period but a final decision in regard to the candidate's fitness for appointment or otherwise should be given.
- xii. During Medical Examination, a Medical Board / Expert Panel may refer a candidate to any other Specialty Department for opinion, if required.
- xiii. For Ophthalmic conditions, candidate will be referred to Special Ophthalmic Panel (SOP).
- xiv. Final opinion will be provided by Chairman of CSMB, after taking inputs, if required, from any Specialty Department or Specialized Medical Panel on case-to-case basis.
- xv. In case a Candidate is not satisfied with the opinion of the Chairman of the CSMB, the candidate may appeal to DoPT as per laid down existing procedure.
- xvi. Report as submitted by the Chairman of the CSMB will be forwarded to DoPT by the MS of the Hospital.
- 8(2) In the matter of co-relation of age, height and chest girth of candidates, it is left to the CSMB to use as a guide the correlation figures that are considered most suitable in the examination of the candidates. If there be any disproportion with regard to height, weight and chest girth, the candidates should be hospitalized for investigation and X-ray of the chest taken and examined before a medical opinion is given regarding the candidate's fitness.
- 8(3) However, for certain services minimum standard for height and chest girth without which candidates cannot be accepted, are as follows:

Service	Gender	Height	Chest girth fully	Expansion
			expanded	
Indian Police Service-Group 'A',	Men	165 cm *	84 cm	5 cm
Indian Railway Protection Force	Women	150 cm*	79 cm	5 cm
Service (IRPFS)-Group 'A' and	Transgender	150 cm*	79 cm	5 cm
Delhi, Andaman and Nicobar				
Islands, Lakshadweep, Daman &				
Diu and Dadra & Nagar Haveli				
Police Service (DANIPS)-Group 'B'				

*The following relaxed minimum height standards in case of candidates belonging to Scheduled Tribes and to the races such as Gorkhas, Assamese, Kumaonis, Nagaland are applicable to Indian Police Service Group 'A,' Group 'B' Police Services and Group 'A' posts in Indian Railway Protection Force Service.

Men —160 cm.

Women -145 cm.

Transgender — 145 cm.

8(4) The candidate's height will be measured as follows:

The candidate will remove shoes and be placed against the standard with feet together and the weight thrown on the heels and not on the toe or other sides of the feet. The candidate will stand erect without rigidity and with heels, calves, buttocks and shoulder touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar and the height will be recorded in centimeters and parts of a centimeter equal to or more than half would be rounded off to one and less than half to zero.

8(5) The candidate's chest will be measured as follows:

The candidate will be made to stand erect with feet together and to raise arms overhead. The tape will be so adjusted around the chest that its upper edge touches the inferior angles of the shoulder blades behind and lies in the same horizontal plane when the tape is taken round the chest. The arms will then be lowered to hang loosely by the side and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the

tape. The candidate will then be directed to take a deep inspiration several times and the maximum expansion of the chest will be carefully noted and the minimum and maximum will then be recorded in centimeters viz. 84-89, 86-93etc. In recording the measurements, fractions of less than half a centimeter should be rounded off to zero and equal to or more than half to one.

Note :The height and chest of the candidates should be measured twice before coming to a final decision.

8(6) The candidate's weight will be measured as follows:

The candidate will also be weighed and the weight will be recorded in kilograms. Fractions of half a kilogram or less should be rounded off to zero and more than half a kilogram should be rounded off to one.

8(7) The candidate's eye-sight will be tested in accordance with the following rules.

- (i) The result of each test would be recorded.
 - (a) General—The candidate will be subjected to a general eye examination for detection of any disease or abnormality. The candidature will be rejected if the candidates suffers from any morbid conditions of eye, eyelids or contiguous structure of such a sort as to render or are likely at future date to render the candidate unfit for service.
 - (b) **Visual Acuity**—The examination for determining the acuteness of vision includes two tests—one for distant and the other for near vision. Each eye will be examined separately.
- (ii) There shall be no limit for maximum naked eye vision, but the naked eye vision of the candidates shall however be recorded by the CSMB or other medical authority in every case, as it will furnish the basic information in regard to the condition of the eye.
- (iii) The following standards are prescribed for distant and near vision with or without glasses for different types of services:
 - (a) The candidates who have Myopia of more than 6.00 D including spherical & cylindrical error should be referred to Special Ophthalmic Panel (SOP). The SOP will examine the candidate for degenerative changes in retina (indirect ophthalmoscopy as well as direct ophthalmoscopy) and if the macular area is healthy then the candidate should be declared fit. If the candidate is having only peripheral degenerative changes which can be treated then the candidate should be declared temporarily unfit till the candidate gets treated. However, if degenerative changes are only in periphery and require no treatment then the candidate should be declared fit.
 - (b) For cases of myopia up to 6D fundus examination should be done and if the candidate is having only peripheral degenerative changes which can be treated then the candidate should be declared temporarily unfit till the candidate gets treated. However if degenerative changes are only in periphery and require no treatment then the candidate should be declared fit. This is for both technical services and non-technical services.
- (iv) Field of Vision: The field of vision shall be tested in respect of all services by the confrontation method. When such test gives unsatisfactory or doubtful result the field of vision should be determined on the perimeter.

		(Technical Services)		(Non-techni	cal Services)
		Better eye Worse eye		Better eye	Worse eye
		(corrected vision)		(corrected vision)	
1.	Distant vision	6/6 or 6/9	6/12 or 6/9	6/6 or 6/9	6/18 to Nil or 6/12
2.	Near vision	J1**	J2**	J1**	J3 to Nil**
				J2	J2
3.	Types of corrections	Spectacles, CL and F	Refractive surgery*	Spectacles, CL and	Refractive surgery
	permitted	like Lasik, ICL, IOL	etc.	like Lasik, ICL, IOL	etc.
4.	Limits of refractive error	No limit. However	the candidates who	No limit. However,	the candidates who

		declared unfit.	declared unfit.
5.	Colour vision requirements	High Grade	Low Grade
6.	Binocular vision needed	Yes	No
7.	Squint	Unfit (due to absence of binocular vision)	Fit

* To be referred to a Special Ophthalmic Panel.

** Near vision for Railway Service IRPFS is J1 in better eye and J2 in worse eye.

(v) Night Blindness : If Night Blindness is detected on History and Fundus examination in any candidate, the candidate should be examined by the Special Ophthalmic Panel. Condition should be confirmed by Electroretinography (ERG). Night Blindness will be a ground for making a candidate 'Unfit' for Technical Services.

(vi) Colour Vision :

- (a) High Grade Colour Vision is required for IPS, Other Police Services, and IRPFS. Low Grade Colour Vision is acceptable for the other services under CSE-2021.
- (b) Colour Vision will be examined with the help of following two techniques :---
 - 1) Ishihara's Plates
 - 2) Edrige Green's Lantern technique:

Colour perception should be graded into higher and lower grade depending upon the size of aperture in the lantern as described in the table below :—

	Grade	Higher Grade Colour Perception	Lower Grade Colour Perception
1.	Distance between the lamp and candidate	16 ft	16 ft
2.	Size of aperture	1.3 mm.	13 mm.
3.	Time of exposure	5 seconds	5 seconds

(vii) Ocular condition other than visual acuity:

- (a) Any organic disease or a progressive refractive error involving the macular area of the Retina, which is likely to result in lowering visual acuity, should be considered a disqualification.
- (b) Squint: For technical services, as listed in Para 7(A) of this Appendix, where the presence of binocular vision is essential, squint should be considered a disqualification, even if the visual acuity in each eye is of the prescribed standard as shown in Table 8(7)(iv).

For non-technical services, as listed in Para 7(B) of this Appendix, the presence of squint should not be considered as a disqualification if the visual acuity is of the prescribed standards as shown in Table 8(7)(iv).

- (c) In borderline cases of sub-standard visual acuity and/or sub-normal color vision, the test will be repeated after 15 minutes by the ophthalmologist in the CSMB.
- (d) If a candidate has one eye or if a candidate has one eye which has normal vision and the other eye is ambylopic or has subnormal vision the usual effect is that the person is lacking stereoscopic vision for perception of depth. Such vision is not necessary for many civil posts. The CSMB may recommend such candidates as fit, provided the normal eye has:
 - (1) 6/6 distant vision and J1 near vision, without correction or with glasses / contact lens/ Refractive surgery like Lasik, ICL, IOL etc.
 - (2) Full field of vision.
 - (3) Normal colour vision wherever required:

Provided that the Medical Board is satisfied that the candidate can perform all the functions for the particular job in question.

- (e) The above relaxed standard of visual acuity will NOT apply to candidates for posts/services classified as "TECHNICAL" as shown in Para 7(A).
- (f) Contact Lenses : During the Ophthalmic Medical Examination of candidate, the use of contact lenses is not to be allowed except during vision testing.
- (g) It is necessary that when conducting eye test, the typed letters for distant vision should have an illumination of 15 foot-candles.

9. Guidelines for Special Ophthalmic Panel:-

- 9(1) Special Ophthalmic Panel (SOP) for eye examination shall consist of 3 Ophthalmologists, constituted by the Medical Superintendent of the Hospital with the Head of the Department of Ophthalmology of the Hospital or the senior-most Ophthalmologist as the Chairman of the SOP. The Ophthalmologist/Medical Officer who has conducted the preliminary ophthalmic examination cannot be a part of the SOP.
- 9(2) The following cases shall be referred by the CSMB to the Special Ophthalmic Panel (SOP):
- (i) Cases where the CSMB has recorded visual function within normal prescribed limits but suspects a disease of progressive and organic nature, which is likely to cause damage to the visual function.
- (ii) All cases of any type of surgery on eyes, IOL, refractive corneal surgery, doubtful cases of colour defect.
- (iii) Cases where a candidate is found to be having high myopia that is more than 6.00D including spherical and cylindrical error.
- (iv) Borderline cases of sub-standard visual acuity and/or sub-normal colour vision, where doubt remains even after repeating the test as in 8(7)(vii)(c).
- (v) The examination by the SOP should preferably be done on the same day. Whenever it is not possible to convene the SOP on the day of the Medical Examination by the CSMB, the SOP may be convened at an earliest possible date thereafter.
- (vi) SOP may carry out such detailed investigations as it may deem necessary for arriving at its decision.
- (vii) The CSMB's report may not be deemed as complete unless it includes the findings of the SOP for all such cases which are referred to the SOP.

10. Blood pressure

- 10(1) As a general rule any systolic pressure over 140 mmHg. and diastolic over 90 mmHg. should be regarded as suspicious and the candidate should be re-assessed by the Board before giving their final opinion regarding the candidate's fitness or otherwise. The re-assessment report should indicate whether the rise in blood pressure is of (i)a transient nature due to excitement etc. or of (ii) a sustained nature due to any organic disease. In the case of (ii), X-ray Chest, ECG, Echocardiography, Haemogram, Fundoscopy, Lipid Profile, KFT, Serum Electrolytes and urine tests, etc. should be done for evaluation of micro and macro vascular complications. If the CSMB feels necessary, further specific tests can be done. Such candidates will be declared 'Fit' only if they are free from any complication of Hypertension.
- 10(2) Method of taking Blood Pressure: Standard ISI marked BP instrument should be used as a rule. The measurement should not be taken within fifteen minutes of any exercise or excitement. Provided the patient and particularly the patient's arm is relaxed, the patient may be either lying or sitting. The arm is supported comfortably at the patient's side in a more or less horizontal position. The arm should be freed from the cloth to the shoulder. The cuff completely deflated should be applied with the middle of the rubber over the inner side of the arm and its lower edge an inch or two above the bend of the elbow. The following returns of cloth bandage should spread evenly over the bag to avoid bulging during inflation.
- 10(3) The brachial artery is located by palpation at the bend of the elbow and the stethoscope is then applied lightly and centrally over it below but not in contact with the cuff. The cuff is inflated to about 200 mm Hg. and then slowly deflated. The level at which soft successive sounds are heard, represents the Systolic Pressure. When more air is allowed to escape, the sound will be heard to increase in intensity. The level at which the well-heard clear sound changes to soft muffed fading sounds represents the diastolic pressure. The measurements should be taken in a fairly brief period of time as prolonged pressure of the cuff is irritating to the patient and will vitiate the reading. Rechecking if necessary should be done only a few minutes after complete deflation of the cuff. Sometimes as the cuff is deflated sounds are heard at a certain level, they may disappear as pressure falls and reappear at a still lower level. This silent gap may cause error in readings.

11. Diabetes Mellitus

- 11(1) All candidates should have
 - (a) normal fasting blood sugar (after 8-10 hours of overnight fasting)
 - (b) normal values of HbA1C.

- 11(2) Candidates having been declared Diabetic (as per blood report) shall be made temporarily unfit and shall be reassessed after 03 (three) months for control of Diabetes and evaluation of micro and macro vascular complications of Diabetes Mellitus. This reassessment should be completed within 6(six) months of initial assessment.
- 11(3) Candidates will be declared 'Fit' only if the candidate is free from any complication of Diabetes Mellitus.

12. Candidate's hearing ability

12(1) The candidate's hearing in each ear should be good and there should be no sign of disease of the ear. In case it is defective, the candidate should be examined by the ear specialist; provided that if the defect in hearing is remediable by operation or by use of a hearing aid, a candidate cannot be declared unfit on that account provided the candidate has no progressive disease in the ear. This provision is not applicable in the case of Railway Services.

(1)	Marked or total deafness in one ear, other ear being normal.	Fit for non-technical jobs if the deafness is up to 30 Decibel in higher frequency.
(2)	Perceptive deafness in both ears in which some improvement is possible by a hearing aid.	Fit in respect of both technical and non-technical jobs if the deafness is up to30Decibelinspeechfrequenciesof1000-4000 Hz.
(3)	Perforation of tympanic membrane of central or marginal type.	(i) One ear normal other ear perforation of tympanic membrane present - Temporarily unfit. Under improved conditions of Ear Surgery, a candidate with marginal or other perforation in both ears should be given a chance by declaring the candidate temporarily unfit and then the candidate may be considered under4(ii) below.
		(ii) In candidates where Marginal or attic perforation is present in both ears, if after operation hearing improves to serviceable level (up to 30 dB air conduction threshold in speech frequencies i.e. 1000-4000 Hz in the better ear with or without hearing aid) they should be declared 'Fit'.
		(iii) Central perforation both ears—Temporarily Unfit.
(4)	Ears with mastoid cavity sub- normal hearing on one side/on both sides.	(i) Either ear normal hearing, other ear mastoid cavity—Fit for both technical and non-technical jobs.
		(ii) Candidates having Mastoid cavity in both sides having serviceable hearing even in one ear, with or without hearing aid, should be declared 'Fit' for non- technical services.
(5)	Persistently discharging ear operated/un-operated	Fit only for non-technical services if hearing is serviceable.
(6)	Chronic Inflammatory conditions of tonsils and/or Larynx.	Hoarseness of voice of severe degree if present then Temporarily unfit*
(7)	Benign or locally Malignant tumours of the E.N.T.	(i) Benign tumours—Fit
		(ii) Malignant Tumours—To be decided on case-to-case basis depending on site and stage of the tumour.
(8)	Otosclerosis	If the hearing is within 30 Decibels after operation or with the help of hearing aid—Fit.
(9)	Congenital defects of ear, nose or	(i) If not interfering with functions—Fit.
	throat.	(ii) Stuttering of severe degree—Unfit.**
(11)	Nasal polyp	Fit.
L		

12(2) The following are the guidelines for the Medical Examination in this regard :----

*Hoarseness of voice can be tested subjectively by Speech Language Pathologist with the help of Consensus Auditory Perceptual Evaluation of Voice (CAPE-V) and objectively, if required by Dr. Speech/Vaghmi/Computerised Speech Lab (CSL)/Harmonic to Noise (H/N) ratio/Glottogram etc.

**Stuttering can be tested subjectively by Speech Language Pathologist and if required, objectively by Percent dysfluency (syllable, word, phrase repetitions) and duration of dysfluency.

13. Pregnancy:

All candidates with pregnancy shall be declared fit to join, provided pregnancy is less than 12 (Twelve) weeks. Candidates with pregnancy of more than 12 weeks shall be declared 'Temporarily Unfit' till delivery and fitness to join shall be reassessed by Medical Board after delivery.

14. The following additional points should be observed:

- (i) that teeth of the candidate are in good order and that the candidate is provided with dentures where necessary for effective mastication (well filled teeth will be considered as sound);
- (ii) that the chest is well-formed and chest expansion is sufficient and that the heart and lungs are sound;
- (iii) that there is no evidence of any abdominal disease;
- (iv) that the candidate's limbs, hands and feet are well formed and developed and that there is free and perfect motion of all joints;
- (v) that there is no congenital malformation or defect;
- (vi) that the candidate does not bear traces of acute or chronic disease pointing to an impaired constitution;
- (vii) that the candidate bears marks of efficient vaccination;
- (viii) that the candidate is free from communicable disease.
- (ix) Grade-I Haemorrhoids should be declared 'Fit'.
- (x) Absence of one Testis in the scrotum should be declared 'Fit'. However, possibility of undescended testis is to be ruled out.
- (xi) Candidates with varicose veins shall be declared 'Temporarily Unfit' and shall be declared 'Fit' after successful treatment of the disease.
- (xii) Diseases such as Hernia, Hydrocele, Haemorrhoids etc, which can be cured by surgical means should be declared only 'Temporarily Unfit' and should be declared 'Fit' after successful surgery.
- (xiii) All candidates with malignancies detected at the time of entry into service should be declared 'Unfit'.
- (xiv) Organ Transplants.
 - (a) Donor shall be declared fit after obtaining a fitness certificate from a committee of Nephrologist/Urologist or specialist of concerned specialty after a period of 06 (six) weeks.
 - (b) Recipients in such organ transplant cases shall be declared unfit.

15. Candidate's Declaration:

The Candidate must make the declaration as prescribed below, prior to the Medical Examination and must sign the Declaration appended thereto. The candidate's attention is specially invited to the warning contained in the Note below at S. No. 11:

DECLARATION BY CANDIDATE

- 1. Name in full (in block letters as provided in the application for CSE)
- 2. Date of birth, Age and place of birth
- -----
- 3 (a) Do you belong to the Scheduled Tribe? Yes/No

(b) Do you belong to races such as Gorkhas, Kumaonis, Assamese, Nagaland. Answer 'Yes' or 'No'. If the answer is 'Yes' state the name of the race.....

4. Have you ever undergone any Refractive / Ocular surgery? Yes/No

(i) If answer is "Yes", what type of surgery and when?

5. Have you ever had any prolonged illness or accident requiring hospitalization? Yes/No

(i) If answer to above is yes, give details

6. When were you last vaccinated?

7. Have you ever suffered from Hypertension, Diabetes Mellitus, Tuberculosis, HIV, any form of convulsions/seizures (fits) or prolonged breathlessness? Yes/No.

(i) If answer to above is yes, give details

8. Are you pregnant? Yes/No

(i) If answer to above is yes, please mention the date of LMP

9. Furnish the following particulars concerning your family:-

Father's age and state of health(if living)	Father's age at death and cause of death	No. of brothers living and their age and state of health	No. of brothers dead, their age, and causes of death
1	2	3	4
1.			
2.			
3.			
	•		
Mother's age and state health (if living)	Mother's age at death and cause of death	No. of sisters living and their age and state of health	No. of sisters dead, their age, and causes of death
1	2	3	4
1.			
2.			
3.			

10. Have you been examined by a Medical Board before?

(i) If answer to the above is "Yes", please state what service/services you were examined for?

- (ii) Who was the examining authority?
- (iii) When and where was the Medical Board held?
- (iv) Result of the Medical Board's examination if communicated to you or if known.

11. The above information, to the best of my knowledge and belief, is true and correct and I shall be liable for action under any relevant law for the time being in force for any material infirmity in the information furnished by me or suppression of relevant material information. The furnishing of false information or suppression of any factual information would be a disqualification and is likely to render me unfit for employment under the Government. If the fact that false information has been furnished or that there has been suppression of any factual information comes to notice at any time during my service, my services would be liable to be terminated.

	Hernia		
	(a) Palpable LiverSpleen		
	KidneysMass		
	HermorrhoidsFistula		
11.	Nervous System : Indication of nervous or mental disabilities		
12.	Loco Motor System :		
	Any abnormality		
13.	Genitourinary system :		
	Any evidence of Hydrocele, Varicocele etc. (for males)		
	Date of LMP (for females)		
	Pelvic Examination (for married females)		
14.	Is there anything in the health of the candidate likely to render the candidate unfit for the efficient discharge of duties in the service:-		
Desc	cription of the Defect :		
Opir	nion of Medical board :		
15.	Investigations:		
	(i) Blood Sugar Fasting		
	(ii) HbA1C		
	(iii) Chest X-Ray Examination		
	(iv) Urine Analysis :		
	(a) Physical appearance		
	(b) Sp Gr		
	(c) Albumen		
	(d) Sugar		
	(e) Casts		
	(f) Cells		
	(g) Pregnancy test (for married females)		
	(h) Findings about blood test and other parameters to be mentioned?		

For special investigations advised for any particular candidate a table as suggested below may be added :

S. No.	Investigation	Result

Special recordings will be part of Medical Board's Report and annexures are not advisable.

PART -C :

Examination of Persons with Benchmark Disability Candidate by Central Standing Medical Board for various types of disabilities mentioned in Appendix IV of CSE Rules 2021.

Examination of (.....*) Candidate

Sl. No.	Parameters	Calculation of % age of disability	Overall % age of disability

Note: *In the blank space shown above, the type of disability of Candidate is to be written by the CSMB

PART-D:

Recommendation of the Board :---

1. The candidate is "fit for all services" (in case with special exemptions for height, expansion of chest etc, pl specify the reason).

II.	The candidate is "unfit for all services" (please give specific reasons) (a)
	(b)
•••••	(c)
III.	The candidate is "unfit" for specific/all technical services (please give reasons). (a)
•••••	(b)
	(c)
IV. spec	The candidate is "temporarily unfit" for all services/specific or all technical services (please give reasons ific to recommendation) (a)
	(b)

Note 1: The candidate is advised to report to DoPT after correction of their conditions as mentioned above after the expiry of scheduled timeframe without fail for re-evaluation of the specific condition. The maximum time provided for any correction cannot be more than 24 weeks under any circumstances. Candidates not reporting within the indicated time are liable to be declared "unfit" on medical grounds.
